SPECIAL YOUTH FAIR SECTION IN THIS EDITION:

John Austin North of Sanger FFA shows his Grand Champion Lamb at the DCLA Youth Fair, last month in the live auction at the North Texas Fairgrounds. See the special section inside on pages 11-20 with complete Sanger results and recognition of all the auction buyers.

Sanger's Challenge Program recognized by Houston Chronicle

This school takes in kids facing the biggest mental health challenges

NOTE: This article appeared in the Houston Chronicle Daily Newspaper recognizing the Linda Tutt Learning Center Challenge Program.

There are only eight kids in this class at Linda Tutt Learning Center in Sanger, but the chaos erupting throughout the room and spilling into the hallway would set any teacher on edge.

A young girl is screaming profanities and eating paper.

A 16-year-old boy is in a heated debate with school personnel about the speakers now emitting "I Will Survive" by Gloria Gaynor at a fever pitch.

Ten-year-old Israel Miller is dancing at the front of the classroom and singing at the top of his lungs.

Ann Hughes, the school's director of So-

cial Emotional Learning & Behavior Intervention, takes it all in with the calm demeanor of a meditating monk. She asks the young girl to replace the F-bomb with another word; whether she would like different flavors of paper.

She tells the 16-year-old she'll do more research on whose speaker

is better.

She lets Israel be Israel.

These are Sanger Independent School District's Challenge Program kids — the so-called worst of the worst behaved; the ones whose mental health issues, be it anxiety, depression, obsessive compulsive disorder or anger, get so much in the way of their academic pursuits they're often shipped here from other districts.

And it's here — in this town of about 9,000 people that they find a home.

A place where they are listened to and respected. A place where they're met where they're at. A place where teachers and administrators know that a child cannot succeed academically if their mental and emotional needs are not being met.

Like other school districts in Texas, Sanger ISD has struggled with no dedicated funding from the state for four key mental health positions — counselors, psychologists, nurses and social workers. But Sanger hasn't let that stop it.

Instead, it's turned to outside entities, such as faith-based organizations and food pantries, to bridge the gap. It's applied and received grants to bolster its mental health resources.

It's gotten creative about how to help kids with behavioral and mental issues.

And families have

seen the difference.

Before Israel came to Sanger ISD, he bounced from school district to school district. No one was able to handle his outbursts. He would throw things across the room, destroy school property, sing and scream during class and try to escape.

That's now changed.

He's started taking responsibility for his behavior and being more respectful at home.

Israel even enjoys going to school.

"I'm just so thankful for Linda Tutt," said Diane Johnson, Israel's legal guardian and great grandmother. "This school is really a miracle."

Sanger ISD Bond on the ballot

BY GRANT BOWLES - SISD Long Term Planning Committee Member

This will hopefully mark the end of my newspaper writing career. I appreciate all who have taken the time to read this series of articles on the bond election. Today I want to focus on the "wins" in this bond, not only for our students and teachers, but for all citizens of Sanger ISD.

I'm a second-generation Sanger High graduate, class of '89. My mom graduated from Sanger High, though you'll have to ask her yourself what year that was. My two children are also Sanger High graduates. My mom's class had 13 kids in it. Mine had 77, and my daughter recently graduated with 176 other classmates. Our three generations of graduates show the growth that Sanger has experienced.

We've all seen the growth numbers; 250 developed lots ready to build, 5,500 planned lots, those developments likely to be built in the next 5-10 years. The demographer's

reports shown to our committee put the likely number of students per home at 0.4, which means those developments will add more than 2,000 students to our district. Sanger is growing, we all see it. As a community we must decide if we will manage that growth, or let it manage us. I believe this bond is a major step towards us managing that growth in our community.

My family won't benefit directly from this bond. By the time the new high school is built, my youngest will have graduated from Texas A&M University. Most likely, when I'm granted the privilege of grandchildren, they won't live in Sanger. The benefits I receive personally will be indirect. As a member of this community, I want to see hardworking, honest, and trustworthy citizens become our new neighbors. I don't care about their ethnicity or economic class. I just want families with good character.

A strong school district encourages the families and businesses we want in our community to set roots here and share our common spaces...our restaurants and stores, our parks, our churches, our children's classrooms. Better schools attract families with Sanger values, families willing to sacrifice for their kids, such as relocating to give them a greater chance to succeed. Let's make sure we have schools that make those families choose Sanger.

Moving the middle school to the current Sanger HS will bring a lot

OBITUARIES...

Don Howard

1939 - 2022

On the evening of April 16th, heaven gained a new angel. Don Howard (83) of Sanger, TX died peacefully with his wife Marti and daughter Rachel by his side; listening to his favorite singer (as well as friend) Merle Haggard- singing him back home.

Don was born in 1939 in Floyd, TX to RJ Howard and Bea Terry. He grew up loving and playing sports, riding horses and working on his dads' farm. His mom worked in the country music business so he grew up loving it. He always had an infinity for westerns and always said he was born in the wrong century.

Don moved to Los Angeles in the 60's, and followed in his moms' footsteps, where he started working in the music business. That's also where he met his wife Marti- at the famous Palomino Club. He worked with everyone from Ernest Tubb to Merle Haggard to Dick Clark. He was also on the board of the Academy of Country Music. He had endless stories which he finally put down on paper when he wrote his book 'Bea and Me'.

Don and his family moved to Texas in 1978, leaving the music business behind, and started a new chapter in Sanger. He followed in his dads' footsteps this time and started working in construction and real estate. He spent many years helping overseeing and building all over the world as well as here in Denton County. He had gained so much knowledge- from architecture (that he had learned at his alma mater UCLA) as well as engineering and construction itself. He loved sharing his knowledge. The last company he worked for (up until COVID) was Eikon Consultants. He loved working there so much. They were family. He loved working and being needed and they gave him that blessing.

Don was a man of honor and loyalty. If he was your friend, he would do anything for you. And if you were lucky enough to be family, he would sacrifice everything to make sure you had what you needed. He would move heaven and earth to make it happen. He loved his kids, grandkids and great grandkids more than life itself and was so proud of all of them. He was always bragging to everyone who would listen. He was also known to 'adopt' others and make them family as well- including 'daughter' Brandi (the mother of his grandkids Alyssa and Jacob) and Brian Rushing and his family (his beloved neighbors).

At the end, Don was lucky enough to be able to spend time with family and close friends; sharing stories and love and watching his favorite westerns. He said he had never felt so loved in his entire life. And when he decided it was time to go, he did it on his terms and with peace in his heart. We should all be so blessed.

Don was an amazing man- genius level smart, naughty sense of humor and a huge heart. He would give you the shirt off his back if you needed it. He LOVED bargains and even more loved freebies whether he needed them or not. He would always try to negotiate a 'deal' everywhere he went to his families' embarrassment.

He was affectionately known as the 'Ever-ready Bunny' because whatever health crisis he went through, he would always persevere. He just kept going and going until he decided his body was done. He was a lover

and a fighter and he will be missed.

He is survived by his wife of 54 years, Marti, his sons Michael, Tim, Rodney and Roy, his daughters Cheryl and Rachel, his grandkids, Alyssa, Jacob, Teri, David and Steven as well as his great grandkids Quentin and Allyson. He is also survived by his brother Lon and wife Debbie, sister Sandra as well as nephews Charles, Dustin and Rod and nieces Brenda, Steffie, Suzy, Jennifer and Amanda as well as other beloved cousins, family members who are still here and those who have passed- welcoming him back home.

There will be a Celebration of Life at 2 p.m., Friday, April 29, 2022 at DeBerry Funeral Home in Denton.

One of Don's dying wishes was that his book, 'Bea and Me', get published. To honor his wishes, we ask instead of flowers, people donate to make his wishes a reality. A GoFundMe account has been setup to collect donations. You can find it here: <https://gofund.me/ba41bf55>. Thank you!

Vickie Paulette Wells

November 28, 1947 - April 21, 2022

Vickie Paulette Wells, 74, passed away surrounded by her family on April 21, 2022, at her home in Valley View.

Born in Muenster, Texas, on November 28, 1947, Paulette was the daughter of Robert Leslie Milburn and Syble Francis (Reeves) Milburn. She married Deboy Wells, Jr. on March 30, 1974, in Las Vegas. They were married for forty-eight years. Paulette worked as manager of the Citco in Sanger until she retired.

Paulette is survived by her husband, Deboy of Valley View; five daughters, Lori Matticks of Kettering, OH, Barbie Hirschi of Denton, Mary Nixon of Valley View, Lisa Farris of Sanger, and Susan Stewart of Temple; Deboy Wells, III of Valley View and Scott Moore of Southlake; one sister, Donna Renae Greenhill of Sanger; and two brothers, Derryl Milburn of Sanger and Larry Milburn of Thackerville, OK. Twenty-two grandchildren and seventeen great-grandchildren also survive her.

Paulette was preceded in death by her parents; one brother, Roger Milburn; and one grandchild, Alyssa Farris.

A visitation was held from 6:00 pm to 8:00 pm on Sunday, April 24, 2022, at Coker Funeral Home in Sanger. Services for Paulette were held at 2:00 pm on Monday, April 25, 2022, in the Pavilion at the Sanger Cemetery. Officiating the service was Pastor Danny Helms. Serving as pallbearers were Deboy Wells III, Douglas Stewart, Scott Moore, Zackery Farris, William Hirschi, and Ryan Stadelmaier.

Services were under the direction of Coker Funeral Home. Please make online condolences to www.coker-funeralhome.com.

Carroll L. Sanders

April 7, 1952 - April 22, 2022

Carroll passed away April 22, 2022 at his home in Krum, Texas. He was born April 7, 1952 to Wesley H. Sanders and Margarette B. Sanders, both deceased. Carroll was 70 years old, and was married to the Late Georgia Sanders.

Carroll had 5 brothers, Bobby, Larry, Jimmy and Thomas Sanders, all deceased, and Michael Sanders, of Gainesville, Texas, 2 sisters, Gale Jones of Gainesville, Texas and Teresa Hurt and her husband, of Krum, Texas and many, many, nieces, nephews, great-nieces and great-nephews.

Carroll loved to hunt, fish and spend time with his family and friends. He worked hard most of his life as a ranch hand and in the oil field. Carroll was a loving, caring man that would give you the shirt off his back - that is, if he was wearing one.

Mary E. Morgan

March 25, 1926 - April 22, 2022

Mary E. Morgan, 96, passed away on Friday, April 22, 2022 at her home in Sanger, Texas from complications of COVID. A graveside service was conducted on Wednesday, April 27, 2022 at the Sanger Cemetery, in Sanger, Texas. Leonard Don, Chaplain for Solaris Hospice, officiated.

Mary was born in Miles, Texas, on March 25, 1926, to Ben F. Perry and Mary Esther Thornton Perry. She moved, with her family to Midland, Texas in 1952, where she resided for 67 years before moving to Sanger, Texas to live with her son. She worked for over 30 years for the Dunlaps Department Store in Midland, Texas, where she made many lifetime friends.

She will always be remembered for her passionate faith and love for the Lord Jesus Christ, and for her love, kindness, and timeless care and support of her family and friends. She had a steadfast faith in God that never wavered during the most difficult hours of her life. She was a loving Mother, Grandmother/Great Grandmother, Sister, Aunt and friend to so many. She loved the Church and being with God's people. When she was not able to attend Church services, she enjoyed watching Jimmy Swaggart music/ministries on television at home. She loved spending time with her family, and her home was always open for family gatherings. She was a precious Angel that God sent to love, pray for and shelter over her family and friends up until the very end.

Mary is preceded in death by her husbands, James Dewitt Stegall and Rollan Morgan, her daughters, Shirley Stegall and Marie Stegall Dodd, two stepdaughters, Rolinda Redaro and Sharon Clark, three brothers Howard, Glenn, and Robert Perry, six sisters, Frances Sanders, Margie Morgan, Louise Stegall, Jewell Daniel, Laverne Smith, and Edna Fae Landgraf. Survivors include her son, Jimmy Stegall, Sanger, Texas, one stepdaughter, Shirley Seay of Loganville, Georgia, two grandsons, B. J. Stegall and his wife Kerri, Sanger, Texas, Scott Dodd and his wife Kelli, Belton, Texas, three granddaughters, Dusty Friday, Midland, Texas, Lacy Laird and her husband Kevin, Crowley, Texas, Lonnie Jividen and her husband B. J., Andrews, Texas, four great grandsons, Nick Kelly, Zachary Dodd, Gavin Stegall, Wyatt Jividen, and Landon Fuller, five great granddaughters, Presley Fuller, Tally Eudy and her husband Bodee, Evan Marie Kelly, Coby Marie Dodd, Jessie Jividen, and Remi Laird, one great-great granddaughter, Rynlee Eudy, one brother, Kenneth Perry, and many nieces, nephews and loving family members.

The family would like to express their sincere thanks and appreciation to the amazing Solaris Hospice Team, and to Tristan Perrier, who provided exceptional, compassionate care to Mary and the family during Mary's final journey home. What a gift from God to our family for which we will be eternally grateful.

The family requests that memorials be made to Solaris Hospice, 2250 S FM 51, Ste. 400, Decatur, Texas 76234. She was at the heart of everything we did, and we will miss her! Go rest high on that mountain Mary - safe in the arms of Jesus. Arrangements are under the direction of Coker Funeral Home, 403 Pecan Street, Sanger, Texas 76266.

Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

MAJOR AMENDMENT

PERMIT NO. WQ0014372001

APPLICATION AND PRELIMINARY DECISION. City of Sanger, P.O. Box 1729, Sanger, Texas 76266, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0014372001 to authorize adding an outfall (outfall 002), the addition of two phases, and an increase in the discharge of treated wastewater to a volume not to exceed a combined annual average flow of 1,860,000 gallons per day. The current permit authorizes the discharge of treated domestic wastewater at an annual average flow not to exceed 980,000 gallons per day. TCEQ received this application on April 5, 2021.

The facility is located at 300 Jones Street, Sanger, in Denton County, Texas 76266. The treated effluent is discharged via Outfall 001 (pre dam breach) to Ranger Branch, thence to Paddock Lake, thence to Ranger Branch, thence to Clear Creek, thence to Lewisville Lake in Segment No. 0823 of the Trinity River Basin; or via Outfall 001 (post dam breach) to Ranger Branch, thence to Clear Creek, thence to Lewisville Lake in Segment No. 0823 of the Trinity River Basin; or via Outfall 002 to Ranger Branch, thence to Clear Creek, thence to Lewisville Lake in Segment No. 0823 of the Trinity River Basin. The unclassified receiving water uses are minimal aquatic life use for Ranger Branch (upstream of Paddock Lake) and Ranger Branch (downstream of remnant dam), high aquatic life use for Paddock Lake (before dam breach), Ranger Branch (downstream of Paddock Lake before dam breach) and Clear Creek, and limited aquatic life use for Old Paddock Lake section of Ranger Branch (after dam breach). The designated uses for Segment No. 0823 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Paddock Lake, Ranger Branch (downstream of Paddock Lake), and Clear Creek which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bddd360f8168250f&marker=-97.164444%2C33.354444&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Sanger Development Services Building, 201 Bolivar Street, Sanger, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/goto/comment, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from City of Sanger at the address stated above or by calling Mr. Jim Bolz at 940-458-2571.

Issuance Date: April 18, 2022

Mayor candidate profiles on page 5

Early Voting for SISD Bond, School Board and Mayor Elections underway

The Sanger General Election is Saturday May, 7, 2022. Voters inside the SISD boundary will vote on the proposed 130 million dollar bond and there is one school board race between candidates Jesse Hunter and Debbie Reeves for Place 4. Bruce Elsey (Place 7) and Lisa Cody (Place 5) are unopposed.

SISD Bond

(Continued from pg. 1)

If you live in the Sanger City Limits, on the ballot will be the Mayor's race between incumbent Thomas Muir and Jeffrey W. Jarecke. Incumbent City Councilmen Gary Bilyeu (Place 2) and Allen Chick (Place 4) are the lone candidates. Both Mayor candidates are profiled on page 5:

Early Voting started April 25 and will end May 3 at the Sanger Community Center at 101 Freese Drive. Voters can cast their ballots at 41 area Denton County locations, including Sanger's. On election day, Saturday, May 7, Sanger residents have to vote at the Sanger Community Center from 7am-7pm.

of benefits. Our science labs weren't built to meet current TEA standards, but they do meet middle school standards. Also, our Career & Technical Education programs have grown tremendously, and our amazing instructors who have done great work have extremely limited resources.

The culinary arts program is teaching commercial food preparation classes from a converted bus because the high school doesn't have a classroom with the necessary commercial appliances. Would you believe that Sanger has a robotics program? Like culinary arts, they succeed with less than they need, and the teacher goes above and beyond to give our kids the best education possible. These are just two of many examples of our CTE programs doing the best they can with what they have.

Why does CTE matter? My son was one of the 47% of Sanger grads to attend a four-year university after graduating. He'll graduate with a bachelor's degree in three years because of Sanger High's dual credit program. More than half of our kids take a different path and enter the workforce after graduation. Many of our CTE students will graduate and move directly into good paying jobs because Sanger ISD prepared them well. This bond will help our district continue preparing our students for success, whether they go to a university or directly in the workplace.

The Ag arena might be my favorite bond project. The Ag Sciences program is the largest student program at Sanger High. As ag parents know, different animals require different environments for daily upkeep and show preparation, and many students don't have space at home for their project animals. The existing facility is inadequate for the current level of participation. A new facility will provide the space needed for our large and thriving Ag program. It will also allow the district to host jackpot shows, which help prepare our students for bigger shows where they can potentially sell their animals for larger scholarship prizes. The existing ag facility will be used as an overflow, which will provide space to accommodate the number of animals our growing program requires. Our Ag Sciences programs win with this bond.

The Athletic Annex is more than just a football building. It will provide more locker space for every outdoor athletic team, boys and girls. Currently, most of our athletes are forced to store their gear on the floor because they don't have a locker. The annex will also provide shelter for student athletes in the case of severe North Texas weather, just steps from where they're competing. As it is, our kids have very little space for this and visiting teams must cross the parking lot and go to the high school for shelter.

One of the thriving CTE programs in SISD is Sports Medicine. Our trainers currently teach classes in a portable building not designed for the type of education being offered. The annex will have classrooms designed specifically for those classes. Then annex also includes the expansion of our concession stands and restrooms. That means more snacks and more restrooms during football games and track meets.

The new instructional spaces in the bond for our Fine and Performing Arts programs will more than double what they currently have. Both programs have outgrown their spaces and. The new high school plan provides additional room and outlines the amount of space allotted, but the instructors of those programs will participate in the actual design of those spaces. After the passage of the bond, they will work directly with the architects to design the layout in a way that best suits their programs. The arts in Sanger win with this bond.

This bond will move all Linda Tutt programs to the current middle school. Ask the leadership at Linda Tutt and they'll tell you this move is a definite win. They'll have more space for their programs, a working kitchen for student meals, and a gym for use during bad weather. If you want to learn more about the beneficial impacts of the programs at Linda Tutt, search online for Sanger ISD in the Houston Chronicle. It will make you very proud to live in Sanger.

Our elementary schools win big with this bond. Clear Creek and Butterfield become 1st-5th grade campuses, Pre-K and Kindergarten move to Chisholm Trail. This will create more space at Butterfield and aligns the district so that no matter which side of 35 you live, your kids will attend the same campus 1st-5th.

I'm going to state this plainly, YES, your property taxes will increase. We all make hard decisions about our families and finances. Even if you don't have kids in our schools, if this won't benefit you directly, we all benefit when our schools improve and excel. I believe that this bond is in the best interests of not only our students and teachers, but every citizen of Sanger ISD. That's why I'm voting YES, and I hope you will too.

Thomas Muir and Jeffrey W. Jarecke. Incumbent City Councilmen Gary Bilyeu (Place 2) and Allen Chick (Place 4) are the lone candidates. Both Mayor candidates are profiled on page 5:

Early Voting started April 25 and will end May 3 at the Sanger Community Center at 101 Freese Drive. Voters can cast their ballots at 41 area

EARLY VOTING BY PERSONAL APPEARANCE DAYS AND HOURS

April (abril) 25 - 30	Monday - Saturday (lunes - sábado)	8:00 a.m. - 5:00 p.m.
May (mayo) 1	Sunday (domingo)	11:00 a.m. - 5:00 p.m.
May (mayo) 2 - 3	Monday - Tuesday (lunes - martes)	7:00 a.m. - 7:00 p.m.

Sanger Community Center	101 Freese Dr.	Meeting Room	Sanger
-------------------------	----------------	--------------	--------

3 at the Sanger Community Center at 101 Freese Drive. Voters can cast their ballots at 41 area

Denton County locations, including Sanger's. On election day, Saturday, May 7, Sanger residents have to vote at the Sanger Community Center from 7am-7pm.

WHAT'S IN THE BOND?

GRADE REALIGNMENT

In order to address projected enrollment increases, grade realignment will occur at Butterfield and Chisholm Trail Elementary Schools. This will reduce the number of students and increase the functional capacity at the elementary level within the district.

ADDITIONS AND RENOVATIONS

Clear Creek Intermediate will have a classroom addition and renovations made that will increase the school's functional capacity. This will include a storm shelter, and renovations to the cafeteria and kitchen to match the increased capacity. Capital improvements to the campus including fire protection and controlled entry will also be included in the proposed bond.

FOR 2020/21, SANGER ISD RECEIVED A 98 OUT OF 100 FINANCIAL INTEGRITY RATING WITH THE TEXAS EDUCATION AGENCY.

SAFETY AND SECURITY

The safety and security updates in the bond package include new construction safety standards for the proposed high school, a security vestibule added to Chisholm Trail Elementary, and fire sprinklers installed at Clear Creek Intermediate.

SCIENCE LABS

The proposed new high school will provide new science labs, built to the current standards set by the Texas Education Agency. The proposed repurposing of the current high school will ensure that current TEA middle school science lab standards are met.

CTE

If approved, the new high school will more than double the space available for both the Health Occupations and Culinary Arts programs. These programs provide students with an opportunity to participate in a work-based learning environment, earn certifications and participate in activities that prepare them for today's labor market.

FINE ARTS

The proposed new high school will provide additional space for SISD's Fine Arts programs. The instructional and practice space square footage for band and choir will more than double, allowing more students to participate.

AGRICULTURAL SCIENCE CENTER

The current Ag barn was constructed in 1978 and does not have space for large livestock. Bond 2022 includes construction of a new Ag Science facility, with more than 65 pens with turnouts for large animals, exercise area, storage, lockers, and multiple wash and trim stations. It will be designed to allow future jackpot shows to be hosted by our FFA.

ATHLETIC ANNEX

Bond 2022 includes construction of a new athletic annex. All boys and girls outdoor sports will be consolidated in to a single building, including Cross Country, Track, Soccer, Tennis, Softball, Baseball, and Football. A training room for student athlete treatment and instructional space for CTE will also be included.

PREPARING OUR DISTRICT FOR GROWTH

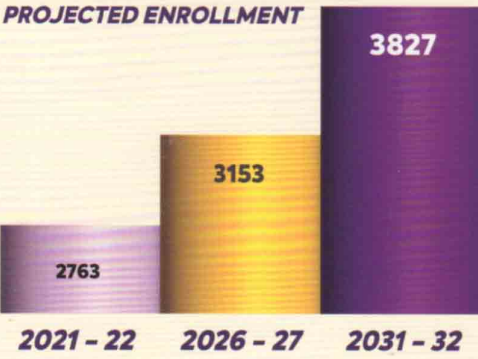

Our district is growing. The Sanger ISD student population is projected to increase by almost 40% within 10 years. That's 1,000+ new students in classrooms and participating in programs across the district.

The 2022 bond proposal is a comprehensive plan developed by 38 members of a Long-Range Facilities Planning Committee, composed of citizens from across the district. These volunteers spent

months learning about school finance, facilities assessments, tax impact data, demographic projections, and more.

The committee process led to the recommendation for a SISD 2022 Bond that includes a new High School and Athletic Annex, a new Ag Science Facility, additions and renovations to existing buildings to increase capacity and improve safety and security.

NEW STUDENT ENROLLMENT

PROJECTED TAX IMPACT

for a home valued at \$100,000:

- \$300 per year or
- \$25 per month or
- \$1¢ per day

SENIORS 65 AND OLDER

who have filed the required exemption form will see no tax increase

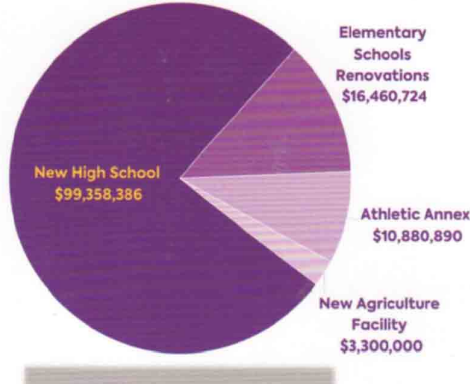

www.SangerISDBond.com

HOME SALES

- New home sales within the district have more than tripled in the last 10 years
- The district currently has nearly 250 lots available to build on across 11 active subdivisions
- There are more than 5,500 planned future lots in seven future subdivisions within the school district

EARLY VOTING: APRIL 25 - MAY 3 ELECTION DAY: SATURDAY, MAY 7

Sanger Mayor Candidate Profiles:

Incumbent Thomas Muir and Jeffrey W. Jarecke

1. Name: Thomas Muir
2. Age: 52
3. Family (spouse's name, children's names and ages):
I have been married for almost 29 years to Elizabeth Muir. We have three daughters -- Grace Davidson (22) and son-in-law Oliver; daughter Bella Muir (19); and daughter Julia Muir (15). My wife and I, along with our family, have been raised in Sanger. We are excited that we are about to be grandparents!

4. Education: 1988 Graduate of Sanger High School
MS and BS in Accounting from UNT
Certified Public Accountant
Certified Financial Planner practitioner

5. Profession/Title/Company: President/CEO of Cultivar Capital, Inc., a fee-only investment management firm.
Portfolio Manager, Cultivar ETF (CVAR), a publicly traded equity fund.

6. How long have you been a resident of Sanger? I have lived in Sanger my entire life --- this is home --- so 52 years.

7. Why did you choose to run for Mayor? I run for Mayor in order to make a difference in our community and to serve our community. Consistent leadership, with a long-range vision, is important for any community, but especially a growing community. My family has been raised here, in Sanger, and I want to see future generations of my family have a good quality of life should they decide to set roots in Sanger also.

8. Why do you believe you are qualified for the seat of Mayor? My track record as past Mayor is probably the best qualification. I have held the office of Mayor since 2010, which has been a growth-oriented time. The growth has come with challenges to our infrastructure, but the Council has been able to navigate these challenges and continue making improvements. Certainly, we see many additional improvements to be made and look forward to continued improvement in and around our city.

In addition to experience as your past Mayor, I bring a business-like, financially conservative mindset to the position. As a CPA and CFP®, I bring a broad understanding of management, business operations and critical thinking.

Through the proactive efforts of city management and your Council, the city has improved its bond rating multiple levels, which saves taxpayers money in the form of cheaper financing on our bonds. We have a strong Aa3 rating with Moody's and AA rating with S&P, evidencing our prudent responsibility with taxpayer funds.

9. What can the City do to attract more businesses to Sanger? The city has always been open to offering incentives to larger businesses that bring jobs and commercial tax base, which can ultimately remove some of the burden from residential taxpayers and provides jobs and economic development. We are careful to ensure that these incentives are still beneficial to all citizens of the city from their outset, such that bringing the business is incrementally positive for the city, as a whole, not just a single business beneficiary.

Sanger is uniquely located at the tip of the DFW metroplex, at the crossroads of I-35 and FM 455, on the edge of Lake Ray Roberts, and with an historic downtown. These community assets position us well for the next wave of growth, which we are already seeing. These are the critical selling points that we have built into our Sanger 2040 Comprehensive Plan, that was just completed. We sought community-wide input and had multiple forums seeking input. We are hopeful that this plan will amplify our ability to highlight our current businesses and attract new businesses.

When the "new business" question is asked, implied in the question is always the question of when we will get a new grocery store. It is my feeling that this is likely an imminent event in our city.

(Continue on page 8)

1. Name: Jeffrey W. Jarecke
2. Age: 61
3. Family (spouse's name, children's names and ages) Divorced
Son Matthew Jarecke Age 25
Daughter Natalie Jarecke 23
4. Education: College
5. Profession/Title/Company: Fire-fighter with DFW Airport / Retired
6. How long have you been a resident of Sanger? 5 years
7. Why did you choose to run for Mayor? I love living in Sanger. I enjoy the small town feel and being away from the big city hustle. We have a lot of opportunity to make Sanger a better place to live. We need good Public Safety, Good streets, and a quality infrastructure. Being retired, I feel I have the time to devote to the Office of Mayor.

8. Why do you believe you are qualified for the seat of Mayor? 41 years in the Fire Service, I was able to make decisions that produced the best outcome for all involved. I was able to be level-headed in highly stressful situations. Those are skills I can bring to the Office.

9. What can the City do to attract more businesses to Sanger? Sanger needs to be able to attract more businesses. The citizens need more resources locally. We need to be able to approach big business, while not ignoring the small businesses. We need to get the resources to the economic development department to attract what we need. The 2040 plan addresses a lot of what the people want to see. I believe in the citizen input on what they want to see. Lets bring back Townhall meetings.

10. What would you say to residents about the current state of the streets that are in need of repair? And, if you believe more money should be made available for ongoing street repair, where will this money come from? We need to fix the streets right the first time. Patch work does not work alone. We need to look at who is doing the most damage to our streets. All the new construction is putting so much stress on our streets. Prime example is Willow Street. It may come down to limiting the larger trucks to 455. Also, we need to make the concrete thicker, than it should be done right the first time. We need to look at allocating money to do major road repair. If it takes fixing up to five streets a year, within 2 years, 10 streets can be repaired. We need to be aggressive on getting grant money for these projects.

11. What do you believe are the most important projects to be either started or completed in the city in the next two years? We need to light a fire under the Highway Department to get our major highway projects completed. I believe in the 2040 project. I want to see this completed, and the citizens visions realized. I know that this going to take a lot longer for these projects to get done but lets get them well under way. We need to be transparent with letting the citizens know if we are negotiating for a grocery store.

12. Is it important to you to keep the property tax rate from rising for the residents of Sanger? Yes, I feel we can be responsible with our taxes, People have enough of a burden dealing with everyday expenses, and rising inflation.

13. Do you think our main street/downtown is healthy and successful? No, When I first moved here, I remember walking downtown with lots of foot traffic and vibrant businesses. There isn't much foot traffic now. When I get out visit and support our local Businesses, they are hurting. We need to promote our downtown from Interstate 35. This can be done with a billboard promoting what we have to offer. We are the gateway to the sportsman paradise Lake Ray Roberts. Better lighting at night would help Bolivar look less abandoned.

14. What's most important for the city as far as growth and new homes being built? We need more parks, beltways, and bike paths. We also need to make sure our current infrastructure can handle the growth. We need to keep Sanger unique and not just another city on Interstate 35 that no one knows where they are.

15. If you could change one thing in our zoning code, what would it be and why? Streamline the process. The biggest complaint that I hear from citizens, and potential business owners is its

BY DONNA GREEN - Director of Marketing for the City of Sanger

All American Dogs

Meet Bob and Meredith Matthews, owners of All American Dogs (AAD) Animal Shelter in Pilot Point. AAD is not a city shelter. It is run by All American Dogs, a private animal control company. AAD provides animal control and code enforcement to over 29 municipalities in the DFW area. They have partnered with Sanger for the last 9 years.

With April being Pet Appreciation month, I contacted Kirk Sissner, Shelter Manager, and asked if he could arrange a behind-the-scenes tour and have someone tell me more about the shelter. Owners Bob and Meredith, along with Kirk and AJ (both Shelter Managers), were more than happy to show off the facility. It was straightforward to understand why instantly. We have all been to pet shelters. I have often walked away feeling very sorry for the animals and their living conditions. This was not the case at All American Dogs.

Let me first say that this facility was excellent. The staff has a genuine love for all animals. And the animals that come to AAD are living their best life. I was thrilled to see that currently, they don't have

a lot of cats. I am a cat person, terrified that I would get there, feel sorry for all the cats, and try to bring them all home. These little guys and gals are living their best life. The animals don't spend all their time behind bars. Every animal (all 89 – cats and dogs combined - as of the day of my visit) gets human playtime every day. If you are in the market for a cat, might I suggest **Twinkie**? He is about five years old and a complete lover. He is a high attention cat that wags his tail and sits. Adorable!

AAD has been in business for just over 14 years. This amazing facility sits on 12+ acres. Owners Bob and Meredith have been steadily building and improving the shelter. Currently, they are in the process of adding an additional cat room and adding a brand-new building for their dogs. Additionally, as the new facilities come online, the older buildings are being remodeled to provide the animals with the best housing facilities available. AAD is considered a no-kill shelter. Animals don't get put down just because they have been there a long time. They boast a 90+% adoption rate. They are careful as they grow their facility not to grow so big that it negatively affects the animals under their care. They partner with Petco to show and get their animals into forever homes. Additionally, they partner

TWINKIE

with Adopt a Pet and Miles of Hope Animal Rescue to list all of their animals online.

If you visit All American Dogs, you will notice they have some unexpected pets on the property. Their primary focus is on domesticated animals (dogs and cats). However, they do have three pot-belly pigs that are crazy cute. These pigs act a lot like dogs. They love pats on the head, and if you rub their bellies, you are certain to have a friend for life. They share a very large field with a donkey and several goats.

Upon entering the facility's main office, you will notice a couple of very large fish tanks. They don't necessarily

take fish but having the tank did originate from a surrender. Now they breed Cichlids and sell them. Next to the front desk, Kada, a beloved bearded dragon, is nestled in her habitat. Don't go there to adopt her. The Matthew's and staff have decided she now belongs to the shelter. She is exceptionally cared for and spends many hours outside her cage being loved by everyone.

AAD offers many services. First and foremost, you can find your new family member at the facility. They encourage

visitors to call before coming to the property. They have a pet surrender program, and concerned residents can file a code enforcement complaint or report an animal control concern. Additionally, when your 4-legged family member crosses over the rainbow, they provide cremation services along with a memorial cast of your furbaby's paw print.

While the animals at All American Dogs are living great lives, they all would love to go to forever homes. Right now, they have 70+ dogs that need homes. I was fortunate to get to spend time with all of them. One, in particular, **Wilson**, a six-year-old American Bulldog Mix, stole my heart. This little guy is super friendly and affectionate. He is not an easily excitable dog. While all the dogs around me were barking and vying for my attention, he came up close and sat by me while waiting for me to notice him. AJ, Shelter

Manager, informed me that he is always very chill. He explores his area then likes to come to be by your side. According to his profile, he is excellent with other dogs, great with kids, and house-trained.

When you adopt a pet from AAD, it will be 100% up-to-date with its shots; it will be spayed or neutered, microchipped, and tested and treated if positive for heartworms. While the shelter doesn't do an FBI check on you before you can adopt a dog, they do want to meet you and talk to you. Their goal is to make every effort to place the animal in a forever home. They want to make sure that the adopters of the animals are ready for a furbaby and that the baby they are getting fits nicely into their lifestyle.

If you are interested in adopting a pet, they make it easy and convenient for you to contact them. You can reach them by phone at 972-382-3647, email them, or visit them online. They are located at 12860 Tischler Rd., Pilot Point, TX. If you are not looking to adopt but still want to help, click here to make a donation.

CITY OF SANGER, TEXAS NOTICE OF PUBLIC HEARING Notice is hereby given that public hearings will be held by the Planning & Zoning Commission in the Historic Church Building, 403 N 7th Street, Sanger, Texas at 7:00 p.m. on Monday, May 9, 2022, and by the City Council on Monday, June 6, 2022 at 7:00 p.m. in Historic Church Building, 403 N 7th Street, for the purpose of considering the following: A Rezoning from Agricultural (A) to Planned Development (PD) of approximately 483 Acres of land, described as A0029A R BEEBE, 66, 67, 68, 72B, 72B(2A)(1), 72C and 107 within the City of Sanger, and generally located on the north side of FM 455 adjacent the BNSF Railway and continuing east to Marion Rd and north to Lois Rd. A Request for a Specific Use Permit (SUP) for a restaurant use, at 1114 N Stemmons located on 1.42 acres of land described as A00290A R. BEEBE, TR 133(PT) zoned as Industrial 1 (I-1), and generally located at the south east corner of the intersection of N 5th St and N Stemmons. Notice is hereby given that a public hearing will be held by the Board of Adjustments in the Historic Church Building, 403 N 7th Street, Sanger, Texas at 7:00 p.m. on Monday, May 9, 2022, for the purpose of considering the following: A request for a variance from Chapter 14 Planning and Zoning - Article 14.100 Planning and Zoning, Section 52.2.3 to allow a variance from the minimum rear yard setback of 25 feet and to allow for a minimum rear yard setback of 21 feet for a new home that is being constructed on an infill lot located at 209 Marshall Street. Notice is hereby given that a public hearing will be held by the Planning & Zoning Commission in the Historic Church Building, 403 N 7th Street, Sanger, Texas at 7:00 p.m. on Monday, May 9, 2022, and by the City Council on Monday, May 9, 2022 at 8:00 p.m. in Historic Church Building, 403 N 7th Street, for the purpose of considering the following: A Rezoning from Agricultural (A) to Planned Development (PD) of approximately 326 acres of land, described as A0029A R BEEBE, TR 56, 56A, 56B, 60, 61, and 65 within the City of Sanger, and generally located on the south side of FM 455 and approximately 330 feet east of the intersection of Marion Rd and FM 455 and continuing south to McReynolds Rd. All interested citizens and property owners are hereby notified of their right to appear and be heard on this matter. Kelly Edwards, City Secretary, City of Sanger

Eric Church, Jason Aldean &
Kenny Chesney

Celebrate Independence Day with us! Mark your calendars for July 2nd from 4 - 10 PM. Enjoy a full day of Water Slides, Food and Merchandise Vendors, plus Live Music featuring tributes to Eric Church, Jason Aldean, and Kenny Chesney. We will top off the evening with a 20 minute fireworks display!

Muir

(Continued from pg. 5)

We have always solicited numerous grocers to come to town and have done economic studies to show them the gap need. Many prospective grocers, in the past, have said that the community household demand numbers were just on the verge of their desired economic trade base. With the FM 455 expansion and the loss of the current grocery store, our available trade base just got larger; there is a larger gap now between demand and supply within our trade area. Consequently, there has been much more interest from grocer developers willing to look seriously at Sanger.

10. What would you say to residents about the current state of the streets that are in need of repair? And if you believe more money should be made available for ongoing street repair, where will this money come from? If you have carefully watched the city over the past 10 years, you have seen some significant changes in the city street infrastructure. We began with some of the significant collector streets (i.e., Keaton, 2nd, Freese, etc.). On many of these, we replaced the underlying infrastructure as we rehabbed them.

Along the way, we rehabbed various areas within the city (i.e., the Indian Springs neighborhood, Wayne and Jackilu neighborhood, Holt and Berry around the school, Smith, Sims, Kirkland, Melinda Myrl, etc.).

With many of the collector streets and neighborhood streets improved, the Council entered in to a 5-year plan several years ago to improve the streets in the center of town. You have seen the acceleration of several years of these steps over the past few years with many internal streets being resurfaced. We are not yet finished with this plan and recognize that we still have work to do, but I and your Council remain committed to this process.

We also stretched Sanger citizens' tax dollars by partnering with the County to totally redesign and rebuild McReynolds Road ahead of the FM 455 work, in order to provide a better secondary way into and out of town as we anticipated the traffic challenge of the FM 455 work. Likewise, we are currently advocating with the County for use of some of its future bond funds for the rehab of Marion Rd., Belz Rd. and Duck Creek Rd. If we can leverage County funds for these larger projects at the edge of our city boundaries, we can further stretch city taxpayer dollars.

Sanger's growth will likely continue to allow us to keep a stable or declining property tax rate, while still accomplishing significant ongoing street rehab programs.

11. What do you believe are the most important projects to be either started or completed in the city in the next two years? The big projects that will impact the city most visually and impact immediate growth will be the completion of FM 455 and the coming I-35 expansion. While these are both initiated by TXDOT, we have to manage the city's portion of the project and understand the longer-term positive impact of what is likely to be a challenging time of construction.

Beyond these obvious projects, you can be certain that we are watching closely all the services and infrastructure necessary to maintain services for all residents as the town grows. I call these areas the "blocking and tackling" of city work. It includes our police, fire, EMS, electric, water, wastewater, etc. It is these folks in our city staff that make it all work.

One example of how we made appropriate investment and contractual decisions was during the freeze of February 2021. I could not have been prouder of our city employees and leadership during the freeze that incapacitated many other cities. We had proactively contracted on a fixed-rate contract for our electricity. Our electric department made sure we did not exceed our contracted amount with minimal, well-timed and consistent periods of down time. Consequently, the rate payers of Sanger received no additional ancillary charges and did not have to pick up any of the state deficit caused by the historic outage. Likewise, our water department kept wells running and unfrozen; we avoided a boil notice in Sanger, while other communities around us suffered with this inconvenience.

12. Is it important to you to keep the property tax rate from rising for the residents of Sanger?

The only time the city has raised property taxes in my twelve-year tenure was in 2013 and it was solely for the purpose of putting additional funds toward streets. Otherwise, Council has maintained a steady tax rate and even lowered the property tax rate in the most recent budgetary cycle. Sanger's growth will likely continue to allow us to keep a stable or declining city property tax rate, while meeting our growth needs. Just like with your personal budget, we want to make prudent expenditures and live within our means for our normal ongoing expenditures. We only want to use longer-term debt to fund infrastructure with long useful lives. The city's property tax rate is only about 30 percent of the overall property tax paid by residents and we are very aware of the need to only generate revenues that allow us to meet the needs of the community -- no more.

13. Do you think our main street/downtown is healthy and successful? I believe the downtown is healthy and continues to improve. We have the "bones" of a strong historical downtown that many communities wished they had or try to build. The new Sanger 2040 Comprehensive Plan identified some elements that may be helpful to further develop the downtown area and we will be exploring these items going forward.

However, we cannot escape discussing the challenges of the COVID era that was a very trying time for small businesses everywhere, including Sanger. We had many creative businesses that found a way to adjust and survive through this difficult time. In a small town, we are always grieved when we see a local small business suffer at no fault of their own; this was difficult. The city partnered proactively with the county to use some of its stimulus funds for our local businesses.

Our town was resilient, and our overall sales tax revenue maintained and continued to grow during this period. This is a testament to current businesses and new ones that came into the downtown area and other areas of the city. This occurred even in the period where other sales tax revenue generators were also affected negatively by the FM 455 expansion. I am grateful for all the hard work our Sanger area businesses have done over the past few years -- it shows.

14. What's most important for the city as far as growth and new homes being built? We want quality growth, not just growth for the sake of growth. Yet, we need growth to draw the local conveniences and services that our citizens desire. It is important to build a larger commercial and retail base that would allow citizens to get their goods and services locally. Additional households are required to attract further retail development. This also has the likely benefit of reducing the residential property tax burden over time. For some years now, Council has laid out a desired mix of housing that is aimed to improve the size and quality of Sanger's housing mix, all to improve the overall future lifestyle for residents.

15. If you could change one thing in our zoning code, what would it be and why? The zoning code is meant to allow for consistent development of both residential and business-type enterprises in a cohesive and planned manner. We are looking at the new Sanger 2040 Comprehensive Plan and seeing what changes might be necessary to achieve the vision that citizens shared with the city. This will likely include some changes along the FM 455 area and some of the allowed business and housing types around downtown to allow for a walkable area within historic downtown. By using the rehab of FM 455 and I-35 as a catalyst to consider any zoning redesignations, we hope to further facilitate a quality look and feel for Sanger.

16. If you received a \$1 million grant to use for the city any way you wanted, what would you do with it and why? We are currently looking for ways to incent the acceleration of improved city-wide internet infrastructure with a move toward gig-a-bit status. One option for additional grant funds would likely be this type of infrastructure improvement that is brought to the city by outside internet providers. With improved internet speeds, we can draw workers that work locally or remotely, while being within a short trip into the metroplex for periodic business and customer meetings. Greater internet speed and access would also improve the availability of education for Sanger's students and families. Both of these needs became apparent during the past few years. Sanger is an ideal place to raise your family locally, while accessing broader work and business opportunities metroplex wide.

17. Where are your favorite places to spend time in town? My family likes going for walks in the Sports Park. Our dogs love the outing and we enjoy the fresh air and seeing others from around town.

Jarecke

(Continued from pg. 5)

too expensive, and hard to obtain.

16. If you received a \$1 million grant to use for the city any way you wanted, what would you do with it and why? I would want to enhance our park system. We could use a doggie park. We also need things for our youth activities. Such as a bike, skate park.

17. Where are your favorite places to spend time in town? I try and support all the local businesses in Sanger such as Bolivar BBQ, rated one of the best in the State. Nothing wrong with indulging in Babes Chicken. The Italian restaurants are pretty good too. Did you know we now have two breakfast places. I try to support many of the local businesses. We don't need to be giving our sales taxes all to Denton. I want to promote more restaurants that bring more variety like our current restaurants. I also indulge in the bar called the Revival, what a great gathering place to find out what our citizens are wanting, and really care for the city.

FOOD DRIVE

MAY 9TH THROUGH MAY 13TH

Your generous food donation fills up more than just an empty box.

Please help us as we help those less fortunate in our community.
All donations will be delivered to the **First Refuge Ministries Pantry**
and will directly help our neighbors.

SHS baseball:

Sanger's varsity boys baseball team beat Gainesville last week 15-2 in a district game.

Chandler Bowland earned the win. He lasted four innings, allowing two hits and two runs while striking out seven. Corbin Bulger and Bryson Liechty entered the game out of the bullpen and helped to close out the game in relief.

Sanger hit one home run on the day. Bowland went deep in the sixth inning. Sanger had 15 hits in the game. Riley Blagg, Chase Wernimont, Daren Vazquez, Jasper Stockard, Bulger, and Major Bilyeu all had multiple hits. Blagg went 3-for-3 at the plate.

The Indians beat Boyd on Saturday in a non-district contest 6-0.

Chase Wernimont was credited with the victory. The lefty surrendered zero runs on one hit over one and two-thirds innings, striking out one. A number of pitchers entered the game as relief, with Vazquez, Liechty, Mason Gleason, and Bulger all securing outs and ultimately the victory. Bulger recorded the last out to earn the save.

Blagg, Bulger, Bowland, Barrett Gruber, Bilyeu, Vazquez, and Wernimont each collected one hit.

Lady Indians playing playoff best of three game series

First game at Kennedale, play in Sanger on Thursday

The Lady Indians lost game one of the bi-district playoff contest against Kennedale on Tuesday evening 6-1. Game two will be played in Sanger on Thursday.

Sanger and Kennedale were scoreless until the fourth inning when the Lady Cats took a 1-0 lead. In the fifth inning they added five more runs. Sanger freshman Leala Kloewer pitched five innings. She only gave up two hits and struckout six. She walked four and allowed a homerun. Sydne Faulkner came in and pitched two scoreless innings.

Sanger's offense managed six hits. Freshman Kyle Cochran got multiple hits. Raynee Peterson, MaKynna Meeks, Grace Wallace and Audrey Lindsey (1 RBI) each had a hit.
