VOLUME 11, NO. 5 400 Bolivar Street, Suite 311 in Historic Wilfong Building - Sanger, TX 76266 January 13, 2023

Second suspect arrested in robbery of Cool Vapes

On Wednesday, January 4, Zachary Scott Kershner (27) and Nichole Dawn Williamson (24), both of Denton, were arrested following a standoff with police concerning an aggravated robbery that occurred at Cool Vapes in Sanger on December 14.

Around 10:00 a.m. Wednesday, investigators from the Sanger Police Department and the Texas Department of Public Safety Criminal Investigation Division and warrant deputies from the Denton County Sheriff's Office went to a business owned by Kershner in Denton to attempt to serve an arrest warrant for Aggravated Robbery.

Kershner had barricaded himself in his business and refused to come out or communicate with officers when they attempted to contact him. His presence in the building was confirmed via a GPS ankle monitor he is required to wear as a term of probation, and a search warrant for the business was obtained. Due to the nature of the warrant and Kershner's criminal history, assistance was requested from Denton Police Department's tactical team. Negotiators attempted to contact Kershner, but he continued to refuse to communicate with police. After approximately three hours of trying to speak with Kershner to get him to come out of the business, DPD tactical team entered the business and took Kershner into custody without incident around 1:30 p.m.

Williamson, who had previously been arrested for Aggravated Robbery in connection with the December 14

robbery of Cool Vapes and bonded out, was also located hiding in the business and arrested on outstanding felony warrants for Possession of a Controlled Substance, Penalty Group 1, Under 1 gram (cocaine) and for Endangering a Child. These warrants were obtained after a search warrant was executed at Williamson's Denton home on December 16.

Kershner was arraigned on January 5 and had bail set at \$75,000 for the Aggravated Robbery warrant. Williamson had bail set at \$2,500 (Possession of Controlled Substance) and \$5,000 (Endangering a Child) on her warrants.

The Sanger Police Department would like to thank the Texas DPS, Denton County Sheriff's Office, and Denton Police Department for their assistance in the investigation of the Cool Vapes Robbery and in safely taking these individuals into custody.

"I want to commend Detective Lewis for the many long hours and dedication working to solve this case," said Chief Waylan Rhodes.

At approximately 10:10 p.m. on Wednesday, December 14, the aggravated robbery occurred at the shop at 904 S, 5th Street in Sanger. A male and female dressed in all black, gloves, face coverings, and sunglasses entered the store. They displayed a handgun and forced the employee into a bathroom, then proceeded to take cash and merchandise from the store. They left the store in a red Kia Soul with no license plate visible in the surveillance video. The employee was not harmed during the robbery.

SHS Athletic Director Galbreath retires, Smart will not return as football coach

Longtime Sanger ISD athletic director Chuck Galbreath announced Thursday he will be retiring at the end of the month after 16 years in the role.

Galbreath served as Sanger's head football coach and athletic director from 2007-2016, transitioning to solely holding the athletic director post in 2016. The Sanger native amassed a 64-44 record in 10 seasons as the Indians' head coach and holds a career record of 80-61.

"I was able to be the athletic director in my hometown for 16 years," Galbreath said via press release. "It is something that I have enjoyed immensely and am very proud of. It is something I will look back on as the best time of my life, career-wise."

"I am proud of all the accomplishments we've had in athletics throughout my 16 years and the way we positively impacted the kids of Sanger throughout my tenure. I want to thank the Sanger community, administration and school board over the years for all the support I've been given."

The announcement comes the same day as Sanger football coach Rocky Smart confirmed to the Denton Record-Chronicle that he will not return

for another season leading the program. Galbreath's retirement had been in the works for a long time and is unrelated to Smart's departure, according to a Sanger ISD spokesperson.

Smart spent the last four years at the helm in taking over for Cole Ford, who served as Galbreath's offensive coordinator for his last four years and was the first to hold the head gig after Galbreath stepped down.

Galbreath led the Indians to consecutive nine-win seasons in 2010 and 2011, each year falling in the opening round of the playoffs to traditional power Celina. Sanger had two more strong seasons in 2014 and 2015, winning nine or more games and a first-round playoff game both years.

"We want to thank Chuck for his 16 years of service and dedication to this district," Sanger ISD Superintendent Tommy Hunter said. "I have immense respect for Chuck, and have greatly enjoyed getting to know and work with him. He has left a lasting impact on Sanger ISD and the athletic department."

Sanger head football coach Rocky Smart will not return for another year after four seasons leading the program, he

Rocky Smart

confirmed to the Denton Record-Chronicle on Thursday morning.

The news of Smart's departure was first reported by Dave Campbell's Texas Football's Matt Stepp via Twitter.

Smart compiled a 21-21 overall record in four years at the helm. During that span, he helped the program improve from a winless 2018 season to a 1-9 record his first year and three straight seasons of five wins or more from 2020-22.

Christy Windle

January 10, 1980 - December 27, 2022

We lost our dear Christy Windle on December 27th, 2022, in Dallas, Texas, at the age of 42. Christy was born on January 10, 1980, in Denton, Texas, to parents Robert (Bobby) Windle III and Kathryn Parker.

Christy was known by all for her love of music, art, gardening, animals, and her family and friends. She was a proud granddaughter, daughter, sister, aunt, niece and cousin. She treasured good friendships and spending time with those dear to her. She loved attending concerts and finding unknown artists. And most of all she greatly loved cats and had many as pets throughout her life. Christy was a true servant who enjoyed helping meet the needs of others, whether it was getting a house ready for Christmas, planting and cultivating a garden, or simply doing the dishes after a large family meal. With grieving hearts we mourn her loss but also cling to the hope that she is home and resting safely in the arms of our Heavenly Father.

As we seek to honor her name, we also recognize the difficult reality that hindered her life. Christy loved Jesus and professed Him as her Savior (Romans 10:9), but her many, beautiful, God given characteristics were often clouded by addiction. Where there is addiction, tragedy often follows yet it is God who holds the victory in life and in death. (1 Corinthians 15:54-57)

Christy will be remembered and cherished by all who knew and loved her. She is survived by her mother, Kathy Parker; stepfather, Nat Parker; father, Bobby Windle; stepmother, Gail Windle; brother, Brad Windle and family; stepbrother, Tan Parker and family; stepbrother, Shawn Parker and family; stepsister, Nicole Ohman and family; stepbrother, Ryan Parker and family; stepbrother, Michael Masterson; stepbrother, Andrew Masterson; stepbrother, Thomas Masterson; grandmothers, Joan Millerborg and Nina Windle; and many more loved and dear extended family; aunts, uncles, cousins, nephews, and nieces, as well as friends who are considered family.

A memorial service will be held at Denton Bible Church: The Chapel, on Friday, January 13, 2023, at 2pm. In lieu of flowers, please consider donating to Parents of Addicted Loved Ones | Support Group for Parents, Spouses, Family of Addicted Loved One (pal-group.org)

TEXAS A&M AGRILIFE EXTENSION
DENTON COUNTY

Not much activity is happening in the garden this time of year. The holiday season just ended, and so the garden has been quiet. Any summer vegetables have succumbed to a frost or freeze, so now is the perfect time to think about cool-season plants. Our early springs in Texas can bring some very warm temperatures. These warmer temps make cool weather plants very unhappy. That's why December and January are the best times to get these plants in the ground and well-established.

The nurseries are filled with lots of colorful flowers right now. Check out your local nurseries, which will carry plants appropriate for your growing zone. Big box stores supply plants to numerous parts of the country and will only sometimes have plants suited to our area. Cold-hardy transplants of calendulas, dianthus, flowering kale, pansies, violas, and snapdragons are abundant. One trip to the garden center will give you so many choices it will be hard to narrow down. You will find well-established transplants ready for your garden. It's also quite helpful to see their appearance once you get them planted into your own space.

Remember, cool-season vegetables. Plant kale, spinach, Swiss chard, and lettuce in January. Most greens will thrive in these cooler conditions. Cool-weather crops can withstand a light freeze or frost, and you can protect them from more extreme cold temperatures and wind with a light blanket or sheet. You can also purchase row cover from your nursery for a more permanent solution. During this time of year, it is essential to check the forecast.

Herbs are another category that we can plant now. Cold hardy varieties include chives, mint, oregano, sage, and thyme. Herbs take a bit of time to become established; it is best to plant early in the month and protect from any sudden drop in the temperature. Though rosemary is not on this list, mine has survived two cold winters with minimal protection.

Remember that mulch is your best protection against high winds or cold weather. Mulching your beds at planting time will also prevent moisture loss. Use organic materials such as straw, arborist wood chips, or shredded leaves for best results.

Now is the time to curl up in your favorite chair with all those seed catalogs. For the last two years, many varieties have sold out, so if you have some favorites, I recommend ordering early. Growing from seed gives you many varieties that aren't available from a nursery as a transplant. When considering seeds for your garden, look for varieties that can withstand the Texas climate. Texas A&M has information and recommendations on the best plants for our area. If you plan to start seeds indoors for spring, consider the type of growing station you would like. There are countless choices in lighting, heat mats, and shelving units. 2023 is the year to start your seed-growing adventure!

Financial FOCUS

By Allen Chick,
Edward Jones

Are you ready to 'unretire'?

Have you recently retired but are now thinking of going back to work? If so, you aren't alone, as many people are choosing to "unretire." But if you do reenter the workforce in some capacity, what opportunities might be available to you? And how will your renewed employment affect your financial outlook?

For starters, though, what reasons might motivate you to go back to work? For many people, the primary cause has been inflation, which has presented a huge challenge to retirees living on a fixed

income. In addition, the volatile financial market of 2022 caused many people's investment portfolios to decline in value — a real problem for retirees who needed to start selling investments to supplement their income.

But non-financial factors could also be driving you to unretire. Like other retirees, you may miss the chance to use your work experience to engage with the world, and you may miss the social interactions as well.

In any case, if you do decide to rejoin the working world in some fashion, you may have several options. For example, if you enjoyed the work you did for your former employer, you might want to see if you could go back on a part-time basis. Or you could use your skills to join the "gig" economy by doing some consulting or freelance work in your former industry. You

might also consider going to work for a nonprofit organization, as many of these groups lost employees during the height of the COVID-19 pandemic and are now facing labor shortages.

Going back to work, even part time, can improve your cash flow, which helps cover the cost of regular expenses. Furthermore, the added income can possibly help you delay or reduce withdrawals from your investment accounts. And it's important to increase the longevity of these accounts considering you may spend two, or even three, decades in retirement. (Once you turn 72, however, you will have to start withdrawing certain amounts from your 401(k) and traditional IRA.) But your earnings can affect another source of your retirement income — your Social Security benefits.

If you return to work

before your "full" retirement age, which is likely between 66 and 67, the Social Security earnings limit in 2023 is \$21,240. For each \$2 earned over that amount, Social Security will deduct \$1 from benefits. If you reach your full retirement age in 2023, the earnings limit is \$56,520; Social Security will deduct \$1 from your benefits for each \$3 earned over this amount until the month you turn your full retirement age. But in all future years after you've reached your full retirement age, you can earn as much as you want without losing any benefits. Social Security will then recalculate your payments to give you credit for the months your benefits were reduced or withheld due to your excess earnings. Be aware, though, that your earned income can potentially result in higher taxes on your Social Security benefits at any age.

Returning to work can be rewarding, both financially and emotionally. And you may get more out of the experience when you're aware of the issues involved.

A ground, close-up view of the rear entry of the field house:

A/D and SHS football coach

(Continued from pg. 1)

my time at Sanger,” Smart said. “I’ve enjoyed and loved being a part of the community and coaching the kids here. Everybody’s been really good to me and my family.

“My first year here, we had a lot of struggles. I’m really proud that the kids worked as hard as they did. We’ve grown as a program every year, I feel, and made the playoffs every year. That’s what you want in any business is to get better, so I’m really proud.”

Smart’s winningest season at Sanger came in 2020, when the team went 8-2. That squad was quarterbacked by Smart’s son, Rylan, who threw for 2,075 yards and 17 touchdowns while adding 313 rushing yards for nine scores.

Rocky Smart led the Indians to a 7-4 record and third consecutive playoff appearance this past fall before they suffered an opening-round playoff defeat to No. 1-seed Caddo Mills.

The loss ended the careers of several seniors who were eighth graders when Smart was hired in February 2019, making for an emotional night for all involved.

“It’s been really special to me, and I hope they had a great time, because I know the coaches have,” Smart told the Record-Chronicle after the defeat.

This latest season brings Smart’s career record to 110-62, including stints as head coach at Clyde, Seymour and Nazareth. He has 24 years of coaching experience and was the offensive coordinator at North Forney before taking over at Sanger.

With the departures of Galbreath and Smart, Sanger is in the market to fill two of the most important positions in its athletics department

Sanger ISD Construction Manager Update January 9, 2023 - Board Report

On December 14, SISD held a meeting with VLK. It was the 99% CD Review meeting for Clear Creek Intermediate. Clear Creek will undergo several projects including adding 10 classroom additions with storm shelter, expanded parking lot, additions to the cafeteria and kitchen, a controlled entrance to the building for security, replaced roof, fire protection system update and relocated playground. This is one of the final phases of design before the documents are submitted to the city for permitting. This is also the final stage needed before bidding for the project begins. Bid Day for this project will be on January 17 at Pogue Construction.

SISD will hold another Design Development meeting for the Ag Science Center on January 23 to hopefully get closer to finalizing the design on that project so they can move on to the CD phase.

Pogue is scheduled to bring a GMP for the Clear Creek project to the board for approval at the February Board meeting.

The Sanger Education Foundation Annual Gala is right around the corner. - Contribute an item for the silent auction, live auction or other activities at the event
- Support SEF with a cash donation
- Attend the Gala by purchasing tickets or a table
