## Sanger Public Library schedules several events

Get Ready to Dive into Summer Fun! Prepare to be wowed by "Oceans of Possibilities" in June! Among other activities, there will be LED light

juggling by a world record holder, ukulele classes, cool crafts, and even a Battle of the Books at the Sanger Public Library! They will also have events for adults, beginning with a presentation on Marie Kondo's method of "tidying up" on June 2nd.

After two lower-key summers due to Covid, the library is ready to bring back more in-person events this year. Although the theme for this year's Summer Reading program is officially called "Oceans of Possibilities," they will be exploring a variety of subjects.

They want to make reading even more fun by hosting Graphic Novel Book Clubs for both middle-grade students and teens and a Battle of the Books competition with

the Krum Public Library. Readers will have chances to win weekly prizes for logging their reading through the READsquared online accounts and app, and this year we'll offer the choice of logging by time, pages, or books. The point system in READsquared makes such options possible, as well as completing "Missions" to earn additional points.

Registration for the reading program begins at the Kickoff event on Saturday, June 4th, and the program concludes with the End of Summer Party on July 30th.

The full calendar of events for June and July will be available soon. They look forward to seeing you in the library this summer! **SEE MORE ON PAGE 6:**

**Monday, May 30th, 2022**

### Meet Felipe Ibarra, City of Sanger, Public Works

Felipe has worked for the City of Sanger for 9 years. He started in the Parks department and after only a few short months, he was promoted and moved to our Public Works, Street division. Today he continues to work in Streets as a Team Lead. Felipe decided to leave his mom, dad, and three sisters and move to the United States from Mexico in 1994. Shortly after his arrival in the US, he met the love of his life, Priscilla. They married in 1995. They have built their lives and raised their three children, two girls ages 25 and 21 and one son, age 12 in Krum. Priscilla works for the City of Highland Village. She started there shortly after she and Felipe married. Felipe spends his free time with his family. He and his wife spend their holidays in Mexico visiting friends and Felipe's three sisters.

### Meet Denzel Murray, City of Sanger, Public Works

Let me introduce you to Mr. Awesome himself, AKA Denzel! He joined the City of Sanger just six weeks ago on the advice of our own John Henderson. Denzel and John met through their love of playing corn hole. When Denzel mentioned to John that he was looking for somewhere he could build a career, John referred him to the City. Denzel and his two younger sisters were raised by their mother. Denzel attributes everything good in his life to the love and values instilled in him from her. Growing up, Denzel's family moved around a lot. Even though he was never in one school very long, he said that he always had a large group of friends. He said, "I am typically the life of the party. Making friends was never something that was difficult for me." After graduating high school, Denzel attended Spartan College of Aeronautics in Tulsa Oklahoma where he was studying aircraft maintenance. Life happened and he was unable to complete his final semester - something that he is considering completing in the future. ### How You Can Help

It is possible to have a healthy landscape and save water. In fact, many plants grow better when they receive just the right amount of water. Below are some simple tips for saving money and water when caring for your landscape. You can also request an irrigation system evaluation. Also, check out upcoming events to learn more about the topics below and have your questions answered.

### Know When to Water:

Irrigate only when needed, and no more than twice per week (helps your lawn grow a deeper, healthier root system). For more information on when and how much to water, sign up for Water My Yard recommendations. It's like a watering calculator for your lawn.

Water before 10 am or after 6 pm. In fact, it's best to water early in the morning (3am - 6am) when it's cooler outside to prevent evaporation. Plus, many communities do not allow watering with automatic sprinkler systems between 10am and 6pm.

Water before 10 am after 6 pm  
Trinity graphic to water before 10 am or after 6 pm

Get to know your irrigation controller and the other parts of your irrigation system. Consider using a WaterSense labeled controller to water more efficiently.

Install a rain and freeze sensor to prevent unnecessary watering. Here's how.

Watering during the winter is generally not needed except to maintain soil moisture during the unusually dry periods. Turn your controller off to prevent sprinklers from running automatically.
