Carol Sue Matthews

January 29, 1945 - March 4, 2021

Funeral services for Carol Sue Matthews, 76, of Era, were held 10:00 A.M. on Monday, March 8, 2021 at Era Baptist Church with Pastor Jason Huntington and Pastor Daniel Jones officiating. Interment followed at Reed Cemetery in Myra. The family received friends from 6:00 to 8:00 P.M. on Sunday, March 7, at Geo. J. Carroll & Son Funeral Home.

On March 4, 2021 Carol Sue Matthews left her earthly home and entered eternity. Carol Sue was born on January 29, 1945 and finished up the line in a family of 5 beautiful, feisty, girls. She adored her parents and loved her older sisters. She married Larry Matthews in 1962 and loved his family as they became her own.

She welcomed everyone into her home and was quick to offer help in any way possible. Carol was always quick to recognize the talents of others, but she was very creative herself. Her ability to create something new out of something old and her passion for sewing and quilting kept her busy. She saw a purpose for everything, never wanting anything to go to waste. She also had a gift for caring and thinking about people and sending notes and cards to encourage them, often creating cards herself. Carol was tender hearted and she gave selflessly. She was often heard saying, "You can have it."

Her Ladies' Sunday School class at Era Baptist Church was very dear to her and she talked about them frequently, letting her family know how each lady was doing and how valuable each one was to her. She loved seeing everyone at her church and was especially excited to see, hold, and talk to babies.

Carol enjoyed life to the fullest until her very last days. She teased, laughed, and served easily. Time shared with her daughters, grandchildren, and great grandchildren was extremely precious to Carol. She gave selflessly and was quick to share anything she had with them and others. We will miss her greatly, but we grieve with hope and the knowledge that we will see her again.

Survivors include: daughter, Cheryl Spann and husband, Joel of Sanger; daughter, Candy Campbell and husband, Mike of Fredericksburg; daughter, Cathy Huddleston and husband, Randy of Era; grandchildren: Amber Bagley (Jason), Lane Spann, Sydnee Spann, Tara Reed (Damon), Kinsey Boyd (John Sturm), Cadyn Boyd (Ryan Usener), Casey Martinez, Collin Campbell, Conner Campbell, Chance Huddleston (Caitlyn), Cody Huddleston (Anesa), and Shelby Huntington (Lane); 12 great-grandchildren; sister, Robbie Carson and husband, Frank; sister, Nancy Striplin and husband, Ray; sister, Pearl Tallant; brother-in-law, Donnie Matthews and wife, Peggy of Myra; sister-in-law, Diana Matthews of Gainesville, and numerous nieces and nephews.

Mrs. Matthews was preceded in death by: husband, Larry Matthews; parents, H.H. and Ethel Hyden; father-in-law and mother-in-law, Clarence and Maggie Matthews; sister-in-law, Carolyn Matthews Powers and husband, Roy; brother-in-law, Weldon Matthews; and sister, Eva Hyden Bradford and husband, J.R.

Financial FOCUS

By Allen Chick,
Edward Jones

Time for some financial spring cleaning

In just a few days, Saturday, March 20, we will experience the vernal equinox – one of the two times in the year when the sun is exactly above the equator. Apart from this astronomical anomaly, though, the equinox is mostly known as the beginning of spring – a fresh beginning and the time to spruce things up. This year, as you tidy up your home and surroundings, why not also consider some financial spring cleaning?

Here are a few ideas for getting your financial house in order:

“De-clutter” your portfolio

Over the years, many of us tend to pick up duplicate items that find their way into the nooks and crannies of our homes, gathering dust and remaining unused. Over time, your investment portfolio can also accumulate redundancies – that is, you might own several investments that are essentially similar. It might be appropriate to replace some of these and broaden your holdings.

Own your investments purposefully

You own certain things for certain reasons – a broom to sweep the floors, a microwave to heat the food and so on. As an investor, you should be following a goal-based strategy that includes the matching of certain investments with certain objectives. For example, you might own stocks or mutual funds to eventually provide the capital appreciation potential you’ll need to retire comfortably. But you might also own other vehicles, such as bonds or other fixed-income investments, to provide you with a source of regular income.

“Dust off” your in-

vestment strategy

Over a long winter, your windows can get dirty and grimy, so, when spring arrives, you may want to get out the glass cleaner – and when you’re done, you’ll be able to see out more clearly. Over time, your investment strategy may get somewhat “dusty,” too, especially if you’ve experienced significant changes in your life, such as a new job, a new child or even a new plan for retirement. By periodically reviewing your investment strategy, you’ll be able to clarify your vision for the future.

Protect yourself from hidden dangers

If you poke around your garage, shed or other storage area, you may well find some objects – gardening tools, paint thinners and engine fluids, leaning ladders and so on – that could be dangerous, either because they aren’t stored properly or they’re hard to see and can cause trips and falls. As part of your spring cleaning, you’d want to get these objects out of harm’s way to safeguard yourself and your family. But when you think of your financial situation, are you also exposing yourself and your loved ones to risk? If something were to happen to you, could your family members stay in their home? Could your children still go to college? To help keep their lifestyle intact if you weren’t around, you’ll need adequate life insurance. And to avoid burdening your grown children with potentially huge expenses should you ever need some type of long-term care, such as an extended nursing home stay, you may want to talk to a financial advisor about protection strategies.

By taking some spring cleaning measures, you can brighten your living space for the seasons ahead. And by applying some of the same principles to your financial environment, you can help improve the prospects for meeting your important goals.

Allen Chick is a Financial Advisor with Edward Jones in Sanger. He can be reached at 940-458-7866.

Winter storm Uri, which devastated most of Texas, is estimated to have caused 600 million in damages to Texas Agriculture, according to AgriLife Extension Economists.

Our state director recently discussed the storm and its impact. “A large number of Texas farmers, ranchers and others involved in commercial agriculture and agricultural production were seriously affected by Winter Storm Uri,” said Jeff Hyde, Ph.D., AgriLife Extension director, Bryan-College Station. “Freezing temperatures and ice killed or harmed many of their crops and livestock as well as causing financial hardships and operational setbacks. And the residual costs from the disaster could plague many producers for years to come.”

Specifically in Denton County farmers had trouble finding fuel and fuel additives to keep diesel generators and tractors running. Cattle and livestock suffered extremely low temperatures. In the valley in south Texas the citrus industry expected huge losses, and fishing guides are estimating a large impact on recreational fishing on the coast. “It’s real similar to the fish kill we had back in 1983 and 1989, it took about 3 years after each one for our fish population to recover,” said Port Mansfield fishing guide Dennis Walker.

USDA Farm Service agency has setup multiple programs that provide support for loss from the

Winter Storm Uri Costly for Ag Producers

storm.

“Texas’s hardworking ag producers feed our neighbors, the nation, and the world,” said Acting State Executive Director Eddie Trevino. “When they suffer losses because of extreme weather, helping them get back on their feet is important. We encourage those affected to reach out to their local USDA Service Center to apply for these emergency loans.”

Monty Dozier, Ph.D., AgriLife Extension program director for disaster assessment and recovery, said the data related to agricultural losses was acquired through the agency’s extensive statewide network of agents and specialists.

“Our people collaborated with agricultural industry groups and other stakeholders to get the most accurate and up-to-date information available at this time,” Dozier said. “Then the information was assembled and analyzed by agricultural economists and other agricultural experts from Texas A&M AgriLife using a standardized approach.”

Statewide damage estimates are separated into three different groups of agriculture crops across the state, citrus crops, livestock, and vegetable crops. Citrus crops are estimated to have suffered \$230 million in damages, \$228 million for livestock, and \$150 million for vegetable crops.

Indians varsity baseball wins three in a row before district starts

Sanger 8, Diamond Hill-Jarvis 7

The SHS varsity baseball team held off Diamond Hill-Jarvis last week. Sanger built a five-run lead in the first inning and then held off the charge for an 8-7 victory on Friday.

Both offenses were strong at the plate as Sanger Indians Varsity collected eight hits and Diamond Hill-Jarvis 11 in the high-scoring affair.

Corbin Bulger took the win for Sanger. The lefty went one and one-third innings, allowing two runs on two hits and walking one. Daren Vazquez and Weston Hill entered the game out of the bullpen and helped to close out the game in relief.

Zach Shepard and Vazquez all managed multiple hits for Vazquez and Shepard all had two hits to lead Sanger.

Sanger 9, Lake Worth 1

Jasper Stockard drove in five on three hits to lead Sanger past Lake Worth 9-1 on Friday. Stockard drove in runs on a double in the second and a single in the third.

Sanger scored four runs in the third inning. The big bats were led by Bryson Liechty, Daren Vazquez, and Stockard, all driving in runs in the frame.

Chandler Bowland took the win. The righthander lasted four and a third innings, allowing four hits and one run while striking out seven. Stockard threw two-thirds of an inning in relief out of the bullpen.

Liechty had a dinger in the third inning. Vazquez went yard in the third inning.

Sanger 16, Valley View 0

The Indians defeated Valley View 16-0 on Saturday as two pitchers combined to throw a shutout.

Bryson Liechty led Sanger to victory by driving in five runs. Liechty went 2-for-2 at the plate. Liechty drove in runs on a sacrifice fly in the first, a single in the second, and a single in the third.

Sanger scored seven runs in the third inning.

The big inning was thanks to singles by Zach Shepard, Tallyn Welborn, and Liechty, a groundout by Corbin Bulger, and a double by Riley Blagg.

Bulger was the winning pitcher. He surrendered zero runs on two hits over two innings, striking out three and walking one. Wernimont threw one inning in relief out of the bullpen. Wernimont recorded the last three outs to earn the save.

Sanger was coming off losses to Muenster 8-5, Bowie 9-1 and Lake Country Christian 10-1 earlier in the week.

TUESDAY NIGHT ACTION

DISTRICT OPENER Aubrey 4, Sanger 1

Behind a dominant performance from pitcher Wade Huckaby, who allowed just two hits and struck out eight in seven innings of work, Aubrey was never seriously pressured while pulling away for a 4-1 win over Sanger in the District 9-4A opener for both teams. The win pushed the Chaps' overall record to 16-1.

Sanger (4-8, 0-1 district) had no answer for Huckaby, who had five of his eight strikeouts through the first three innings. For the game, he only allowed five base-runners, and two of those came off fielding errors behind him. But to the Indians' credit, this was only a 1-0 game during that stretch. Much of that was because of their own pitcher, Chandler Bowland, who frustrated the Chaps' offense early by allowing just two hits through the first three innings.
