## TMS will host Class of 2020 Commencement Ceremonies for all Denton County H.S. graduates

Last Friday, Superintendents across Denton County announced their plan to host their respective, individual high school Commencement Ceremonies in partnership with Texas Motor Speedway (TMS) to ensure all graduates at one of their 23 high schools participate in a "unique opportunity" to receive their diplomas.

During the ceremony, graduates will accept their diploma in-person on "Victory Lane" providing a memorable ending to a senior year filled with uncertain times. Event details, including the specific dates and times of each commencement, will be announced by each Denton County high school.

Sanger High School seniors will graduate May 19th at 8 p.m., at TMS. All school districts in Denton County will celebrate at TMS including Aubrey ISD; Argyle ISD; Denton ISD; Krum ISD; Lake Dallas ISD; Lewisville ISD; Little Elm ISD; Northwest ISD; Pilot Point ISD; Ponder ISD; Sanger ISD and Westlake Academy.

"We were glad to be able to provide some ideas to our area superintendents on how in-person graduation ceremonies can continue," said Denton County Judge Andy Eads.

"We know this is an important rite of passage

for our Denton County seniors and their families."

The large venue allows for the schools to host their ceremonies on, or near, their original dates in mid to late May and comply with recommended social distancing practices.

Parents and family members who attend will be asked to remain in their vehicles to watch the ceremony live while parked in the TMS infield. Family members who are in high risk categories for contracting COVID-19, or who are currently quarantined, are asked to remain at home and watch via Livestream.

thanks and appreciation for this program must go to Judge Andy Eads and his staff for their significant efforts in making this idea come to fruition in what was really a very short amount of time," said Eddie Gossage, President and General Manager of Texas Motor Speedway. "A high school graduation ceremony is such an important achievement and lifelong memory for students as well as their families and friends. We are honored by the opportunity to support each and every Denton County high school graduate as best we can in these difficult times."

Texas Motor Speedway will project the Commencement Ceremony on "Big Hoss," a 12-story, 218-foot-wide video board

to ensure that every graduate is seen by those in attendance, both in-person and virtually. Graduates, wearing academic regalia in addition to masks, will walk across a staging area to receive their diploma.

The diploma presentation will be "hands-free" and respect the social distancing guidelines outlined by Denton County Health Services.

"We are excited to be a part of this wonderful opportunity at Texas Motor Speedway (TMS). In conjunction with all Denton County School Districts, we will be moving our graduation to TMS, which will allow our seniors to have a memorable graduating ceremony," said Sanger ISD Superin-

## City announces opening of Public Lobby Areas and other Facilities on May 11

On Thursday, April 30, Mayor Thomas Muir signed a revised declaration of local disaster for public health emergency due to COVID-19 (Coronavirus) in the City of Sanger. This declaration aligns the City with the Governor's Open Texas plan, which took effect May 1, 2020 and the most recent Executive Order Amendment issued by Denton County Judge Andy Eads on April 28, 2020. The revised declaration went in effect immediately and will continue until seven days from the date of this revised declaration unless continued or renewed by City Council.

The City also announced the opening of Public Lobby Areas and other facilities. See below:

### City of Sanger Reopening Schedule

The following PUBLIC LOBBY AREAS are tentatively scheduled to reopen on Monday, May 11:

- City Hall (502 Elm St)
  - Police (209 N. 5th)
  - Municipal Court (309 N. 3rd St)
- Per the guidelines of the Office of Court Administration (OCA), all

in-person court proceedings have been delayed until June 1, 2020.

- Development Services (201 Bolivar St)
- Economic Development (201 Bolivar St)
- Electric (202 Railroad Ave)
- Public Works (201 Bolivar St)

### Other Facilities and Programs:

Sanger Public Library will begin curbside pick-up on Monday, May 11

Park Trails and Green Spaces will continue to be open. Park visitors must maintain social distancing guidelines of 6 ft. at all times.

All City-sponsored events and programs continue to be suspended until further notice.

Facility and room rentals continue to be suspended until further notice. This includes the Community Center, Presbyterian Church, and Park Pavilions.

Playgrounds and the Splash Pad continue to be closed at this time. Reopening date is to be determined.

Sullivan Senior Center continues to remain closed until further notice.

## Financial FOCUS

By Allen Chick,  
Edward Jones

### Why Should You See a Financial Advisor?

The social distancing and stay-at-home orders necessitated by the coronavirus have led many of us to feel isolated. Still, we've fought back through social media, "virtual" gatherings and walks in the neighborhood, where we could greet friends and neighbors (from 6 feet away). But when you're dealing with the financial effects of the virus and you're investing alone, you could encounter some problems that may prove costly.

Of course, with so much investment-related information available online, on television and in any number of periodicals, it's not surprising that some people feel they can invest without any assistance. But the volatility of

the financial markets over the past few months has also pointed to the dangers of going solo in the investment world. And you might find that a professional financial advisor can help you in several ways, including the following:

Taking emotions out of investing. During this period of market turbulence, many self-guided investors are letting their emotions drive their investment decisions. As a result, they sell investments when their price is down, "locking in" their losses. Furthermore, if they then stay out of the financial markets, they will miss out on the eventual recovery – and some of the biggest gains in market rallies usually occur right at the beginning. But if you work with a financial advisor who has helped you develop a personalized investment strategy based on your goals, risk tolerance and time horizon, you will be far less likely to react to extreme market conditions by making ill-advised decisions.

Maintaining perspective. When you're putting away money for the future and you suddenly have a lot less of it, you might start to wonder if that future is somehow in jeopardy. But if you've been working with a financial advisor and following your investment strategy, you'll know that you don't have to immediately cash out those investments that have lost value, and you may not need to liquidate them for decades if they were designed for a long-term goal, such as retirement. By the time you do need to sell them, their value may well have appreciated significantly. And

if you've got a well-constructed portfolio, you'll also own shorter-term, less volatile investments to help meet your current cash flow needs.

Understanding the history of investing. The recent market instability is unique in the sense that its cause – a worldwide pandemic – is so highly unusual, and it hopefully will be a once-in-a-lifetime experience. Typically, prolonged market downturns are triggered by explainable financial or economic factors, such as the bursting of the "dot-com" bubble in 2000. However, market drops of 20 percent or more – generally

referred to as bear markets – are not at all unusual and have happened every few years over the past several decades. Financial advisors are well aware of this history and share it with their clients. And for many people, the knowledge that "we've been here before" is reassuring and makes it easier for them to continue following their investment strategies.

The road to your financial goals is a long one, with many twists and turns. So you might like to have some experienced company along the way.

Lubbers of Denison, TX, daughter in law Rochelle (Ulrich) Mote of OKC; brother in law Dean Warkentin of Beaver, OK and Sis in law Dorothy Hoover of Goddard, KS. One sister Peggy Ann (Hoover) Cox of OKC. 14 Grandchildren, Sue Ann (Mote) Smith and husband James "Bo" of Guymon, OK, Care DE' Nay (Forrest) Freeman of OKC, Ty Ruel Mote and wife Mitsziko of Edmond, OK, Kari Dawn (Mote) Wyatt and husband Clay of OKC, Bobbie Lee (Mote) Trevizo and husband Manny of Denison, TX, Stephanie Jo (Forrest) Gash of Andover, KS, Melissa Pauls of New Jersey, Tiffany (Mote) King and husband Jeremy of Abilene, TX, Terri Michelle (Mote) Inglish and husband Kenny of Mustang, OK, Julie Nicole Pauls of New Jersey, Jerica Mote of Sanger, TX, Jimmie Sue (Johnson) Seacat and husband Justin of Winfield, KS, Whitney (Shaffer) Hickenbottom and husband Marcus of Winfield, KS. Tomi Angel (Mote) Clayton and husband Ryan of Enid, OK.

Karen has many Great-Grandchildren, nieces, and nephews, all of which were a delight to her and too numerous to mention.

Karen was the baby and 10th child born to Elza and Elsie Hoover in 1939 at Elmwood, OK. She married Lester (Bob) Mote in 1954 and they had 4 children during their marriage. She married Jerry Pauls in 1975 in Beaver, Oklahoma, and became stepmother to his two sons. During Karen's life, she worked many years in cafe's and was a bookkeeper for a couple of construction/oil and gas businesses. She worked for the cable office for many years and truly enjoyed her job as a manager until she retired. She spent her life not only raising her children but, being a second Mom to grandchildren and great-grandchildren. She loved family, "pretty things", sitting on her patio watching the birds, gardening, embroidery, and was probably the best cook in the panhandle of Oklahoma. She used to love to go dancing and spending time with friends and family listening to music. She was a member of the American Legion in Beaver, OK for a long time, and was active for some time with the Senior Citizens in Denton and went on a couple of the trips with the groups. She played Canasta on Fridays at different locations with the seniors. Karen loved music and would listen to classical music while driving and when she would be ironing. Karen preferred to be at home with her family around her, making sure that no one left hungry or without a hug and an "I love you".

## SHS Graduation

(Continued from pg. 1)

tendent Dr. Tommy Hunter. “It has allowed us to move our graduation time and date back to the originally scheduled date of May 19, 2020 at 8:00 p.m.

In these uncertain times COVID-19 has presented, we were unsure if any graduation plans were going to be approved by State Officials. Judge Eads played an instrumental role in connecting county school districts with Texas Motor Speedway allowing our graduation plans to resume.”

SHS Principal Mrs. Flaa will release more detailed information for the graduating students, parents and families. “We apologize for the short notice, but feel this decision will give our seniors a graduation to remember, as their senior year was greatly disrupted by COVID-19. Thank you for your understanding and continued support for our school district,” said Dr. Hunter.

Texas Motor Speedway, 3545 Lone Star Circle, is a NASCAR speedway located in the northernmost portion of the city of Fort Worth but located in Denton County.

### Meat Packing Plants in the News

BY Zach A Davis – Texas A&M AgriLife Extension

The agriculture sector has been in the news quite a bit the past few weeks focusing on everything from processing plant closures to federal aid to farmers. It seems like the narrative changes daily. Trump declared processing plants essential infrastructure via Defense Production Act. Plants must remain open providing a safe and steady food supply to the American public. Under the order, the government will provide PPE to plants and give guidance on worker safety via the Centers for Disease Control and Prevention (CDC) and Occupational Safety and Health Administration (OSHA). The President has cited liability as part of the reason for using the executive order but did not further clarify.

In the past few weeks over eight plants in the Midwest have closed. Outbreaks among plant workers was the reason for the closures. JBS, Tyson, and Smithfield had a majority of the closures. More than 150 of America's largest meat processing plants operate in counties where the rate of COVID-19 infection is already among the nation's highest. Right now, we have at least 2,200 workers at 48 plants that have been infected. Meat processing companies have a restaurant line and a grocery line. With the restaurants closed, the companies have shifted those supplies of frozen meats to the grocery stores. Before the executive order, it was fresh meat that was likely going to be a challenge in the next few weeks. Pork appeared to be the most in danger of facing shortages as frozen storage of pork decreased the most last month while beef in warehouse freezers was actually up 2%.

United Food and Commercial Workers International Union (UFCW) released a statement on April 29th asking for additional safety protocols and more PPE for workers. The National Cattlemen's Beef Association thanked President Trump for the executive order in correcting a problem with supply chain disruptions. Some consumer concerns over supply plants could be related to contaminated meat but according to the Food and Drug Administration, Deputy Commissioner for Food Policy, Frank Yiannas, "There is NO evidence of food or food packaging being associated with transmission of COVID-19. The virus that causes COVID-19 causes respiratory illnesses and is much more likely to be spread through person-to-person transmission."

When storing meat products remember to refrigerate or freeze meat as soon as possible after purchasing. Ground meat can be stored fresh in the refrigerator for one to two days and in the freezer for 3-6 months. Poultry can be stored fresh for 1-2 days or frozen 3-9 months depending on the cut. Your refrigerator should be 35-40 degrees Fahrenheit and your freezer should be 0 degrees Fahrenheit.
