VOLUME 6, NO. 16 **50¢** 412 Bolivar Street, PO Box 250 Sanger, Texas 76266 Friday, February 23, 2018

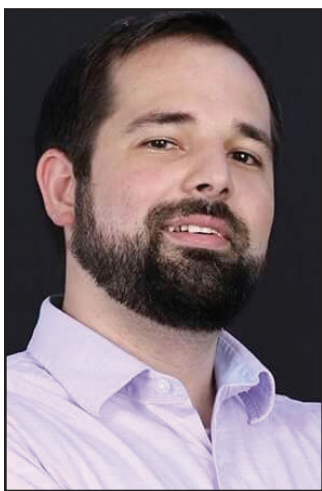

Ice in the trees and bushes in Sanger Wednesday morning looked like a post card, but as more rain froze, it did a lot of damage in the afternoon. Several tree branches fell from the extra weight throughout the Sanger area. These pictures are from the Hillcrest Street in town. See more pictures on page 6.

First Mayoral race in eight years, Surles runs for Muir's position

Incumbent Thomas Muir has filed to run for another term as City of Sanger Mayor, but he'll face opposition this year, as Phillip Surles has also filed for the seat. This marks the first election for Mayor in eight years. The deadline to file was Friday for Mayor, City Council and School Board.

"As the current Mayor, I appreciate the opportunity to serve and make a positive contribution to the long-term future of our community. The betterment

Phillip Surles

of our community carries a high personal priority," said Muir. "Consequently, I give heavy weight and commitment to the decisions we face as a city council, including those decisions that have immediate impact and those that set the strategic direction of the City.

"Sanger is blessed and I have personally been blessed to serve alongside excellent city council members, city staff, and city boards over my years of service. All of these individuals show simi-

lar commitment to our community," Muir said. "Many of them have been long-time residents and I believe all of them have the community at the heart of their motivation. This is what makes the Sanger community truly unique."

Surles is currently on the Sanger Planning and Zoning Board. "I am a loving husband to Ashley Surles, and proud father of two sons ages 2 and 1," Surles, who is originally from Red Oak, Texas, said. "I have

lived in Sanger since April 2015, I love our town and I'm excited to see it continue to grow."

In 2013, he graduated from DeVry University with a Bachelor of Science in Technical Management with a concentration in Accounting. In 2016, he changed careers from accounting to commercial real estate brokerage with KW Commercial.

KIM KOMANDO Q&A

10 Must-Have Apps For Your Phone

A new app is like candy: It's fun, bite-sized, and gives you a rush. Whether you prefer the iTunes App Store or Google Play, you'll find an all-you-can-download buffet of mind-blowing software for your mobile device.

People are always asking me what apps they should get. The answer depends, of course, on many things. What are your pastimes? What do you need help with? Some people subsist on Tinder. Others are obsessed with Google Translate, or Pokémon Go, or Pandora. We each have our unique preferences. But certain apps rise above the rest. They're powerful, they're fun, and they're incredibly useful. They're top in their category, and almost every user ends up exclaiming, "Wow, I can't believe how cool this thing is!" Here are 10 of those must-have apps, plus a bonus.

• **Waze:** What would happen if you combined the geography of Google Maps with the mentality of Twitter? It would probably look something like Waze, a navigational tool that also uses crowd-sourced data. The little map will show you fellow Waze users on the highway, and they routinely report accidents and speed traps to make your trip smoother.

• **Photoshop Fix:** For casual shooters, Adobe Photoshop is overkill. There's no need to "rasterize" a photo, add layers, or "lasso" pieces of an image. Most people just want to fiddle with the contrast and retouch the photo a bit. Now you can do that from your phone, thanks to Adobe's Photoshop Fix. But there's more. You can automatically add color and remove entire chunks of a photo, such as an unsightly tattoo, with a few finger swabs. No graphic design degree required.

• **Buffer:** Social media is fun, but it can also be a lot of work. You can spend hours crafting the right tweet, then the right Facebook post, then an Instagram photo, then... well, you know. Buffer allows you to orchestrate all of these social media releases from the same dashboard, and you can even schedule the date and time that the posts are sent out. For campaign managers and businesspeople, Buffer is an incredible luxury, aggregating such disparate services as Pinterest and Tumblr.

• **Pact:** You've gained a few pounds. Your doctor has given you a frightening prognosis. Whatever the reason, you want to get exercise and feel healthier, but what you need is hard motivation. That's where Pact comes in. You set health goals on the app, and when you don't reach them, you have to pay other Pact members money. Like, real money. But when you do reach your goals, other people pay you. It's kind of like gambling, except you always win, as long as you reach your benchmarks. Pact may sound like a crazy gimmick, but it has inspired 11.8 million workouts to date, claiming a 92% success rate.

• **Sleep Cycle:** We all know about our "circadian rhythm," or sleep cycles. Over the course of 90 minutes, typical sleepers enter different phases of sleep, from light sleep to the dreamy REM phase and back. It would be nice to harness that cycle to our benefit, but how could we? We're asleep! Sleep Cycle is an app that takes data on your sleep patterns, and then it figures out the right time to wake you up. This might sound unsettling at first, but Sleep Cycle has helped millions of people figure out their perfect "wake up" phase. The app also takes irregular sleep into account, and the "intelligent snooze" feature is tailored to your unique waking habits.

• **Google Trips:** Travel is wonderful for the soul, but it can be a very cluttered experience. You've got plane tickets, handbooks, printed itineraries, car rental details, hotel addresses scrawled on napkins, camera gear, backup batteries, and a million other doodads stuffed in your cargo pants. Google Trips takes your travel information and aggregates it. You can list all of your booking information, all of your itineraries, and all information about local eateries and monuments into one app. Can't get reception in the middle of Mongolia? Google Trips works fluidly offline as well.

• **Dark Sky:** "They said it would be sunny!" exclaims the frustrated fisherman as rain pours over his boat. If the smiling TV weatherman has lost your trust, and you're skeptical of the free weather app on your phone, consider Dark Sky. Billed as a "hyper-local" weather forecaster, this app is designed to predict the weather in your exact location. This can be especially handy in mountainous regions, where every little valley experiences its own weather, or in the Great Plains, where storms sweep past at a moment's notice. Detailed maps show you exactly what weather is brewing, and you can receive notifications as frequently as you like.

• **Mint:** For many of us, managing money is kind of like keeping a tidy house. It would be great to keep pristine spreadsheets, scan our receipts, and integrate all of our account information into a single platform. Well, Mint makes that easy. Not only can you keep track of earnings, expenses, and tax information, but you can automatically pay bills and draft budgets, right on your mobile device. What's more, you can check your credit score at a glance, no third-party service required. Remember, it's never too late for a New Year's resolution.

• **Magisto:** Yes, you could hire a videographer to cast, shoot, and edit your online commercial. Then you get a bill for \$40,000. Is there a cheaper way to do this? True to its name, Magisto as the magical ability to transform amateur photos and footage into breathtaking short videos. Ready-to-use templates result in feisty, professional-looking spots, and there's a whole library of royalty-free music to fit any mood. Whether you're a hobbyist hoping to move up from iMovie or a business owner making a professional advertorial, Magisto will make it happen.

Is a Managed Account Right for You?

As an investor, you'll face many decisions over the years. How much should you invest? Where should you put your money? When is it time to sell some investments and use the proceeds to buy others? Some people enjoy making these choices themselves – but not everyone. Consequently, the type of investor you are will influence your thinking about whether to open a managed account.

As its name suggests, a managed account – sometimes known as an "advisory" account – essentially is a portfolio of stocks, bonds and other investments chosen by a professional investment manager who makes the buy and sell decisions. Typically, each managed account has an investment objective based on your goals, and you may have some voice in investment choices – for example, you may be able to request that the manager avoid certain investments. Or, you might still work with a personal financial advisor who can help you identify and quantify your goals, define your risk tolerance, and track changes in your family situation – and who can then use this information to help guide the investment manager's choices.

Beyond this basic structure, managed accounts can vary greatly in terms of administration, reporting, fees and minimum balance.

So, assuming you meet the requirements for a managed account, should you consider one? There's really no one right answer for everyone. But three factors to consider are cost, control and confidence.

• **Cost** – Different managed accounts may have

different payment arrangements. However, it's common for a money manager to be paid based on a percentage of assets under management. So, if your manager's fee is 1% and your portfolio contains \$100,000, the manager earns \$1,000 per year, but if the value of your portfolio rises to \$200,000, the manager earns \$2,000. Because the manager has a personal stake in the portfolio's success, this arrangement could work to your advantage. Be aware, though, that other fees may be associated with your account.

• **Control** – With any managed account, you will give up some, or perhaps all, of your power to make buy-and-sell decisions. If you have built a large portfolio, and you're busy with work and family, you may like the idea of delegating these decisions. And, as mentioned above, you can still oversee the "big picture" by either working through a financial advisor or, at the least, having your goals, risk tolerance and investment preferences dictate a money manager's decisions. But you will have to decide for yourself how comfortable you are in ceding control of your portfolio's day-to-day transactions.

• **Confidence** – It's essential that you feel confident in a managed account's ability to help you meet your goals. And the various elements of a managed account may well give you that assurance. For example, some managed accounts include automatic rebalancing of assets, which, among other things, can help you achieve tax efficiency. Other features of a managed account – such as the experience and track record of the manager – also may bolster your confidence.

Ultimately, you'll need to weigh all factors before deciding whether a managed account is right for you. In any case, it's an option worth considering.

- 1100 blk Bolivar - meet with owner of stray dog. Citations issued.
- 11500 blk Marion - officers responded to a disturbance. Husband and wife arguing over life. Verbal only. No assault claimed.
- 500 blk 10th - officer spoke with complainant about her broken car window. Complainant stated her wallet was stolen. Written report/pictures taken.
- 11500 blk Marion - officer took report of subject calling/ harassing complainant.
- 400 blk Freese - traffic stop. Written warning issued.
- N 7th @ N 5th - traffic stop. Citation issued.
- 1200 blk Cowling - traffic stop. Warning issued.
- 2nd @ Plum - traffic stop. Citation issued.
- Holt @ Keaton - traffic stop. Citation issued.
- 1600 blk Chapman - traffic stop. Warning issued.
- Indian Trl @ FM 455 - assist Sanger FD with fire suppression and traffic control.
- I-35 @ 477 - traffic stop. Warning issued.
- Service Road @ Keaton - officer spoke with male subject walking on service road who stated he was walking to work.
- 700 blk Stemmons - alarm/business. Officer checked building.
- 500 blk 10th - report of broken window. Miscommunication between husband and wife. Report taken earlier in shift by another officer.
- 11500 blk Marion - two SPD officers arrived to locate information on subject who thought he was smart enough to stay anonymous and still trash talk. He was not. Officers advised subject against making semi or veiled threatening statements to the complainant via phone, text, or social media. Subject claimed the complainant is hitting on his mentally unstable girlfriend. Subject claimed he would not contact the complainant any further. Officer later spoke with the girlfriend and confirmed there is still a little love triangle going on.
- Keaton Rd - a covey of parents arguing and chest-bumping like banty roosters. Officer arrived on scene and discovered the whole argument is over ... chicken coops. One set of parents had worked on the coops and placed them against the school's Ag Barn. Another parent saw this and rightly said "rain run-off from the coops will run into the barn and flood it." So "they" decided to move the coops. When the coops were moved, some wood was damaged. Feelings were hurt. Voices were raised. Words that you wouldn't say in front of your Mawmaw were said. Then a couple of fellas wanted to blow up at each other, so the police were called. Instead of issuing citations and/or arresting people, officer decided to call the Ag teacher, who in turn called another Ag teacher and the high school principal, and assistant principal, and the superintendent. Officers waited for everyone to show up and the two Ag teachers started scolding parents. Tears were shed. Everyone agreed to make nice and meet back at the Ag Barn after school the next day and fix what needed to be fixed. The Ag Barn rule book will be reviewed by staff and the appropriate action

could be taken by the school.

- 900 blk Stemmons - alarm/business. Officer checked building.

Wednesday, January 24

- 4000 blk High Plains - animal control call.
- N 4th @ Chapman - traffic stop. Warning issued on defective tailgate.
- 600 blk Bolivar - complainant wanted to file a report regarding medication stolen from his unlocked vehicle. No signs of forced entry.
- 800 blk Keaton - officer spoke with male subject who was sitting by the building in the shade having his lunch. Subject is working on Acker Street and was out enjoying the nice weather.
- I-35 @ Ganzer - DPS trooper requested an officer for traffic control. A DCSO deputy arrived as SPD officer arrived on scene. SPD officer was diverted to a call about a suspicious subject at McDonald's.
- 600 blk Stemmons - suspicious person. Unknown subject was banging on the front door of the business after hours (1:03 a.m.). Employees were afraid to leave. Subject turned out to be one of the employee's ride. No offense.
- 300 blk Acker - alarm/business. Officer spoke with night shift at Building B who stated cats sometimes get into the building and set off sensors. Building was secure.
- 100 blk Berry - student enrolling. Complainant wanted SRO on campus. Student and parent were a no-show.
- 800 blk Keaton - suspicious person. Subject eating lunch beside the church.
- 11500 blk Marion - pick up deceased kitten.
- 11500 blk Marion - Animal Control picked up two cats left by subjects that have been evicted. Cats taken to Animal Shelter.
- 100 blk Southside - pick up deceased cat.
- 100 blk 5th - dog attacked by another dog that belongs to residence at 600 blk Locust. No one home. Left door notice requesting contact.

Thursday, January 25

- 200 blk Hillcrest - traffic stop. Verbal warning given on excessive speed.
- 700 blk Keaton - complainant's vehicle was struck on Tuesday evening. Needed report. Officer looked at the vehicle. Paint transfer.

Mayor

(Continued from pg. 1)

Surles listed a few reason why he is running for mayor:

“1. I care deeply about our community, and I believe our city is on the verge of economic expansion.

2. Some of our most visible streets while driving through town are riddled with potholes and generally failing. I believe we can do better.

3. The current government has become stagnant, elections have been cancelled, consistently low community turnout to council meetings. It’s time to get excited about Sanger!

4. The first mayoral race in 8 years can help put a spotlight back on Sanger, and push Sanger to the forefront for new development.

5. Sanger is my sons hometown, I want to make sure it’s one that everyone can proud of.”

“I want to encourage more residential growth and commercial development, better maintain streets in our existing neighborhoods, and most importantly, drive more community engagement,” Surles added.

Muir’s main reasons for seeking re-election as Mayor:

“A love of this community motivates my service. Many know that I have lived in Sanger my entire life. In my opinion, there is no better place for a person to be born, raise a family, invest time, retire, and live out their life. Whether a person is brand new to Sanger or has lived here decades, I hope each one senses the level of personal community we share and offer to each other. As individuals, we are called to serve God and serve our neighbors. While this is a challenging task that I certainly do not carry out perfectly, it is at the core of my beliefs and motivates me to give time back to our community.”

“On a practical level, our town faces the potential for significant growth; you are already seeing this as you look around. With growth, often comes “growing pains.” Our community must balance the need to con-

tinually to invest in the infrastructure to meet the demands of this growth, while not overburdening taxpayers,” Muir said.

“To accommodate the current and coming growth, we have set out longer-term improvement plans in the many areas of government. Most recently, we have added a new water well to ensure adequate supply and local control of this key resource. We are undergoing a major update of our waste water treatment plant that has been in the design and planning stages for multiple years and is now under renovation. We have significant thoroughfare projects underway and have a prioritized plan for longer-term road improvement,” Muir said. “Our police, fire, electrical, and other departments all have longer-term equipment and personnel plans designed with the goal of meeting the needs of Sanger’s residents into the future.

“During this upcoming election, Philip Surles has decided to also pursue the office of Mayor,” Muir said. “I am appreciative of anyone desiring to serve our community. I suspect that he shares my passion for our town and I look forward to the opportunity to see our election process in action and appreciate each person’s vote. Again, thank you for the privilege of serving Sanger.”

City Council Place 2, held by Gary Bilyeu, and Place 4, held by Allen Chick are the two city council seats up for election. Both incumbents filed for another term. Joe Falls filed last week and is bidding for Place 2. Chick (Place 3) is unopposed.

In the school board May election race, Places 2 and 3 are up for election. Place 2 incumbent is Ann Marie Afflerbach and she won't have a opponent. Russel CeBallos is the incumbent for Place 3. He has decided not to continue on the school board and endorsed Sarah York.

Jackson Sweet and Sarah Peers York are the candidates for Place 3.

Early voting for the local elections will take place in April. The Sanger News will publish Election Profiles of each candidate during that time.

Early Voting for the March 6, 2018 Primary Election is underway and ends March 2. The Sanger Church of Christ at 400 N. Locust Street is the local location to cast a ballot. The hours will be Tuesday - Friday, February 20-23, from 8am-5pm; Saturday, February 24, 7am-7pm; Monday - Tuesday, February 26-27, 7am-7pm; Wednesday, February 28, 7am-7pm; Thursday - Friday, March 1-2, 7am-7pm. UIL CLASS 4A REGION II GIRLS BASKETBALL TOURNAMENT

Photo by Vickie Jenkins

The Lady Indians (30-7) celebrate after beating Melissa (32-4) 58-53.

Sanger was down 10 points early to Melissa in the regional-quarterfinal playoff game at Frisco Wakeland High School. Sanger battled back and took the first lead in the game in the fourth quarter. The Lady Indians went into the fourth trailing 48-43 but went on an 8-0 run. Chloe Malone, who finished the game with 16 points, tallied the first four in the run and forced a turnover.

Sanger went on to win 58-53 to advance to the Class 4A Region II tournament at Texas A&M-Commerce Friday and Saturday.

Melissa had a chance to tie the game with 12 seconds.

Melissa brought the ball down without taking a timeout and almost got a layup from Sally Clemmons, but the ball rolled off the rim and Sanger secured the defensive rebound.

Clemmons then got into an altercation with Sanger's Brooke Rollins (11 points), which ended with Clemmons receiving a technical foul for shoving Rollins.

The Lady Indians already had been fouled to stop the clock, and Maci Turkoly hit three of the four free throws to seal the win.

"We knew beating Melissa would be extremely hard. They are a very tough offensive team that shoot the three well. We had trouble stopping them in the first half and we were behind 10 or more point at one time," said third-year Sanger coach Tracy Sykes. "We got better at the beginning of the second half and finally took the lead fourth quarter. Kenzie Turkoly did a fantastic job for us tonight and made some key shots to help us. This was a huge win for us and a major step toward our ultimate goal. I am so happy for the girls because they deserve this!"

sa's full-court pressure. But things changed, as the Lady Indians started to get more stops on defense, Melissa was not able to set up a full press and had to retreat into a half-court defense, which helped get Sanger's Maci Turkoly (13 points) and Kenzie Turkoly (six points).

Argyle is the only 9-4A team to advance in playoffs

Sanger High School lost to no. 4 state ranked Dallas Lincoln 82-40 on Tuesday night in the bi-district playoff game. Sanger was outscored 17-11, 15-11 and 20-18 in the final three periods, but dug a huge hole in the first. It took Sanger about a quarter to settle in, but it was too late to give Lincoln a game. Lincoln did the same thing to Krum last year in the first round of the playoffs. Krum lost 77-33. It's just a tough draw for the fourth place team from District 9-4A, and third and second...

Jordan Williams led Sanger with 9 points and five rebounds. CJ Jackson scored eight points and had four rebounds. Payten Vidourek recorded six points and Landon CeBallos chipped in four points. 6'10" post Trey Henderson nailed a 3-pointer from the right side and had three rebounds. Tre Peoples scored 2 points and had 2 assists. Hank Lemons had 2 points and six rebounds. Zach Cochran, Mickey Sykes, Elijah Ritzel, each made a basket.

Lincoln started the game hitting three, 3 pointers inside a minute. And they didn't cool off until the second half. They shot 40 times behind the arc and made 11. Senior point guard Kennedy Lincoln made 5-of-7, 3-pointers. He ended the game with 20 points. He's signed with Oral Roberts University.

Meanwhile, Sanger was 3-for-23 shooting three's. Lincoln got a lot of second and third looks as they grabbed 23 offensive rebounds and 26 on defense. Sanger had 12 offensive and 18 defensive rebounds.

Sanger will lose seniors Landon CeBallos, CJ Jackson, Dabira Ognwuyi, Mickey Sykes and probably junior Tre Henderson. Henderson will need approval from the UIL to play his senior season, since he was homeschooled one year, after he started high school.

The seniors did a great job of helping the Indians to an 18-16 record and making the playoffs. Sanger returns juniors: Jordan Williams, Hank Lemons, Tre Peoples, Payten Vidourek, and Cameron Cockrell and sophomore Zach Cochran. And Coach Layne Boxell and Travis McFarland have some JV players that will help next year.

Kennedy Milton shoots a 3-pointer against Sanger on Tuesday in the bi-district playoff game. He scored a game high 20 points, had 8 assists and five rebounds for Lincoln.

Assistant coach of UAB Reagan Miller returns to area for North Texas game on March 1st, and Conference USA Tournament

Former SHS basketball standout Reagan Miller is in her second year as an assistant coach at the University of Alabama Birmingham for womens basketball. UAB plays North Texas on March 1st, at 5 p.m.

Miller was a 4-year letter winner at Sanger High School in basketball and volleyball, graduating in 2011. She went on to play basketball at Liberty University where she received her bachelor's degree in 2014. Her next stop was Texas Woman's University where she was a graduate assistant for the basketball program while working on her master's in business administration, graduating in 2016. After graduating, Reagan was hired at the University of Alabama Birmingham in Conference USA. UAB will be in Denton on March 1 to take on UNT at 5pm. The Conference USA

tournament will be held at The Star in Frisco March 7-10. Miller was a three-year letterwinner at Liberty University, Miller ranks 34th in the program's all-time scoring list. In 2012 she revamped the Lady Flames' record book as she ranks fourth in the program record book shooting 36 percent (56-of-156) from long range. During her freshman campaign, she was tabbed Virginia State Rookie of the Year, the third player to garner the award in program history. Miller was also named Big South Freshman of the Week four times. In her three-season on campus, the Lady Flames made it to back-to-back NCAA Tournaments and were the 2012 and 2013 Big South Champions. Liberty posted an overall mark of 71-27 in her three years, with a conference record of 47-9. A native of Sanger, Texas, Miller graduated with a bachelor's degree in sport management in 2014 and received her masters degree in 2016 from Texas Woman's University, while being a graduate assistant coach for the Pioneers basketball team.

Landon CeBallos drives in against Lincoln after CJ Jackson sets a screen. CeBallos scored four points and CJ scored eight points.

Dallas Lincoln gets a rebound and gets ready to push it to upcourt.

Payten Vidourek passes to CJ Jackson against Lincoln. Vidourek scored six points for the Indians.

PLAY-IN GAME: Landon Ceballos and CJ Jackson each scored 15 points and Trey Henderson scored 12 as Sanger beat Gainesville on Friday at Aubrey High School 55-53 for the district's extra play-in game. Jackson led Sanger with 4 assists, 9 rebounds and was 6 for 6 from the free throw line. CeBallos was 3 for 4 from the free throw line and had two assists. He made four, 3-pointers for Sanger.

The Leopards hit 10 treys, half of those coming from freshman guard Colby Brasher. Brasher finished with 17 points and was one of three Leopards to reach double figures. Josh Kemp scored 15 and Tyler Goldsworth added 13.

There were eight lead changes in the fourth quarter, and Gainesville looked like it might hang on when Brasher hit a 3-pointer with 1:31 left to give his team a 53-52 lead. Sanger's Trey Henderson hit a 10 foot baseline shot from the right side to give the Indians a lead. And he was 2-for-2 from the free throw line late in the game to put the Indians on top again.

Gainesville jumped out to a 13-7 lead in the first quarter, with 12 of those points coming off 3-pointers. Sanger rallied to take a one-point lead to halftime but found itself in a 37-all tie going into the final eight minutes.

Featured American Manufacturer is
ON SALE NOW!

1. CHAMBERED INNER BAG

Back cushions are filled with polyester fiber that is blown carefully into a dual-chambered bag to prevent fiber from settling.

2. ARM TOPS

Rounded arm tops built from durable polyurethane are cut to retain perfect shape over time, and are reinforced for comfort the same way the seat cushions are - with added foam and fiber to ensure maximum luxury.

3. FOAM/FIBER CUSHIONS

Lifetime WARRANTY

Cushions are crafted with multiple layers of padding to ensure the most comfortable seating. We start with high-density foam and enclose with softer foam and polyester fiber for additional comfort.

4. SMART FRAMES

Lifetime WARRANTY

Frames are built using the time-tested mortise-and-tenon joining system and reinforced using hardwood and interior stretcher systems for a sturdy, long-lasting foundation.

5. SINUOUS SPRINGS

Lifetime WARRANTY

Seating systems are supported by 8 gauge sinuous springs set apart at an ideal spacing to ensure a relaxing and enjoyable seating experience. Springs are tied together to maintain equal and even support throughout the seat.

Mayo doesn't just "talk" Quality, they back it up with Lifetime Frame, Spring and Seat Cushion Warranties! Mayo is American Made Quality that Exceeds all imports at a Savings!
