Local Horse Rescue Group To Participate In Fifth Annual ASPCA 'Help A Horse' Competition

On Saturday, May 5 the Bluebonnet Equine Humane Society (BEHS) will hold a horse show and adoption event at the Jim A Dee Arena in Sanger (9494 Waide Rd, Sanger, TX 76266). The horse show will include a variety of performances, including in hand, leadline, western, english and speed events, with rescue horse classes in each division to help showcase their many talents. The show will also include a silent auction, raffle, vendors and shopping, and horse adoptions. Events begin at 9:30 AM and admission is free.

The Sanger horse show and adoption event is one way BEHS is participating in the fifth annual ASPCA (The American Society for the Prevention of Cruelty to Animals®) "Help a Horse" competition. The competition runs nationwide from April through June and is an opportunity for horse rescue groups to raise awareness and funds for the important work they do. Winners are eligible for more than \$100,000 in grant prizes, and are selected based on the number of adoptions secured, donations received, an adoption video, and an adoption campaign. Winners will be announced in late August.

Other planned competition events include a horse show at Texas as Lost Pines Riding Club in Elgin on April 28, and a ride-a-thon that anyone can enter, regardless of location, as long as they have a horse

they can ride or drive. Once ride-a-thon participants sign up with BEHS, they work to secure sponsorships, or funds, for each ride or drive they log from May 1 to June 15. Sponsorships are turned in to BEHS by June 30, and will help support horses in need. BEHS will be giving out prizes for most rides logged, most time spent riding, and most sponsorship dollars raised.

BEHS is a 501(c)(3) equine welfare and protection organization that operates throughout Texas. Founded in 2005 by a group of horse enthusiasts, BEHS primarily works with law enforcement agencies to take in abused, neglected, stray, and abandoned horses. Rescued horses are placed in foster homes where they are rehabilitated by experienced horsemen and professional trainers until they are healthy and ready for adoption to loving homes. BEHS achieves its mission through the generosity and support from fosters, donors, and volunteers. People interested in learning more about BEHS or getting involved can visit <http://www.bluebonnetequine.org>.

October 6, 1979 - April 13, 2018

Brian Robert Hartford of Dallas passed away on April 13, 2018 in Dallas, Texas. He was born on October 6, 1979 to Geoffrey and Rebecca (Hoffman) Hartford in Austin, Texas.

Brian had a kind and compassionate heart that showed not just in his words, but his actions. His love extended from his family and friends, but to all of those in need. He had a gift for engineering and designing projects at work, but even more for people he loved. Growing up, you could always find him fishing or throwing baseballs with his dad. As a young man, he was always taking care of the girls in his life, by designing home projects for his love, Caitlin, or creating gardens for his mother. His kindness and gifts called him to build shelters for homeless dogs in his neighborhood, to protect them from winter storms. His compassion made our world a more beautiful place.

Brian graduated from Northwest High School in 1997 and attended Texas A&M before finding his calling in the Audio Visual Industry. Anyone that knows Brian knew that any gathering without him won't be the same without his humor and laughter.

He is survived by his longtime partner and love of his life, Caitlin Forbes of Dallas, his mother and father, Rebecca and Geoff Hartford of Valley View, Texas, and his lil' big sis, Tara Hartford of Sanger, Texas. Brian, "Uncle B", will always be admired and cherished by his nephew, Skyler and niece, Bonnie. Brian also leaves behind his two beloved furbabies, Tucker and Daisy.

A memorial service will be held on April 21, 2018 at St. Barnabas Episcopal Church in Denton, Texas at 2:00 PM.

In lieu of flowers, the family asks that donations be made to Brian's favorite charities, Duck Team 6 Dog Rescue: www.duckteam6.org/Brian

KIM KOMANDO Q&A

5 insider tricks for a better Facebook experience

In many ways, Facebook has become its own parallel universe. Millions of people use the app on their phones, and more never think to log out. Entire businesses are run through Facebook, and some institutions use a Facebook page instead of an actual website. Despite the many methods of instant communication, Facebook users routinely use Messenger to write or call friends all over the world.

But Facebook still has its flukes, and these minor inconveniences can waste time or even embarrass you down the road. Here are five hard-to-figure-out tricks for improving your Facebook experience.

1. Scope out all public photos of you:

Facebook is usually pretty careful about tagging photos. When someone tags you in a photo, you receive an alert and you have the option to the remove the tag. But sometimes, in the flurry of online activity, we don't realize that we've been tagged in a photo. Yet there it is, available for anyone to see. Depending on the photo, you may wish to delete it.

To review these photos, the best way is to check your Activity Log. In the Activity Log page, click on "Photos" on the left side column, then "Photos of You."

From here, there are multiple tweaks. To see all your visible public photos, select "Public" on the "Shared with" arrow and select "Visible" on the "On Timeline" arrow then scroll down to review. You may then hide photos from your Timeline or report/remove tags by clicking the pencil icon.

2. Log out of Facebook remotely:

There are a hundred reasons you may log onto Facebook on an unfamiliar computer. Maybe your phone died and your friend offered you his laptop. Maybe you're traveling and you decided to check your social media accounts in an internet café. All standard operating procedures. But it's also a security hazard and could land you in a world of trouble.

Thankfully, Facebook enables you to log out of all your sessions remotely. By the way, this is also a handy trick to see if someone is accessing your Facebook account without

your knowledge.

On the desktop version of Facebook, click the little drop down arrow on the upper-right corner then select "Settings." Next, click "Security and Login." Here, look for the "Where You're Logged In" section. In this section, find the device you want to log off from by clicking the three vertical dots on the left side then select "Log Off."

If you're not sure which device you were on, just scroll down through the list of devices then select "Log Out of All Sessions." This will log you out of all your sessions, even your authorized devices, so keep in mind that you will have to re-authorize your devices again.

3. Prevent others from posting on your Timeline:

You've probably experienced this at some point: Your uncle or coworker thinks a video is funny, and he posts it on your wall. You don't find it funny at all, and maybe it's even offensive and misleading. Or maybe the comment threads on your posts have spun out of control; bitter arguments have erupted that you never intended.

Facebook makes it easy to prevent people from posting on your wall. This gives a lot of users peace of mind. They can use Facebook in the usual way, reading and posting at their leisure, but their own walls are safe from digital graffiti.

To do this on desktop Facebook, go to your "Settings" page again then choose "Timeline and Tagging" on the left column. To prevent anyone from posting stuff on your Timeline just click "Edit" on the "Who can post on your timeline" section and set it to "Only Me." This will prevent your friends from embarrassing you any further.

You could also turn off automatic post tagging in this section. This will let you review the posts your friends tag you in before they appear on your Timeline.

4. Hide notifications for certain posts:

This is an easy tweak, but it can save a lot of headaches down the line. Suppose you were tagged in a friend's post, and your friend has a lot of other friends. Suddenly you are getting notifications every few seconds, because all those friends are commenting on that post, and then commenting on the comments. This can get really overwhelming, especially if you don't know the people liking and commenting. This is why you can turn off notifications for any post.

To do this, just go to the post then click on the little arrow pointer on the upper right corner of the post's header then select "Turn off notifications for this post." This works for both the desktop and mobile version of Facebook. Ah, the sweet sound of silence.

5. Access that secret message folder:

One of the most mysterious parts of Facebook is the "Message Request" folder. Many people don't even realize this folder exists. Instead of a traditional "junk" folder, like you'd find in your email, Facebook filters a lot of spam messages to the Message Request category. By design, it's easy to ignore.

But this folder also receives messages from real people you are not officially "friends" with. Maybe you know the person well and you're eagerly awaiting a message, but Facebook doesn't recognize your real-world connection. This is why it's important to periodically check your Message Request folder: Some messages get lost for weeks, or even years, waiting for the recipient to find it.

To access this folder on the desktop, go to <https://www.facebook.com/messages/> and in the upper-left corner, click on the cog icon then click on "Message Requests." On the next section click "See Filtered Requests." This will reveal all the messages that Facebook dutifully hid from you. There might be a few in there that you really wanted to see!

Take Steps To Control Your Investment Taxes

Tax Season is finally over. Of course, how much you pay in taxes depends on a variety of factors, many of which you can't control. But you might give some thought to how you can manage your investment-related taxes.

Here are some suggestions to consider:

- **Contribute to your employer's retirement plan.** If your employer offers a 401(k) or similar plan, such as a 403(b) or 457(b), contribute as much as you can afford. The more pre-tax dollars you put in to your retirement plan, the lower your taxable income. Your employer also may offer a Roth 401(k) option, under which you invest after-tax dollars, so your annual income won't be lowered and your withdrawals will be tax-free.

- **Contribute to an IRA.** Even if you have a 401(k) or similar plan, you may still be eligible to contribute to an IRA. With a traditional IRA, your contributions may be fully or partially deductible, depending on your income level; with a Roth IRA, contributions are not deductible, but your earnings can grow tax-free, provided you've had your account at least five years and you don't start taking withdrawals until you're 59½.

- **Follow a "buy-and-hold" strategy.** You can't control the price movements of your investments, but if you do achieve gains, you can decide when to take them – and this timing can make a substantial differ-

ence in your tax situation. If you sell investments that you've owned for one year or less and their value has increased, you may need to pay capital gains taxes at your personal income tax rate, which, in 2018, could be as high as 37 percent. But if you hold investments for more than one year before selling them, you'd be assessed the long-term capital gains rate, which is 0, 15 or 20 percent, or a combination of those rates.

- **Consider municipal bonds.** If you're in one of the higher tax brackets, you may benefit from investing in municipal bonds. The interest on these bonds is typically free of federal taxes, and possibly even state and local taxes. Interest from some types of municipal bonds may be subject to the alternative minimum tax (AMT). However, because of the new tax laws, the AMT exemption amounts were increased significantly.

You might be wondering what these new laws mean to investors. In terms of your regular investment activities, the effect might not be that significant. The tax brackets for qualified dividends and capital gains – such as those realized when you sell stocks – will remain about the same. This means that most investors will continue to pay 15% to 20% on long-term capital gains and dividends. Consequently, the new tax laws shouldn't really affect you much in terms of your decisions on buying and selling stocks or investing in companies that may pay dividends. Of course, it's still a good idea to consult with your tax advisor on how the totality of the new laws will affect you.

Ultimately, your investment decisions shouldn't be driven only by tax implications – nonetheless, it doesn't hurt to take steps to become a tax-smart investor.

NOTICE OF PUBLIC MEETING Farm To Market Road 1173 from Farm to Market Road 156 to Interstate Highway 35 Denton County, Texas CSJ No. 1059-01-047

The Texas Department of Transportation (TxDOT) will conduct a Public Meeting for the purpose of soliciting public comments on proposed feasibility study of Farm to Market Road (FM) 1173 from FM 156 (S. 1st Street) to Interstate Highway (IH) 35, a distance of approximately 3.6 miles. The meeting will be held on **Tuesday, May 8, 2018 at the Krum High School Cafeteria, located at 700 Bobcat Blvd, Krum, TX 76249.**

The Public Meeting will be an Open House format with no formal presentation **from 6:00 p.m. to 8:00 p.m.** The purpose of the meeting is to present the planned improvements and to receive public comment on the proposed project. Representatives from TxDOT and project consultants will be available to answer questions about the proposed project.

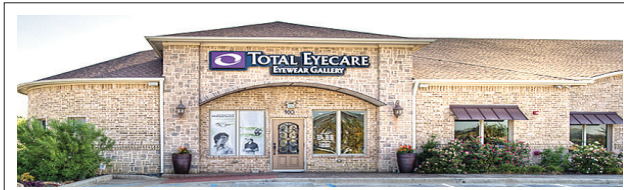

The proposed study consists of the reconstruction and widening of FM 1173 from FM 156 in Krum, to IH 35 in Denton, TX. The improvements would include the expansion of the current 2-lane rural roadway to a 6-lane urban roadway. Expansion would consist of one 12-foot wide travel lane and one 14-foot wide outside shared-use lane in each direction, a proposed median, and sidewalks located along the outside of both the eastbound and westbound lanes. The existing right-of-way (ROW) width is 80 feet and will increase with the proposed project. The proposed ROW is anticipated to acquire approximately 43 acres to expand the roadway, based on this preliminary level of design.

Maps showing the proposed project's location and geometric design will be available for viewing at the public meeting. This information will also be on file and available for inspection Monday through Friday between the hours of 8:00 a.m. and 5 p.m. at the TxDOT Dallas District Office, 4777 E. Highway 80, Mesquite, TX 75150 and the TxDOT Denton County Area Office located at 2624 W. Prairie Street, Denton, TX 76201. Project information also will be available online at www.keepitmovingdallas.com under Upcoming Public Hearings/Meetings.

All interested persons are invited to attend this Public Meeting. Written comments from the public are requested and will be accepted for a period of 15 calendar days following the meeting. Written comments may be submitted either in person at the public meeting, by mail to the TxDOT Dallas District Office, Attention: Mr. Nelson Underwood, P.E., 4777 E. Highway 80, Mesquite, TX 75150-6643, or by email addressed to nelson.underwood@txdot.gov. **Written comments must be postmarked by May 23, 2018, to be included in the Public Meeting Summary.**

Persons interested in attending this meeting who have special communication or accommodation needs are encouraged to contact the TxDOT Dallas District Public Information Office at (214) 320-4480 at least two working days prior to the meeting. Because the Public Meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two (2) days prior to the Public Meeting. Every reasonable effort will be made to accommodate these needs.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by the Federal Highway Administration and TxDOT.

College Signing... Turkoly signs with Southeastern, OK

Sanger High School senior Maci Turkoly signs with Southeastern, Oklahoma to attend college and play basketball on a scholarship in Durant. She is surrounded by her parents Stacy and David Turkoly and sister Kenzie, who is a junior at SHS. Maci's older sister Morgan was unable to attend. She is a standout player and student, on the Louisiana Tech softball team. Maci is a 5-10 guard/forward combo. She was a 2017 TGCA All-State selection as well as an academic all-state pick, while also adding TABC all-region honors as well as first team all-district and academic all-district picks. She was selected first-team All-Area by the Denton Record-Chronicle. She averaged 13.0 ppg, with 4.0 rpg, 3.0 apg and one block per outing, her senior year. She led Sanger to the Regional Finals this year and was the glue of the team, with her versatility. She went down with a season knee injury last season and SHS missed the playoffs. Her sophomore year, SHS advanced three rounds in the playoffs, but fell to Dallas Lincoln. She is a 4-year starter for the Lady Indians. Southeastern head women's basketball coach Darin Grover said, "Players that excel at the midrange game are rare," said Grover. "Maci performs at a high level at this distance. She can also shoot the three and go inside and post. We love players that are versatile, and Maci fits that description. She comes from a great program at Sanger and from a strong select team with Lonestar. We believe she can have an immediate impact with our program."

Playoff bound... SHS softball secures third place

The SHS Lady Indians softball team has the same district record as Argyle at 6-3, but the Lady Eagles came back and beat Sanger 6-5 on Friday at SHS, to complete the district season sweep and hold head-to-head tie-breakers over Sanger. The Lady Indians finish district play at first place Decatur on Friday. Decatur has wrapped up the district championship and are undefeated in district. Sanger needs a win, combined with an Argyle loss to Krum, to finish as the runner-up.

Students of SHS promoting a “Walk Up”

The students of Sanger High School will be promoting a “Walk Up” on April 20th. Students are encouraged to reach out with friendliness and compassion toward their peers. The idea is to walk up to the kid who sits alone at lunch and invite him to sit with your group; walk up to the kid who sits quietly in the room and say Hi; walk up to the kid who disturbs the class and ask how he is doing...

Over 600 clothespins adorned with kindness will be distributed earlier in the week to promote the “Walk Up”. Students are encouraged to circulate the clothespins through-

out the week to promote kindness.

In addition to the “Walk Up”, seniors are encouraged to register to vote on April 18th in the library. To make change you must exercise your right to vote. The goal is to have every eligible senior be-

come a registered voter. The day will end with a moment of silence for all of the lives lost in school shootings. “Our hope is that we as a campus can build on this foundation and continue practicing acts of kindness instead of casting stones.”
