## Bassmaster Classic takes place this week

Bassmaster's biggest stage comes to Fort Worth this week as the belated Academy Sports and Outdoors Bassmaster Classic plays out on Lake Ray Roberts, a powerhouse, rain-swollen reservoir east of Sanger.

Originally slated for March 19-21, the 2021 Classic was rescheduled to June 11-13 because of COVID-19 and the limits on large gatherings that were in effect at the time. Restrictions have since been relaxed and the hype is building for a fan favorite fishing event that many consider to be professional bass fishing's marquee tournament. Official practice started Friday.

Fittingly referred to as the sport's "Super Bowl," the Classic centers on 54 of the nation's top-ranked anglers who will square off on one of northeast Texas' premier big bass fisheries.

It's the first BASS sanctioned tournament held at 25,600-acre Ray Roberts and only the third Bassmaster Classic ever held on Texas waters. Previous Texas Classics were in 1979 at Lake Texoma and 2017 at Lake Conroe.

Anglers can weigh five bass per day with the

top 25 pros after two days advancing to the high stakes finale. The winner earns \$300,000, plus the opportunity to parlay the victory into lucrative sponsorship deals.

Contestants aren't the only ones with a shot to earn a plump pay day. The event should be a cash cow for the Fort Worth area.

BASS says nearly 123,000 people attended the 2020 Classic on Lake Guntersville in Birmingham, Ala., generating nearly \$36 million the local economy.

The Fort Worth Sports Commission and Visit Fort Worth will host afternoon weigh-ins at Dickies Arena, while an Outdoor Expo featuring around 200 vendors will be held at Will Rogers Memorial Center. A Bassmaster Classic Kickoff Party begins at 4 p.m. June 10 at The Stockyards and Mule Alley.

Jason Sands, director of the Fort Worth Sports Commission, said he expects the tournament to attract more than 70,000 fishing fans who could bring more than an \$20 million in direct spending into the area.

"This is the Super Bowl of bass fishing and

it is an incredible privilege to welcome anglers, their families and fans from around the country to Fort Worth," he said.

Hopefully, Ray Roberts' bass will cooperate. The Bassmaster Classic three-day, 15-fish weight record of 69 pounds, 11 ounces was set in 2011.

Ray Roberts has a history of producing big bass. The lake record largemouth is a 15.18-pounder. Fish in the 8- to 10-pound range frequently show up at tournament weigh-ins.

The lake also produces an occasional "meanmouth" bass in the 5- to 6-pound range. Meanmouths are smallmouth/spotted bass crossbreeds. A lake record 6.42-pounder was caught in 2019.

Changing conditions could make things tricky. Heavy rains over the last two weeks have caused the water levels to rise significantly and water temperatures have been cooler than usual.

Danny Golden of Justin has been a full-time guide on the lake for 20 years and knows it well. Golden expects a gamut of patterns will be in play in shallow and deep water.

"If water levels were normal, I would have said

It's finally here — the long-awaited 2021 Academy Sports + Outdoors Bassmaster Classic presented by Huk. The 51st Classic will take place Friday through Sunday on Lake Ray Roberts north of host city Fort Worth.

it would be won fishing deeper structure in 15 to 25 feet or using forward-facing sonar in the timber, but I'm not so sure about that now," he said. "With the lake high, there's a ton of flooded cover that's going to be holding a bunch of fish shallow. It's going to make for an interesting Classic. Everyone should be able to fish their strengths."

Golden predicts it will take 58-62 pounds to win, but he said he won't be surprised if the person who takes the trophy has significantly more. "It can happen on this lake if you get on the right fish out deep and have a good milk run each day," he said.

Texas will be well-represented with five anglers in the field, including Cody Bird of Granbury,

Clark Wendlandt of Leander, Brad Whatley of Bivens, Frank Talley of Temple and Chris Zaldain of Fort Worth.

Zaldain won a new Toyota truck for catching the biggest bass — a 7-12 — in the 2016 Toyota Texas Bass Classic on Ray Roberts.

Bird, 58, earned his first Classic berth by winning the 2020 BASS Central Open on Alabama's Neely Henry Lake. The other Texans are Elite Series qualifiers.

If Bird doesn't do well it won't be for a lack of effort. He lives 21 1/2 hours from the lake, but had only been there three times before last December.

He spent about 25 days on the water before the lake went off limits to

contestants in early April. He rented a storage building near the lake to keep his boat between trips.

Bird said he invested a bundle of time using his electronics to locate potential sweet spots in deep water where he thought bigger post spawn females might gather in early June. He fished for only about two hours.

"I was planning for an early summer tournament in the middle of winter and early spring — trying to figure out the places where the fish might go after the spawn," he said. "It's difficult to do, but that was my gamble. I'm fishing this tournament to win and I think you're going to need a big bag at least one

600 block Mcfarland St- Back-up pppd with domestic disturbance.

600 block Stemmons N- Subject found in vehicle with open container, marijuana and THC edibles; suspect was arrested, no further information.

Northbound Service Road@ Lois- Male urinating on roadway; warning was issued.

Southbound Service Road@ Lois- Male fell asleep in main lanes, drove across shoulder, service road ended in field and grass, no injuries, no damage to property, vehicle was towed and owner was given ride to his house. No further information.

135@ 478 Highway Northbound- Gave suspect a warning; failed to maintain in lane. No signs of intoxication.

135@ 480 Highway Southbound- Report of driver stopping and going at various speeds, contact with driver, no signs of intoxication. Driver was released. No further information.

100 block Ringneck Dr- Upon arrival I made contact with both parties who were having an argument over civil issues. I provided both parties with options to quell the disturbance and the mother left the residence to avoid any further argument at the moment. No further action has been taken at this time.

Duck Creek @ Keaton- I received a call from a vehicle in the area that arrived at a possible drug house and left shortly after arriving. I checked the area along with 783 and was unable to locate the vehicle. No further action has been taken at this time.

20 block Kramer Lane- I made contact with the caller by phone who had stated her son was being harassed by a former girlfriend that lives at this address. I advised her to send me the information she has and I would complete a criminal offense report at this location. No further action has been taken at this time.

100 block Prairie- 3484 and I found a hole where the cow was coming through and patched it after the cow returned to its own property. No further action has been taken at this time.

2500 block Caddo Trail- Spoke with Comp who advised his vehicle was broken into overnight. Comp advised he just wanted documentation showing items missing, but did not need a police report. Call notes and event number provided to the Comp.

200 block 5th Street N- Spoke with caller who had questions regarding a hit and run accident from Saturday. Caller never called when the accident happened and needed information to give to his insurance.

30 block Kramer- Caller advised she was being threatened by her 17 year-old daughter. Comp emailed copies of the text messages; no threats made. No report generated.

100 block Freese Drive- Caller stated she observed a drug deal. Upon arrival I spoke with the actor. An older woman who was trying to catch a cat in the park; no offense. No further information.

1600 block Fairfield- Caller stated dogs were chasing kids down the road. Found the dogs and owners house, dogs were returned. No further information.

2nd @ Pecan- Vehicle tags found to be wrong tags for specific vehicle. Registration sticker was not for this vehicle either. Both were confiscated, the driver was not at fault, had just purchased the vehicle from facebook; not stolen. No further information.

2000 block Brooke Drive- Spoke with resident and city official about the land in question that is being disputed. The land needs to be surveyed/ property pins exposed for an accurate determination of whose property the land is. Thus I do not believe law enforcement action should be taken on either party for the land behind the fence as far as criminal trespasses go.

FM 455 @ FM 2164- Arrested female suspect for possession of controlled substance. Confiscated contraband and license plate.

900 block Stemmons Highway N- I made contact with the caller and her son. The son was not violent, but felt like he may have overdosed on Kraton and Advil. I provided the mother with directions to get her son to Texas Presbyterian Hospital. No further action has been taken at this time.

2000 block Benjamin- Two juveniles on ATV riding up and down the road. Spoke with parents and they will address the issue.

135 @ 478 Highway Northbound- Truck is facing sideways, looks like it hit the middle wall. The tail of the vehicle almost comes into the highway. Vehicle struck the middle wall straight on, slid perpendicular for approximately 100 feet. Driver airbag deployed. Keys in ignition. Windshield strike from inside on passenger side. No one was present. Case for accident involving damage to vehicle = \$200 - fail to comply.

3900 block Montecristo Lane- Behind caller in the Green Belt someone on ATV. Caller says they are not to be there. Spoke with the resident who had recently been west of Montecristo. Don't know what the rules are. Advised him of the complaint. He stated he would stay off it so no one else would call. Spoke with caller, stated it wasn't the manicured Green Belt part, it was the undeveloped part to the west. Property owned by the developer. Unsure who that is at this time.

1200 block Stemmons Freeway S- Husband headed to this location from Tioga. Husband is intoxicated and 8 year-old child is with them. In a white Ford F250. Made contact when pulled in the parking lot. Male was completely compliant. Odor of alcoholic beverage emitting from person. Disarmed him and conducted a field sobriety test. Walk and turn and one leg stand, possible issue with back. Spoke with estranged wife/ caller and stated that male slurred speech and couldn't complete sentence at approximately 5:30. If that is true, male has been sobering up for 4 hours. Allowed to go inside and enjoy dinner and slide with son. Agreed no alcohol with dinner. Caller arrived and agreed to allow father and son to enjoy dinner and father will bring son home as planned. Very direct when speaking with male. I firmly believe that if I had made contact with him an hour ago, we would be headed to jail for felony DWI with a child under 14 and UCV. Stated he understood.

Southbound Service Road @ Lois- Assisted with traffic control. Elderly gentleman fell asleep after a 10 hour marathon at the casino and ran off the roadway and was buried in the tree line on the side of the roadway. Vehicle released to Randy's Courtesy escort to elderly driver's residence.

900 block Stemmons Freeway N- Pulled over to text and fell asleep. Zero signs of intoxication. Wide awake when we were done talking.

1600 block Fairfield- Three dogs, Pitbull, Lab and Chihuahua chasing kids. Backed 779 when located open door. The door was obviously how the dogs got out. Attempted to make contact and make sure nothing nefarious was going on. Made entry and immediately hit with the strongest dog urine stench ever. The living room appeared to have recently been the victim of an IED made of garbage. Before another officer and I could step over the first layer of clutter, a female exited the hallway and advised that the dogs belonged there and there was trouble with the latch on her front door. Advised her of the animal complaint and quickly cleared.

Phone- Caller stated that brother told her that someone threatened to kill his family. Caller concerned for mother. I know the man to be a raging meth head and often full of it. I contacted the man and confronted him with the accusation. He assured me that the family has nothing to worry about and he never made a threat against them. He went on to explain his little soap opera going on with the brother. Apparently, (brother) "got my wife hooked on meth and they ran off together with my kids." Promised that his beef with the brother is between just them, not his family. Called the caller back and updated. Putting mother's residence on close

patrol for two weeks to make everyone feel better.

Railroad Ave @ Willow- There is a female laying in the ditch across from callers home. 17 year-old located on railroad track (trespassing) near railroad and willow. Clothing muddy from laying in the ditch. Roller suitcase on roadway. Not cooperative with questioning and being evasive. When pressed to find someone to pick her up, contacted step-father. Step-father arrived and explained that the juvenile has a mental issue and abuses narcotics. She is constantly fighting with mother and leaving home. Is aware that she can't be runaway and milks that. Female loaded up with step-father and went back home for the time being.

200 block Pecan- Two teens fighting over their mother and acting erratic. Caller saw male spit in mom's face and threatened to shoot her. Admitted to spitting in mother's face because she threatened to kill herself. Boyfriend and mother stated that the 17 year-old son threatened to shoot mother. Mother is frightened of son. Cuffed and stuffed for the terroristic threat of a family member. Citation for spitting in mother's face. Petitioned for emergency protective order.

400 block Chapman Drive W- Male drinking while sitting in a parked vehicle. Citation issued.

100 block Maple Street- Friend of juvenile reported she's had suicidal thoughts. Made contact with the juvenile and she was in good spirits and just had a rough day the day prior. Refused UBH.

100 block Palomino- Intoxicated female, high on methamphetamine. Medics arrived on scene and transported her voluntarily.

900 block Stemmons Freeway N- Located a vehicle parked illegally in the handicap spot. Upon contact with occupants, marijuana was smelled and a probable cause for search was conducted. During the search prescription pills were located that did not belong to any of the occupants. Driver was arrested and placed in Denton County Jail.

300 block Austin- I made contact with the resident at this location who had fallen out of his wheelchair. I assisted Sanger Medic with providing a lift for the residence and placing him back into his wheelchair. No further action has been taken at this time.

600 block Railroad Ave- I collected the information needed to complete two offense reports for two separate burglaries. Both victims will be completing statements and returning them to me for the cases. No further information has been taken at this time.

Kramer Lane- Juvenile on front porch with caller upon arrival. Recognized as the same juvenile from welfare check. Attempted to speak with the juvenile on the porch but was confrontational and evasive when questioned. Placed in handcuffs when attempted to walk away. Went limp and flopped to the ground when walking juvenile to patrol vehicle. 772 assisted with securing the juvenile in the rear seat of my patrol vehicle. Caller advised that the juvenile appeared to be high or intoxicated and was talking out of her head. From speaking with the juvenile's step-father, I am aware that the juvenile abuses narcotics and alcohol and has a mental health issue. When asked, the juvenile stated she abuses crack and heroin daily and had consumed some this day. When asked, the juvenile stated she wished harm to herself. 779 was able to contact the juvenile's mother and when given the option of the juvenile going to jail for public intoxication or going to the hospital, juvenile's mother chose jail. The phone numbers provided by the step-father for himself and another woman have been disconnected, spoke with on call CIT deputy and was advised that only her parent could place juvenile in hospital. Places in DCSO Jail on instanterved public intoxication (narcotics).

100 block Pintail- I made contact with the caller who received a suspicious package in the mail. The caller stated she opened the box and located paper and a pill bottle. I checked the pill bottle and located 80 pills that are Acetaminophen/Hydrocodone schedule 2 drugs. I collected the pill bottle and placed it into evidence for destruction. No further information has been taken at this time.

1st @ Wayne- Neighbor's dog loose chasing family around in the street. Chasing a dad and 2 kids. Pitbull being aggressive. Jumping at the dad. Owner drove off and left it. The dog was gut shot. Very little external bleeding. Conscious and breathing. Provided owner with address and phone number to Denton county animal ER. 779 put dog in vehicle and owner left for ER. Inspected handgun. Trash ammunition almost caused catastrophic failure. Bullet stuck halfway down barrel. Removed and returned pistol and mag full of cheap ammo to owner. Spoke with witnesses and stated dog is out often and always aggressive. Dog still aggressive toward shooter when owner trying to get dog.

Block Heron- Non-physical disturbance. Husband was breaking things and he left the house. Had been drinking. No offense was committed that was observed. Comp stated she might leave for the night with her children as she was not aware when he would be home or if he would still be acting erratic.

1200 block Primrose- Assisted 780 in clearing residence and finding subject related to an assault. Subject was found in his room behind a locked door asleep. He opened the door and walked downstairs and he was placed in handcuffs. 780 arrested the subject and took him to Denton County Jail.

1000 block Fifth Street N- Gave a courtesy ride to Holiday Inn. Male was older and looking for his 28 year-old daughter he does not have any contact with. Stated he already filed a report. He does not live in our city and neither does she. She is stated to live in Red Oak.

135@ Bolivar- Caller witnessed people standing on top of cage at pedestrian bridge. He saw a banner and flares being put up on the

## Bassmaster

(Continued from pg. 1)

least one day to do that. My plan was to have some deep places with the potential to produce 25 pounds. I think I've got a good offshore plan, but it could fly all to pieces with the high water."

Wendlandt, 54, said he spent about week on the lake before the cutoff. Like Bird, he initially believed the tournament might be won offshore, but could change if the lake stays high.

"I think it depends on the conditions, but my thought is a lot of the bigger fish will be offshore," said Wendlandt, a five-time Classic qualifier and the 2020 Elite Series Angler of the Year. "This Classic is anybody's ballgame with a wide-open playing field, because we don't have a lot of tournament history there."

Toyota Bass Classic in May 2016 was the only big tournament ever held there and that, "It was won shallow when the water was really high."

This will be Whatley's second Classic. He was planning to fish cold turkey when practice got underway on Friday.

"I did get to ride around the lake for two days last fall, but that's about it," Whatley said. "I went back in March and a cold front with 30 mph north winds blew in right before I got there. It was a complete waste of gasoline."

Whatley, 40, said the weather leading up to the Classic will dictate his approach. If the lake continues to rise he said he will likely stick close to the bank. Otherwise, he'll be heading offshore.

The lake is nearly four feet high as of Wednesday morning.

"Either way, I'll be fishing five big bites a day," Whatley said. "The Classic is a tournament where you don't worry about just having a good finish. You go big or go home."

New weigh-in format: BASS says weigh-ins on the first two days of the upcoming tournament will be carried out differently than previous Classics, all in the name of conservation.

Anglers will privately weigh their catch on the same scale immediately after check-in at the Isle Du Bois Unit boat ramp at Ray Roberts, but only two fish may be trailered to the formal weigh-in, 11/2 hours away at Dickies Arena in Fort Worth. Others will be released before leaving the lake.

BASS opted for fewer fish at the formal weigh-in during the opening rounds to help reduce potential stress on the fish that might occur as the result of warmer water temperatures and reduced oxygen levels.

"BASS and the Texas Parks Wildlife Department are partnering to ensure bass will be healthy when released back into Lake Ray Roberts," said Gene Gilliland, BASS national conservation director. "We created a plan that prioritizes conservation of the catch while also maintaining a traditional arena experience for the fans and TV and preserving the integrity of the Classic. Our goal is to ensure the fish caught will be returned to Ray Roberts to be caught again by Texas anglers."

The field cuts to the top 25 for the final round. Anglers will be permitted to bring five fish to Fort Worth for the final weigh-in. TPWD biologists will help check and prep livewells before the drive.

The 54 competitors, who qualified through several avenues, will seek their best five fish measuring 14 inches or longer over the first two days of competition Friday and Saturday. The top 25 move on to Championship Sunday with \$300,000 going to the winner out of the \$1 million payout.

## Bass fishing's premier event at Lake Ray Roberts

By Texas Parks and Wildlife Department

Fort Worth, Texas – The eyes of the fishing world will be on Lake Ray Roberts June 11-13 for the 51st Academy Sports + Outdoors Bassmaster Classic presented by Huk. It will be the third time bass fishing's world championship event will be held in Texas having previously been held on Lake Texoma in 1979 and Lake Conroe in 2017.

Craig Bonds, Texas Parks and Wildlife Department's (TPWD) Inland Fisheries Director, is pleased to see this event return to the Lonestar state, "The exceptional bass-fishing quality in Texas is a reflection of the dedicated and capable work of our team of fisheries professionals and partners. I'm thrilled BASS chose to spotlight a lake and host city poised to put on a memorable show with a Texas flavor."

The TPWD Inland Fisheries Division has worked tirelessly over the years to make Lake Ray Roberts a world class fishery. The Toyota ShareLunker program, which is coming off a record season, has been a part of that work. Fingerlings from the program and additional stockings have been placed in the lake over the years to help create "Bigger Better Bass." Lake Ray Roberts has produced six Legacy Lunkers, including the lake record 15.18-pound Lunker #560 on March 7, 2015.

In addition, during the construction of the lake, TPWD and the U.S. Army Corps of Engineers teamed up to help preserve and develop good fish habitat. Selective harvesting of timber was done, and the Corps built massive mounds of brush piles. Ray Roberts Lake has approximately 2,000 acres of standing timber, located mostly in the upper reaches of both major arms. Rip-rap can be found along the dam and near bridge crossings and aquatic vegetation is present along some shorelines. Additional structure is provided by stream channels, flooded main-lake points, inundated pond dams, flooded rocks/boulders/stumps, and the 44 inundated brush piles constructed before impoundment.

Fish care is a top priority for both TPWD and BASS. The tournament was originally scheduled for March but was postponed due to the COVID-19 pandemic. The potential June heat and the distance from Lake Ray Roberts to Dickie's Arena in Fort Worth, created concerns for fish health. The two organizations worked together to develop procedures for how to best care for the fish in this situation and minimize any potential negative impacts to the fish population.

On the first two days of the tournament, each angler's bag will be weighed at the lake and up to two of their largest fish can be returned to the livewell for transport to the arena. All remaining fish will then be immediately transferred to the live release boat and returned to the lake. If in the case an angler catches an exceptional bag, TPWD staff could allow that angler to transport their limit for display. These changes will reduce the number of bass being transported round trip from the lake to the arena by 50 percent during the full field portion of the tournament.

At Dickie's Arena, anglers will display up to two bass to the fans and the official weight that was determined at the lake will then be officially revealed. Following some quick photos, the fish will be taken backstage and TPWD biologists will load the fish into hatchery trailers and returned to the lake where releases boats and personnel are waiting to place the fish back into Lake Ray Roberts.

On Championship Sunday, the 25 final anglers can bring a five-bass limit to the arena. The fish care protocol from the previous two days remains in effect. TPWD biologists will check for length and health at the lake, ice and distribute the fish between livewells. The catches will be weighed on stage Sunday and then returned to Ray Roberts for release. Through these measures, fish care and minimizing impacts to the fish population can remain as a top priority while still providing an outstanding experience for the anglers and fans who will be in the arena in Fort Worth.

Bonds believes the innovative collaboration between TPWD and BASS staffs was key to balancing fish care and the fan experience. "We knew moving the event to June was necessary to accommodate the in-person fan experience and were committed to coordinating with BASS in developing a creative fish-care process that also minimized potential impacts to a valuable public fishery resource. I think we arrived at an effective compromise approach."

TPWD will have several programs participating in the expo portion of the event. The Toyota ShareLunker program, Angler Education, Life's Better Outside activities, Operation Game Thief, and Aquatic Nuisance Species air boat will all be available for visitors to enjoy.

Fans can catch the fishing action and the weigh-ins with streaming coverage on Bassmaster.com. The Bassmaster LIVE crew will present more than seven hours of on-the-water coverage each day. For the first time, the Classic also features four hours on the FOX broadcast network Saturday from 7-11 a.m. CT, and there will be four hours of Championship Sunday coverage on FS1 from 7-11 a.m.

### TV SCHEDULE:

FOX Sports 2	June 23	10 a.m. ET	Classic: Lake Ray Roberts

With recent rains, the water level is high on Lake Ray Roberts, turning what was believed to be a deeper water event into a mystery. With water in the bushes, anglers believe there will be fish spread all over the lake.

Fans are welcome free of charge to watch the activities for the 6:15 a.m. CT blastoffs. Reigning Bassmaster Angler of the Year Clark Wendlandt will lead the procession with 2020 Classic champ Hank Cherry to follow. The remainder of the field drew for starting positions. The Day 2 launch order is reversed.

## SHS head boys basketball coach takes Coppell assistant position

The decision to leave Sanger was not an easy one for the Indians' boys basketball coach, Brandon DeLorge.

Over the past several weeks, DeLorge agonized over the opportunity to potentially join Coppell as an assistant coach — due in large part to the relationships he forged over the past two years.

"The kids made these a really tough decision, to be honest with you," DeLorge said. "People in the basketball world were telling me it was a no-brainer if I was trying to be a 6A head coach. The varsity assistant at Coppell doesn't come around too often."

"Well, it took me a couple of weeks to make that decision. The kids in Sanger work hard, and I love those kids. They did everything I asked them to do."

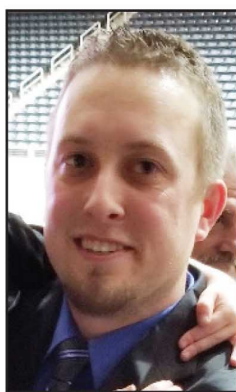

Ultimately, DeLorge

opted to join Coppell as an assistant, resigning from his post at Sanger after two seasons at the helm.

DeLorge was hired in June 2019 to replace Layne Boxell. Prior to Sanger, DeLorge spent a year as an assistant at Sulphur Springs from 2018-19.

"Obviously when we hired him, we were hoping he would be here longer," Sanger athletic director Chuck Galbreath said. "But he had an opportunity there at Coppell he felt like was a good opportunity for him. So, that's part of coaching. We support him in that decision to make that move that he feels is best for him right now. We're going to miss him in Sanger."

In DeLorge's first year in 2019-20, Sanger went 12-20 overall. The Indians slipped to 4-18 this past season, losing several players to graduation.

Coach DeLorge

Sanger has missed the playoffs the last two years, but DeLorge noted there is talent at the middle school level coming up. Sanger's seventh and eighth grade teams both won district titles.

"The future propelling the way it is, some of those younger grades are starting to buy in," DeLorge said. "There are a lot more kids playing AAU basketball than when I got there. That's big because

they need to play year-round. You can't play for three or four months and be good."

"So, do I think it's trending in the right direction? Absolutely. Whoever

takes over will have full support of the administration. I definitely think in the next few years, there is that opportunity to be successful."

Galbreath said the district has already started searching for DeLorge's replacement and hopes to have the job filled in the next 14 days.

Police Report

(Continued from pg. 4)

bridge. 772 found vehicles and I saw the banner catch fire. I got the banner down with the Fire Department and then later found the cardboard stencils in the truck through the window. 2 subjects were arrested for Deadly Conduct.

1200 block Primrose- Male subject struck a vehicle and then fled the scene. Assisted 785 with obtaining information and warrant issued for male subject.

100 block 6th Street S- Caller advised her front door was left open and her dogs got out. 1 dog was recovered and the other dog was found deceased on the highway.

100 block Ringneck Drive- Child caller stated his mom passed out in the bathroom. Medics transported the female. Grandmother arrived to take custody of the children.

400 block 1st Street S- Caller advised his mother felt uncomfortable leaving her home when the neighbor across the street was in his garage. Nothing ever happened, she was just uncomfortable. Caller asked for more patrol in the area.

100 block Willow St- Arrested male for Public Intoxication.

100 block Chapman Drive E- Assisted motorist that ran out of gas.

1200 block Primrose- Arrested male that had assaulted his wife.

5th @ Wayne- initiated a traffic stop on a vehicle for running a stop sign at Willow Street and 2nd Street. Driver was issued citations and the passenger was arrested for an outstanding warrant. Passenger concealed marijuana in his shorts that was located while being searched at the Denton County Jail. Charges were added of the Marijuana inside a correctional facility.

2100 block Stemmons Freeway S- I spoke with a man who stated the property is about to be torn down and he wanted to report there are several people vandalizing the property. Man wants us to catch the individuals doing it but is adamant that the property building is worthless since they are going to tear it down. Man wants the incident documented and I advised him I would have the place put on close patrol in the effort to stop the vandalism. No further action has been taken at this time.
