## Vehicle burglars and pellet gun vandals arrested

One adult from Lewisville, Mason Tylor Pierce and three teenagers from Sanger, ages 15, 14 and 12 were arrested over the weekend. They are the suspects that have been terrorizing Sanger residents, shooting out vehicle windows with a pellet gun and burglarizing them. They also shot six times into a bedroom window on 5th street where a 90 year old man was sleeping last week.

It started last week when they stole a white Dodge truck in Sanger and went on the rampage. They shot out the windows of three vehicles on 5th Street in Sanger, one on Austin Street and another on 10th Street. This happened around 5:30 a.m., Tuesday, July 13. The suspects shot at numerous vehicles in rural areas, as well and burglarizing them.

Before that, they drove the truck to Little Elm and were chased by Little Elm police, but got away. Then, the truck was recovered in Sanger on First Street and returned to the owner, according to interim Sanger Police Chief Jonathan Perkins.

The four suspects still

had the keys and went back to steal the white Dodge truck again, this past Saturday night. A white Chevrolet Malibu car was cruising close to where the first white Dodge truck was stolen and it was noticed by a concerned citizen that two young men were making their way back to the stolen truck. The citizen and friend of the truck owner approached the subjects at gunpoint and the Sanger Police Department were called. Two others that did not exit the white Malibu tried to run over the citizen and he let out a shot at the approaching car, it missed and sped away. The subjects were held at gunpoint until law enforcement arrived. They named the driver to police, who was Pierce. He was met at his house and arrested. The teens on site were also arrested and taken into custody. At least one gun was found on them and the keys to the truck, as they intended to steal it once again.

Perkins said he was glad there were extra officers (eight) on patrol Saturday night.

The gun was more

than a pellet gun, it was a stolen firearm from a burglary of a vehicle in Sable Creek. In the execution of the search warrant, Sanger Police recovered stolen items that the burglary victims didn't know were missing until police contacted them.

The suspects burglarized several Sanger vehicles that were left unlocked.

Pierce bonded out of Denton County Jail and, as of Wednesday, the three teens were still in Denton County Juvenile Detention Center. It is up to the Judge to decide when the parents can pick them up.

Perkins said there is still a lot of work to be

done on the case, but he is confident these four suspects were the ones burglarizing all the vehicles. He said the Sanger Police Department is in close contact with the Denton County DA's office and Juvenile DA's to come up with the best course of action, so these kids don't do this again in the future.

Perkins confirmed a total of five vehicles were stolen by these four. He couldn't go into more detail, but it involves multiple cities. One of the vehicles was burned, and neighborhood surveillance video shows the suspects in the white Malibu, following one of the stolen vehicles in Fort Worth.

One of three vehicle windows shot out at a residents home on Fifth Street last week.

18 year old Mason Tylor Pierce is charged with ABANDON ENDANGER CHILD IMMINENT DANGER BODILY INJURY; AGG ASSAULT W/DEADLY WEAPON; AGG ROBBERY; TAMPER/FABRICATE PHYS EVID W/INTENT TO IMPAIR.

in her young life. After graduating from high school in San Luis Obispo, California, she moved to Fresno, California where she entered college for secretarial training. While in college, she met her future husband, who was stationed at Castle Air Force Base in Merced, California. After marriage, she and her husband lived near Atwater, California. The Lord blessed them with two beautiful daughters.

After her husband was discharged from the Air Force, Rosalie and Floyd moved their family to Dallas, Texas. She and her husband attended the Arlington Baptist College, in Arlington, Texas. After graduating from College, Rosalie and her husband moved their family to Wooster, Ohio, where he pastored the Wooster Baptist Temple for 46 years, and she worked as his secretary. She and her husband both retired in 2018 and moved to Sanger, Texas.

Rosalie was a dedicated Christian who cared for her family and served her Lord faithfully. Her life is summed up by the writer of Proverbs, when he said, "Who can find a virtuous woman? For her price is far above rubies. The heart of her husband doth safely trust in her, so that he shall have no need of spoil. She will do him good and not evil all the days of her life. Her children arise up, and call her blessed; her husband also, praiseth her. Favor is deceitful, and beauty is vain: but a woman that feareth the LORD, she shall be praised."

Financial FOCUS

By Allen Chick, Edward Jones

THE NEW RETIREMENT

Once you retire, what can you expect from your life? You might be surprised by the things that current retirees are saying about their lifestyles, priorities, relationships and hopes for the future. And you also might find this knowledge quite helpful as you prepare for the day when you become a retiree.

First of all, retirement today is far different – and potentially far more rewarding – than was the case a generation or so ago. Of course, people are living longer now, but the new retirement environment isn't just about longevity – it's also about using one's time in a meaningful way, deepening connections with family and contributing to communities. All these capabilities fit into a framework of four key “pillars”: health, family, purpose and finance, described in a study by Edward Jones and Age Wave called Four Pillars of the New Retirement: What a Difference a Year Makes, which also looks at how attitudes and opinions have changed during the COVID-19 pandemic. Among the study's findings is a piece of good news: 76% of Americans credit the pandemic with causing them to refocus on what's most important in life.

And one important element in the life of retirees is, not surprisingly, their optimal well-being in their retirement years. The overwhelming majority of retirees say that all four pillars are essential to this well-being. Let's look at these pillars and see what you can do to support them:

Having good physical/mental health – Health care and long-term care costs are the greatest financial worries in retirement, according to the Four Pillars study. A financial advisor can recommend

ways of addressing these expenses, but you can also take familiar steps, such as getting regular exercise and following a well-balanced diet, to maintain and improve your health.

Having family and friends that care about me – Retirees say that the top contributor to their identity in retirement is their relationships with loved ones, again according to the Four Pillars study. Clearly, it's important to keep up your relationships with family and friends, before and after you're retired.

Having a sense of purpose in life – Those with a higher sense of purpose have better overall health, greater cognitive functioning, higher life satisfaction, increased mobility/ functioning and longer lifespans, according to the Four Pillars report, citing research from the International Journal of Aging and Human Development. So, by volunteering and getting involved in community activities, you'll not only be helping others, but also yourself.

Being financially secure – During the pandemic, retirees fared better than other demographic groups because they had stronger financial safety nets, including Social Security, Medicare and a high degree of home ownership. Still, just 56% of men and 40% of women are confident about their retirement savings, according to the Four Pillars survey. So, if you haven't yet retired, you'll still want to bolster your finances by contributing as much as you can to your investment accounts. And once you do retire, you'll want to make sure you don't take too much from these accounts too soon, helping you avoid the risk of outliving your money.

As you can see, it's important to take a holistic approach to retirement in the 21st century. And when you do, you can find your days as a retiree to be greatly fulfilling.

## Sanger Indian Football

# BREAKFAST PROGRAM

The Sanger Indian Football Program would like to invite any interested adult male in Sanger, TX to be a mentor to a Sanger Indian Football Player through our Big Chief Program. This is a great opportunity for community members to be involved with our Football Program, and connect community members with our athletic program.

Every game day this fall beginning on August 27th (10 Fridays and the playoffs which could be a Thursday, Friday, or Saturday) The Big Chiefs and the Sanger Indians will have breakfast together, fellowship, and listen to a speaker. The event will last from 7:00 to approximately 7:40 AM.

#### Additional information:

The purpose of this program is to provide our young men with a mentor other than their parents, teachers, and coaches. We feel that this is an opportunity for our young men to receive positive support to help facilitate success for them academically and athletically.

What we will ask of our Big Chiefs:

\*Bring breakfast for you and your Indian at least.

\*Contact your Indian 2-3 times a week throughout the season to provide encouragement for them academically, socially, and athletically. This can be done through text, email, a phone call, or come watch them at practice.

\* At the end of the breakfast we will provide a form for you to write a word of encouragement that we will give the athletes after school to encourage them before their game.

Please email Coach Smart if you are interested in being a Big Chief!

## Project for Downtown Bolivar Street Buildings in Sanger

The City of Sanger, in conjunction with the Sanger Chamber of Commerce and Sanger Area Historical Society, are currently seeking information about former downtown businesses on Bolivar Street from 2nd Street to 5th Street, both south and north sides of the street.

A list has been developed of the businesses from as far back as historical data is housed at the

Sanger Area Historical Society Museum, and many people in Sanger have been contacted to update the listing to current day. This historical data is to be used in the downtown area buildings, and reaching out to the public for additional data is needed. The 1970s to current day for these buildings are the main focus as there have been many businesses over these years located in downtown Sanger, and although many have been identified, the public's assistance is needed to gather complete information.

If you have knowledge any businesses in downtown, and would like to participate in the

project, please provide a list identifying the current building (and perhaps the business currently housed in that location so more easily identified) and the businesses that were previously located in that particular building. Send your information to SAHS, PO Box 245, Sanger, Texas 76266, or email to Tona Batis at tonapay7@msn.com. July 31, 2021 is the cut-off date for the submission of business names.

Your participation in this endeavor is greatly appreciated and the final product in downtown Sanger buildings will be available in the near future.

Proud Supporters of our Schools and Community.
