The Sanger Ex Student Association officers have made the difficult decision to cancel their part of the Homecoming events because they believe the COVID situation is too risky for the Exes. They met on September 1, to make the final decision concerning this year's Homecoming Activities.

They had previously mailed out invitations, but considering the COVID situation, they decided to cancel the luncheon. This is the second year they have not been able to come together to celebrate the great traditions of Sanger High School. "It is not an easy decision for us, the Ex-Student officers, but we all agree that it is the right decision. You may go ahead and pay your dues and

Financial FOCUS

By Allen Chick, Edward Jones

If you're a grandparent, you don't need Grandparents Day, observed on Sept. 12, to remind you of the joys of having grandchildren. Yet, you might want to use this day as an opportunity to think about ways to help provide for your grandchildren's future.

The type of gift or support you provide will be different at various stages of your grandchildren's lives. Here are a few suggestions:

When they're born...

Open a 529 plan. It's never too early to start saving for college or other types of advanced education. To help your grandchildren meet these costs, you could invest in a 529 education savings plan, which offers potential tax advantages if the money is used for qualified education expenses. If the grandchild for whom you've established the ac-

Help grandkids prepare for the future

count ends up not using it, you can change the beneficiary to a qualified family member of the original beneficiary. (Be aware, though, that a 529 plan could affect your grandchild's financial aid prospects.) If your grandchild doesn't go to a college or university, a 529 plan can also pay for expenses related to apprenticeship programs offered through trade and vocational schools and registered with the U.S. Department of Labor.

When they're children...

Open a savings account. It's important for your grandchildren to develop good financial habits – and one way you can help is to open a savings account for them and encourage them to contribute to it. You might even offer an incentive, such as matching their contributions, either in whole or in part. Consider shopping around for a high-yield savings account that's free to open and charges no monthly maintenance fees.

Establish a custodial

account. You may want to introduce your grandchildren to the world of investing by starting a custodial account (known as UGMA or UTMA) in their name. You can put most types of investments, such as stocks and mutual funds, inside this account and track their progress along with your grandchildren. Children often enjoy learning about investing – and they may like owning shares of companies that make familiar products and services. The earnings generated by these investments can have tax implications, so you'll want to consult with your tax advisor before opening the custodial account. And you can't hold onto this account forever – once your grandchildren reach the age of majority, they gain control of the account, so they can do what they please with the investments.

When they're young adults...

Help with the down payment on a home. Once your grandchildren are out in the world, they

may well want to become homeowners. And, as you know, it can be challenging to come up with a down payment, so, if you can afford it, you may want to help in this area. You'll be doing your grandchildren a big favor, because home ownership is a key element in building wealth.

Provide financial guidance. As your grandchildren join the working world, they could benefit from advice and guidance on various issues, such as setting short- and long-term goals, managing their 401(k) plans and choosing an appropriate investment mix. So, consider making an appointment for them with a financial professional.

By helping your grandchildren at different points on their road through life, you can make their journey more pleasant – and, in the process, you'll gain a lot of satisfaction.

Sanger Public Library September Book Club

By Lynne S. Smiland

Sanger Public Library Book Club is trying something different for our September 21st meeting and discussion. Inspired by Wally Funk's historic trip to the edge of space at age 82, we are looking at assorted books on the Mercury 13 women. They did not test not with the Mercury 7 men in the early 1960's, but underwent the same rigorous testing. The women did well in these privately funded

tests, at times even better than the men, but were shut out because many in power thought women had no business heading into space.

Because there are not many copies of individual books available on the Mercury 13 group, or on the 13 individuals, we have ordered in a variety of books, including audiobooks and large print items. Book club participants will have the choice

to select one or several of the items, and we will discuss the program and some of the women themselves. There are extra books for potential new book clubbers as well.

North Texas is an appropriate setting for this exploration, as Wally Funk lives in Grapevine, Jerri Truhill lived in Richardson until she passed away in 2013, and TWU in Denton has many of the personal effects and papers

of these two Mercury 13 women.

Everyone with an interest in space exploration or wanting to try our diverse book club is invited to come by the library for more information and to select a book or two.

SANGER DEPARTMENT CALLS

Below is a selection of calls for service that the Sanger Police Department responded to during the period of August 23 - September 1, 2021.

900 block 1st Street S- Comp is an uber driver. Comps customer is sleeping in the car and cannot wake them up. Subject so intoxicated that we were unable to wake up. Covered in vomit. Woke co-worker who had been in the passenger seat of the uber. Co-worker stated he and the uber driver tried to wake subject up for 30 minutes before going inside. Co-worker did not want to take custody of subject if we got him to wake up. Due to obvious severe intoxication, we called for medics, medics were unable to get subject to fully wake up. Medics transported to Presby.

135 @ 477 Highway- Child got out of house when teenage sister was babysitting. Child found right around the corner from the residence.

135 @ 481 Highway- Female driver having vehicle is-

sues. Had roadside assistance on the way to help her.

100 block 3rd Street S- Domestic Disturbance between father and daughter, report taken. CPS notified.

200 block Denton Street- Caller is upset that a 20' piece of gutter is laying against the back fence of his property. The house is being remodeled and there is no information for the tenant or the construction workers. I advised the caller to attempt to make contact with the workers tomorrow and see if they could move the piece of gutter. The caller stated he wanted to destroy the gutter, so i advised him not to do so and to make contact. If contact was made he could have it moved without incident and if they did not cooperate to call us back. He was also mad about another gutter being on his property. I moved them 5

feet to the right and they were no longer on his property. He also complained about the trash bins, so i moved them 4 inches over off his yard.

1000 block 5th Street N- Manager not sure if money is missing or not. Original bag the manager advised was missing was located inside the safe by officers. Manager advised to speak with associates and figure out if indeed money was missing and if so a report would be generated at the time. No report at this time due to unknown if actual offense occurred.

- Mother having psych episode. She was transported by medics for a mental evaluation.

400 block Hughes- Female called stating someone was in house. The subject claims he lives there. He had a key and his car was in the driveway. She claims he does not and wants him removed. I advised I had no way of knowing if he did or did not live there. She became upset when I told her she would need to file for eviction as it is a civil matter. She cursed me then hung-up. She sounded very mature.

200 block Pecan Street- Verbal disturbance between boyfriend and girlfriend at location. Seems to be an on going problem at the location. No signs of anything physical at this time. Both were told to bring it down because the neighbors around them are trying to go to sleep. No further action.

Spoke with all parties involved. I contacted CPS and advised them of the on going issues with the location and the child involved. No offense, no report.

500 block Morrison Street S- Boyfriend and girlfriend in a verbal disturbance because he's getting off late and she thinks he's out with other females and not really at work. Both agreed to separate for the night with no further incident.

lamp out. I advised driver of his defective equipment and the driver was issued a warning for the offense.

200 block Indian Lane- I conducted a traffic stop. The driver was issued a citation for 26 miles per hour in a 20 mile per hour school zone. No further action taken.

200 block 5th Street N- Believes roommate stole all his belongings from residence. Roommate has been in jail since July. Comp was in jail from March until July and again this month. They have been evicted from the residence for some time. Advised comp to check with land lord as this is a civil issue. Will return if I get more information.

200 block 5th Street N- Comp recently moved into residence. Comp's son has stayed with her sporadically for approximately 6 days since she moved in. She is adamant that her son does not live with her and she wants him out of her house. I said she would need to evict him. I strongly suggested that she start the eviction process asap. She completed a written statement claiming that he held her locked phone in front of her face while she slept to access her venmo, Cash app and amazon accounts. She stated he sent \$185 in total to himself. She also stated that he found her hidden wallet containing her Wells Fargo debit/ credit card. She completed a 2nd written statement about observing him tweeking one night and writing down identifying information from other people on a manila folder that he was getting from his smart phone. She released the manila folder to me. She produced a Methamphetamine pipe and marijuana pipe that she stated belonged to him. I allowed her to place the two pipes in a paper sack and destroy them in front of me while on body camera and then throw away. She is to forward all emails and screen shots related to the alleged crimes to my email.

No address- Caller wants to speak to someone about residence at this location feeding feral cats and more keep coming around. Caller had talked to neighbor before and she said she would quit but the problem is getting worse. She has spoken to person before and stated she is aware of the neighbor feeding feral cats. Stated the number of cats is at least 8 now. Stated that she understands that trapping is only solution now.

900 block 1st Street S- Large crowd at a baby shower that led to multiple people getting tazed and OC sprayed after one subject resisted arrest. Two males were booked into Denton County Jail on their prospective charges.
