Sanger Fire Department conducts training with new Ladder Truck 671

MORE PHOTOS ON PAGE 12:

The Sanger Fire Department spent last week conducting hands-on training with L671 to ensure their crew stays sharp, skilled, and ready to serve our community at a moment's notice.

They would like to extend a big thank you to Sanger Independent School District and Greystar Construction for allowing them to utilize the Middle School campus and the new apartment complex for training. Partnerships like these help them better prepare to protect and serve the City of Sanger.

The Sanger Fire Department provides fire suppression, rescue, and emergency medical services (EMS) response to a 130-square-mile fire and EMS with 25 full-time and five part-time firefighters. The department runs a pumper, a pumper-tanker, two brush trucks, a rescue, and three advanced life support (ALS) ambulances out of one station. With the city of Sanger experiencing burgeoning growth, especially in multistory structures, the department decided it needed to add an aerial device to its fleet.

"Sanger is in the process of going through major growth in the area," says Chief David Pennington. "Sanger has added multistory hotels, apartment complexes, and taxpayers where there are commercial businesses on the ground floor and apartments on the upper stories. We needed an aerial device that would give us good reach and be able to hit a four- or five-story building."

The quint has a Waterous CSU 2,000-gpm pump and a 300-gallon water tank.

Pennington says the department researched the various types of aerials available and decided that a platform would serve its needs better than a straight stick. "We have several warehouses and distribution centers of over a million square feet each, with lots of mechanical equipment on their roofs," he points out. "Having an aerial with a platform is very helpful in putting our firefighters safely on a roof and bringing someone back in a Stokes basket on the platform."

He adds that the department also thought that a midmount aerial platform would work best in fitting into the city's narrow downtown streets, would have a lower cab height compared with a rear-mount aerial platform, and would allow for a greater scrub area because of its five-section aerial instead of a rear-mount's four-section aerial. Pennington notes that after taking all those factors into consideration, Sanger Fire went to Smeal Fire Apparatus for a 100-foot midmount aerial platform quint.

The rig has a Task Force Tips Monsoon monitor at the front-center of the platform.

Brian Cudaback, apparatus sales director for Metro Fire Apparatus Specialists Inc., who sold the rig to Sanger, says the Smeal HD100 aerial platform quint is built on a Spartan Gladiator extended medium four-door (EMFD) cab and chassis with a 5-inch raised roof, set up to hold four firefighters, three of them in H.O. Bostrom self-contained breathing apparatus (SCBA) seats with IMMI SmartDock brackets. Wheelbase on the truck is 250 inches, overall length is 49 feet 6 inches, and overall height is 10 feet 11 inches.

He notes that the vehicle has a 605-horsepower (hp) Cummins X15 engine and an Allison 4000 EVS automatic transmission. The aerial is made of 100,000-pound rated tensile steel with a 1,000-pound tip load dry, and a 500-pound tip load wet. Cudaback adds that the HD100 has a Waterous CSU 2,000-gallon-per-minute (gpm) pump and a 300-gallon water tank.

Sanger firefighters test the reach on the platform quint. (Photos 4-6 courtesy of Sanger Fire Department)

Jennifer Lee Masten

April 8, 1972 - February 22, 2026

Jennifer Lee Masten, 53, of Grand Prairie (formerly of Sanger), passed away on February 22, 2026, surrounded by loved ones in Mansfield, Texas.

The oldest daughter of Larry Dale and Susan Jane (DeGarmo) Masten, Jennifer was born on April 8, 1972, in Dallas at Presbyterian Hospital off Hwy 75. Jennifer graduated from Sanger High School in the Class of 1990. Having an extremely competitive nature, Jen played basketball, volleyball, track, and golf.

Jennifer pursued higher education obtaining a Bachelor of Science Degree at the University of North Texas, then receiving her master's degree from the University of Phoenix. She made a career in the education field where she began as a teacher and coach then ultimately spending the majority of her career in Administration. Whether it was as a building principal, Fort Worth Area Principal, or Director of School Leadership she gave so many so much. She always fought for staff and students. She spent the majority of her career at Trinity Basin Preparatory but previously worked in both Fort Worth ISD, Victoria ISD, and most recently Manara Leadership Academy.

Jennifer found her soulmate in Jodi Rebarck, and together they built a life full of love, laughter, and constant activity — whether it was time with their family or keeping up with her energetic nephews. Family was always at the center of Jennifer's world. She loved deeply and wholeheartedly, and her friends meant just as much to her as her family did. She had a special place in her heart for animals — a love she proudly carried on from her mom — and she embraced everything Texas with pride and joy, especially her beloved cowboy boots.

Jennifer will be remembered for her sharp wit, her playful, mischievous smile, and the way she made people feel seen and valued. She had a gift for connecting with others, and the impact she made on both young and old will be felt for years to come.

A Celebration of Life service will be held March 7th at 11:00 am at the Historical Sanger Presbyterian Church, 403 N. 7th Street, Sanger, TX 76266.

Your love and support mean so much to our family. Flowers are welcome, and for those who wish to honor Jennifer in another way, memorial contributions may be made to the American Diabetes Association (diabetes.org), Bolivar Masonic Lodge #418, or the Order of the Eastern Star #1027 (bolivarmasoniclodge.org).

Services are entrusted to Coker Funeral Home in Sanger. Please share a memory or offer condolences to www.cokerfuneralhome.com.

Bradley Mitchell Bennett

July 31, 1991 - February 17, 2026

Bradley Mitchell Bennett, 34, of Collinsville, Texas, passed away on February 17, 2026, in Dallas, Texas.

Bradley was born on July 31, 1991, in Denver, Colorado, to Billy Richard Bennett and Jacqueline Gwynne Bennett. He graduated from Pilot Point High School in 2009 and later worked as a truck driver for Shared Medical Services. He was a dedicated and hardworking man who took pride in providing for his family and giving his best in everything he did.

Bradley was truly a beautiful soul whose life reflected kindness, compassion, and deep love for others. He genuinely loved people. He was understanding, patient, and always willing to listen. Bradley had a heart that put others before himself — whether helping a friend, supporting family, or simply being there when someone needed him most. He believed in lifting others up and treated everyone with dignity and respect.

Known lovingly as the "Neighborhood Dad," Bradley cherished time with his children and family. Being a father was one of his greatest joys, and he embraced that role with pride, warmth, and devotion. He was an awesome dad, a fabulous son, and a great brother — protective, loyal, and always present for the people he loved.

Above all, Bradley loved the Lord. His faith was important to him. He prayed, served faithfully as a cameraman at church, and sought God throughout his life. Those who knew him saw his faith reflected in the way he loved and cared for others.

Though Bradley passed as a victim in this life, he became a hero in death through the gift of organ donation — continuing to give life and hope to others even in his final act of generosity.

Though he was taken from this world far too soon, Bradley's legacy of kindness, strength, faith, and unconditional love will live on in the hearts of all who knew him.

He is survived by his mother, Jacqueline (Jax)

Fleming of Burns, Wyoming; his father, Billy Richard Bennett of Wellington, Colorado; his daughter, Baylee Bennett of Sanger; his son, Aiden Bennett of Sanger; his sister, Angel Lee Kemp of Casper, Wyoming; his brother, Billy Christopher Bennett of Casper, Wyoming; and many beloved family members and dear friends.

Joann Louise Jolly

August 11, 1936 - February 21, 2026

Joann Louise Jolly (née Clibbens), of Denton, died on Saturday, February 21, 2026 at the age of 89.

Joann was born on August 11, 1936, in Pittsburgh, Pennsylvania, the first child born to parents Arthur and Ann (Knouff) Clibbens.

It was there in Steel City that she met Earl Edward "Bud" Jolly, who had recently served the Army in the Korean War. As the story goes, Joann and Earl were introduced by mutual friends but were off to a rocky start thanks to a less-than-romantic double date. However, after date number two, the sparks flew and they soon tied the knot on October 22, 1955. They were married for 60 years until Earl's death on April 9, 2016.

In the early 1960s, after the birth of their first two sons, the couple would relocate permanently to Earl's native Texas where two more sons and a daughter would follow.

A lifelong homemaker, Joann raised her five children in and around Denton County where she spent many years cheering on her children - and later grandchildren - who were active in many local sports. She was a fan of crossword puzzles and an avid reader. In recent years, she often spent time amongst the books in the library where she lived at Good Samaritan in Denton and was known to enjoy sifting through old photographs with her children, telling stories and reminiscing about old friends and family.

Joann was preceded in death by her parents, Arthur and Ann (Knouff) Clibbens; brothers Bob Clibbens, Bill Clibbens and his wife Judy, Jack Clibbens and his wife Ginny; brother-in-law Paul Pajewski; daughter-in-law Joan Jolly; and her beloved son Ronald Jolly.

She is survived by brothers Jim Clibbens and his wife Barb, Tom Clibbens and his wife Sandy; sisters Mary Lou Pajewski, Barb Mather and her husband Martin; sister-in-law Gerry Clibbens; her sons Robert Jolly and his wife Charlotte, David Jolly, Daniel Jolly; daughter Suzann Cowan and her husband Michael; daughter-in-law Patricia Jolly; seven grandchildren, Jessica Murdock and her husband Brandon, Clay Jolly and his wife Megan, Emily Richardson and her husband Korey, Christopher Cowan and his wife Caitlin, Elizabeth Jolly, Jared Cowan and his wife Afton, Russell Jolly; three step grandchildren; seven great grandchildren.

Services were held Friday, February 27, 2026 at Krum Jackson Cemetery.

Seeing Each Other—How to Recognize When a Loved One Might Need Support

Tiffany Stone, LMFT
Owner, New Hope
Counseling Services

We all want the best for our loved ones. But sometimes, even the people closest to us struggle in silence. Recognizing when a friend, partner, or family member might need support is a powerful way to show love and care.

The signs are not always dramatic. Maybe your usually talkative friend has become quiet and does not want to go out as much as before. Or your partner seems more tired and withdrawn. Perhaps a child is acting out, school suddenly becomes a problem when it was not a problem before. Or you notice your parents seem less interested in activities they once enjoyed, or more irritable. These changes might be small, but they can be signals that someone is having a tough time.

What can you do? Start with gentle curiosity. Ask open-ended questions like,

“How have you been feeling lately?” or “I’ve noticed you seem a little down—is there anything you want to talk about?” Sometimes, just knowing someone cares is enough to help a person open up about what they are experiencing.

It is also important to listen without judgment. You do not have to “fix” things for them, just being present and willing to hear someone’s story offers comfort and support. Offer reassurance that it is okay to feel whatever they are feeling, and that seeking support is a sign of strength.

If you are worried about someone but they are not ready to talk, let them know you are there whenever they need you. Small gestures like a kind note, eating a meal together, taking a walk together, can make a big difference for someone.

And remember, you do not have to do it alone. If you are unsure how to help, or if the situation feels bigger than you can manage, reach out to a mental health professional for guidance.

In our community, looking out for each other is what makes us strong. Let’s keep our eyes and hearts open, not just this month, but always.

Brisket So Good Even Tokyo Took A Detour

New Episode Alert | The 266 Podcast

A ranch closes, a dream lights, and a field trailer becomes a landmark. That's the arc Leonard and Stephanie share as we unpack how Pepperbelly Barbecue grew from a hand-built pit and a borrowed chance into one of Sanger's most beloved spots—rooted in clean smoke, long nights, and a fierce commitment to the people who line up at the window. We get into the real work behind great barbecue: picking meat by hand across Denton to control cost and quality, managing a trailer that runs near 100 degrees in summer, and pushing through a Thanksgiving rush with dozens of turkeys, briskets, ribs, and even tamales. Leonard opens up about the philosophy that keeps doors open when chains move in—consistency over shortcuts, community over gimmicks, and the stubborn patience of low and slow. There's heart here too: feeding fundraisers, supporting every sport from cross country to softball, and the small acts—like a hot plate during a hard week—that turn customers into neighbors. There's big news as well. Pepperbelly is moving behind Uptown Rail Brewery, transforming two grain silos into a new home for beer and barbecue just steps from downtown. We talk through what that means for hours, evenings, and the dance between capacity and quality. We also cover catering as a family operation, the menu mainstays (hello, brisket smoke ring and giant baked potatoes), and straight talk for anyone dreaming about launching a food trailer. If you care about small business resilience, community-driven food, and the craft that makes a town taste like itself, you'll feel at home here. Tap play, share with a friend who loves real barbecue, and leave a review to help more folks discover stories that keep local flavor alive. Listen, subscribe, leave a review, and go get you some Pepper Belly BBQ.

North Texas Fellowship of Christian Athletes Names Chad Rogers as the Coach G.A. Moore Coach of the Year for 2025-2026

North Texas West FCA- Sanger, TX — The North Texas West Fellowship of Christian Athletes (FCA) is proud to announce that Coach Chad Rogers has been named the recipient of the Coach G.A. Moore Coach of the Year Award. This honor recognizes a high school coach who embodies the legacy of legendary coach G.A. Moore through faith-driven leadership, competitive excellence, and a transformational impact on student-athletes.

Chad Rogers - SHS Head Football Coach/AD

Moore himself. He isn't just coaching a game; he is shaping the character of the next generation."

Coach Rogers was selected based on three primary pillars of excellence:

- **Spiritual Leadership:** A mainstay in North Texas FCA for years, Coach Rogers has been a consistent leader in Hud-dies and mentorship programs, modeling humility and Christian character to his staff and players.

- **Coaching Impact:** Beyond his tactical success on the sidelines, Rogers has fostered a culture of discipline and sportsman-ship, prioritizing the develop-ment of the "whole per-son" over the scoreboard.

- **Community In-fluence:** Known for han-dling adversity with grace, Coach Rogers has become a pillar in his school dis-

trict and local commu-nity, developing assistant coaches into leaders and serving local ministries.

The award will be formally presented at the upcoming FCA North Texas West Legacy of a Cham-pion dinner on March 8, 2026, at Texas Motor Speedway. Coach Rogers joins an elite group of North Texas coaches who have dedicated their ca-reers to using the platform of sport to honor Christ and serve others.

"It is truly humbling to receive the G.A. Moore Coach of the Year Award. Coach Moore stood for doing things the right way and building relationships that last far beyond foot-ball. This is not an individ-ual award, it represents every coach I've worked with and the young men I've had the privilege to coach, along with the support of our families and commu-nity," said Rogers.

Rogers guided the In-dians to the second round of the playoffs in just his third season at Sanger High School.

Before he was hired at Sanger, Rogers, spent two seasons leading Class 2A Tioga.

He is best known for an impressive eleven-sea-son run at Snyder where

The North Texas West Fellowship of Christian Athletes (FCA) is proud to announce that Coach Chad Rogers has been named the recipient of the Coach G.A. Moore Coach of the Year Award. Tom Swartz made a surprise visit to Sanger High School during off-season football workouts at Indian Stadium, earlier this week to present the trophy to Coach Rogers.

he posted a 96-40 record and leading the Tigers to a pair of state semifinal appearances, three regional semifinal appearances and nine overall trips to the playoffs.

Coach Rogers, who has a career record of 173-112 also spent nine seasons as the head coach at Denison where he led the 'Jackets to the playoffs three times. In two seasons leading Tioga, Rogers had

a 13-9 record led the Bulls to the playoffs twice.

Rogers, a native of Durant, OK spent time as an assistant at Mayfield High School in Las Cruces, before joining the staff at Snyder under head coach David Baugh before being elevated to head coach in 2001.

The Fellowship of Christian Athletes (FCA) is touching millions of lives...one heart at a time.

Since 1954, FCA has been challenging coaches and athletes on the professional, college, high school, junior high, and youth levels to use the powerful platform of sport to reach every coach and every athlete with the transforming power of Jesus Christ. FCA focuses on serving local communities by equip-ping, empowering, and en-couraging people to make a difference for Christ.

Ladder Truck

(Continued from pg. 1)

Pennington points out that the Smeal platform quint has three crosslays, one with 200 feet of 2½-inch hose and two with 200 feet each of 1¾-inch hose; and 150 feet of 1¾-inch hose in a front bumper compartment. The platform has a Task Force Tips Monsoon monitor along with a parapet ladder fitting and rappelling anchors.

Cudaback says the

truck has a ground ladder complement that includes one 35-foot three-section extension ladder, one 28-foot two-section extension ladder, two 16-foot roof ladders, a 17-foot Little Giant ladder, and a 10-foot folding ladder. He adds that the truck also carries two 8-foot roof hooks; one 10-foot roof hook; a 12-foot roof hook; and a 12-foot pike pole in the ladder compartment; a 14-foot roof ladder on the aerial's base; and a 12-foot pike pole on the aerial's fly.

Cudaback notes that the Smeal HD100 has a Hannay electric reel holding 150 feet of electric cord on the left rear catwalk, a 10-kW generator to run scene lights at the platform, a Whelen Freedom IV LED lightbar, and Whelen M6 and ION LED warning and scene lighting.

Pennington says the department has had "good success with the truck," adding that it runs first out on structure fires and alarms, and for industrial buildings and warehouses.
