United Way announces Patterson as 2018 Humanitarian Awardee

United Way of Denton County has announced that Bill Patterson, longtime publisher and now owner of the Denton Record-Chronicle, is the recipient of the 2018 Dr. Bettye Myers Humanitarian Award, which will be presented at the organization's sixth annual gala celebration United TRIBUTE on January 20, 2018.

A United Way of Denton County Lifetime Member, Bill recently made headlines of his own by purchasing the Denton Record-Chronicle, returning ownership to its family roots.

Immediately upon graduating from Oklahoma State University, Bill returned to Denton to begin his professional career at his family's newspaper. Thirty-five years later, he holds the title of Publisher and CEO of Denton Media Company, the owner of the Denton Record-Chronicle.

A passionate advocate for the United Way of Denton County, Bill joined the Board in 1991, served as President in 1997, and led two Community Needs Assessment committees in 2011 and 2017. Bill is currently co-chairing United Way's capital campaign.

"You realize there are issues in your town," Bill said recently. "But you don't realize how deep the needs of low-income and underprivileged people are until you roll up your sleeves and get involved in United Way."

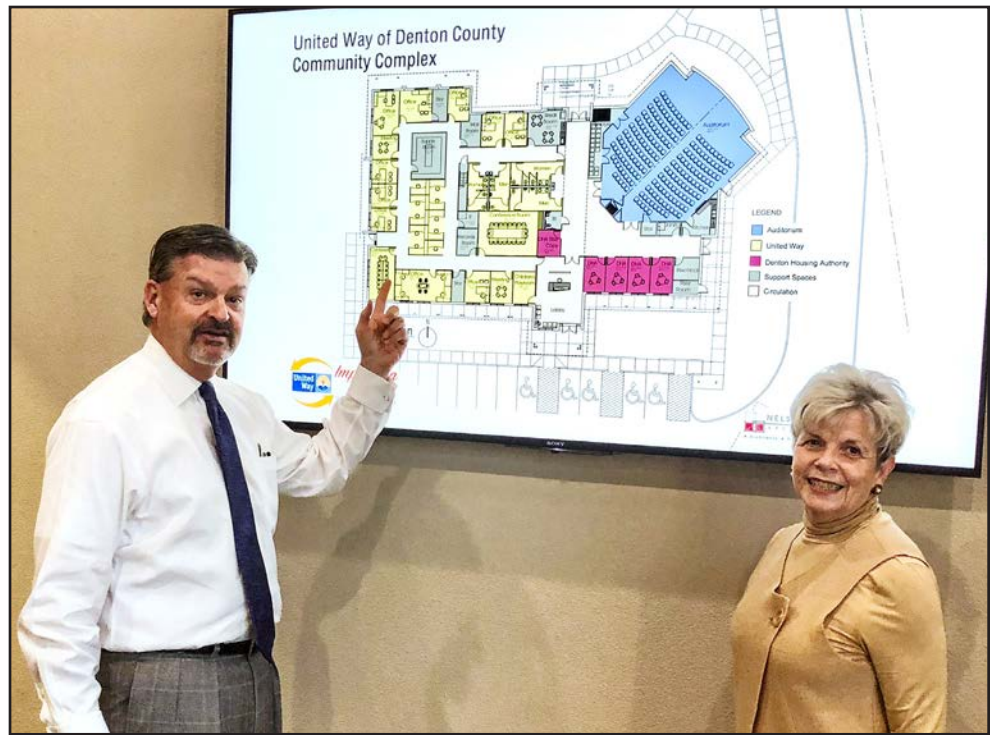

Throughout his career, Bill has never forgotten the community that helped him become successful. In addition to the United Way, Bill has been a leader in the Denton Chamber of Commerce and has served as chairman of the Denton Economic Development Investor Relations Committee. Bill has close ties to Texas Woman's University and Universi-

ty of North Texas, serving on the TWU Foundation Board and on UNT's Athletic Council. In addition, he spent almost two decades on the board of Presbyterian Hospital of Denton.

"Bill was an easy choice to receive this year's award," said Lyle Drescher, Board Chair of United Way of Denton County. "His impact on the landscape of Denton County as a businessman and community leader is unparalleled."

The Dr. Bettye Myers Humanitarian Award was established by the board of directors and lifetime members of United Way of Denton County in 2014 to recognize the highest level of community leadership, philanthropy and collective impact with time and resources. Recipients of this prestigious award are purposeful in promoting human welfare and have demonstrated active engagement in the community. They are caring and compassionate, engaging others in service while leveraging resources for the good of the community. Honorees of the Dr. Bettye Myers Humanitarian Award demonstrate persistence and creativity toward solving the most complex challenges within our community. Previous United Way of Denton County Humanitarian awardees include its namesake, Dr. Bettye Myers, Janet and Joe Mulroy, Stan Morton, and Debbie and Mark Merki.

"A twenty-five-year commitment to improving lives in Denton County is what we are honoring," said Gary Henderson, President and CEO of United Way of Denton County. "Bill's leadership in the boardroom and in the trenches has made a profound impact on this community. He carries the Patterson family torch of service well."

Bill Patterson joins fellow Lifetime and Board Member Ellen Painter as they review plans for the United Way of Denton County Community Complex.

The sixth annual United TRIBUTE Gala featuring "Dancing with Our Stars" will be held on January 20, 2018, at the new Embassy Suites Denton Convention Center in Rayzor Ranch. This event pays tribute to the companies, employees and community leaders who are part of the tapestry of United Way of Denton County.

United Way of Denton County, Inc. is a local 501(c)(3) non-profit community-based organization led by a governing board of community volunteers. Through

collective impact initiatives and collaboration with local non-profit organizations, United Way improves lives across Denton County by building bridges of support for victims of domestic violence and sexual assault, youth at-risk of dropping out of school, individuals and families experiencing homelessness, people in crisis, veterans in need, children and youth living in poverty and people affected by mental illness. I believe that even the smallest act of compassion can have a large impact.

We believe that every moment matters. We believe in compassionate care. Most of all, we believe in dignity and respect for each patient we serve. Maybe that's why so many families believe in us when it comes to choosing a hospice provider.

Alamo Drafthouse Cinema begins construction in Denton

HODGES

Alamo Drafthouse Cinema -- Rayzor Ranch, Denton, Texas

16067-01, 01-13-2017

ALAMO
DRAFHOUTHOUSE CINEMA

The fifth Alamo Drafthouse location in North Texas has begun construction in Denton, located in the Rayzor Ranch development along Interstate 35. Alamo Drafthouse Denton is an 8-screen full service theater with approximately 925 luxury recliners and an attached full service bar and restaurant, Vatted Well, with 32 local beers on tap.

The theater is expected to open in June 2018.

"Denton has been a market we wanted Alamo Drafthouse to locate for a very long time. Planning this project has been a lot of fun, especially since so many of our team are UNT alumni. We cannot wait to give Denton the best movie experience possible and look forward to many great local partnerships," said Alamo Drafthouse DFW Chief Operations Officer Bill DiGaetano.

Alamo Drafthouse Denton's 8 theaters will showcase new releases, special events, and the company's unique take

on repertory programming. Each theater will be equipped with digital 4K projection and dynamic surround sound, and outfitted with luxury recliners that are equipped with footrest ensuring every seat in the house offers a comfortable viewing experience. Alamo Drafthouse Denton will also feature a Large Format Theater showcasing the best presentation available today, which includes Dolby's Atmos sound system.

Continuing the company's commitment to preserving 35mm, Alamo Drafthouse Denton will also feature 35mm changeover projection so that both classic films and new releases can be experienced in glorious celluloid. Alamo Drafthouse Denton will also present the company's signature programming, like Movie Party celebrations of classic favorites (Elf, Princess Bride, Ghostbusters), deep dives into hardcore cinephilia via the Video Vortex, and family-friendly choices like Kids Camp, and low-cost screenings that raise

money for local nonprofits and schools.

The theater is now hiring: As it nears its opening date, Alamo Drafthouse Denton will be hiring for approximately 120 positions, largely from the surrounding neighborhoods. To apply or to learn more, please visit: <https://drafthouse.com/dfw/careers>

Founded in 1997, Alamo Drafthouse has been heralded for unique programming events and high exhibition standards, earning accolades including "Best Theater Ever" (Time Magazine) and "The Coolest Theater in the World" (Wired). Alamo provides a unique combination of theater and restaurant, showing first-run movies, independent films and special events with an extensive menu made from scratch. Guests order all food and drinks from servers who quietly attend to them throughout the movie from inside the theater.

New Chamber Officers and Board to address major goals

Denton Chamber of Commerce Board Chair-Elect **Erik Clark** has tentatively named his Executive Committee, including division officers, for the program year beginning April 1, 2018. All officer and committee chair appointments, along with major program initiatives, will be submitted to the chamber's full board for final approval on March 15.

Former City Council Member and local commercial real estate advisor **Greg Johnson** will serve as Vice Chair of the Board, heading the chamber's Economic Development Division.

Amanda Oringderff, with First United Bank, will shift from Economic Development to the Special Initiatives Division.

Monica Glenn, with The Helm Hotels Group, will oversee the chamber's Government Relations Division. She had previously served as head of Special Initiatives.

Rick Wick, with Classic Chrysler, Jeep, Dodge, Mazda, will continue as Vice Board Chair in charge of the Membership Development Division.

The full board will hold its annual program planning retreat on Friday, February 2. Two key carryover goals from the 2017-18 Chamber Year are to pursue a "re-purpose" of the existing chamber building and enhance support for the proposed North Texas Expo Center.

Housekeeping objectives to be considered by the board will include developing criteria for a new Denton Radio.Com Advisory Board, and clarifying roles and representation for the Convention & Visitor Bureau Advisory Board.

Any interested chamber members are invited to participate in the annual planning retreat. Please confirm attendance, 940-382-9693, in order to help with space and arrangements.

Smart side-hustles: 11 innovative ways to make money online

“Online work” used to mean “money grabbing scam.” You might find a job selling things online for a commission or writing blogs for money, but these rarely provided a living wage, or even enough spare change to justify the time commitment.

Times have changed. The internet has finally become profitable not just for start-up entrepreneurs in Silicon Valley, but for regular people with everyday skills.

You don’t have to build your own website or incorporate a business (although these things certainly help.) You can en-

roll in a ready-made network and ply your trade among similar-minded craftspeople.

What are these services? How can you sign up? Here’s a list of side-gigs to get your hustle on.

Stock photography: You’re an ace with a camera. You capture eye-catching images, and you know how to set the scene. You can turn that skill into online income by listing your images on stock-photography sites like Shutterstock and Adobe Stock.

You receive a royalty when customers purchase the right to use your work. These sites are always looking for a variety of images, whether it’s lavish food photography or eye-catching scenes of natural beauty.

These services don’t want pretty snapshots. Sellable stock photos are professionally shot and edited, and they often require certain file formats. Review the companies’ requirements carefully before uploading.

• **Swagbucks:** You already watch plenty of videos online, so why not make a little extra money while you’re doing it? Swagbucks is a site that rewards its users with gift cards for taking surveys, watching certain videos, or conducting web searches

with its search engine. You earn points by participating in Swagbucks activities and you can then redeem those points for gift cards or cash back from PayPal.

• **SpeakWrite:** Do you have blazing fast typing fingers? Online transcription company SpeakWrite hires independent contractors and lets them set their own hours and work from home. SpeakWrite says its typists on average earn around \$300 per month, while the top earners pull in over \$3,000. You must first pass a typing test that judges you for speed and accuracy and requires you to have some previous experience in transcription and word processing.

• **Society6:** Artists and designers upload their original work to Society6, which then prints the images onto a variety of products. Society6 offers an incredible range: T-shirts, pillows, wall hangings, duvet covers and iPhone cases, among countless others. Society6 handles all the fulfillment; artists can focus on their designs and receive a commission on anything sold. It’s a little like Etsy, but you don’t have to deal with physically creating or shipping your work.

• **Mechanical Turk:** Amazon describes its Mechanical Turk service as a “marketplace for work.” When you sign up as a worker, you can then choose which tasks to complete. Those tasks might involve translating text from one language into another, rating search results, determining if a website is suitable for an audience, correcting spelling, or pulling usable information from images. In general, the tasks don’t pay a lot, but they also don’t usually take much time.

• **TaskRabbit:** TaskRabbit lets people post simple jobs like furniture assembly, home cleaning, grocery shopping or moving help. You can sign up as a “Tasker” and make money completing those tasks. With its new options, tasks can be confirmed in five minutes and completed within 90 minutes. Not only is that good for users in a time crunch, but it also gives Taskers more opportunities to work throughout the day.

• **Homepolish:** Whether you’re a seasoned interior designer or just starting out, Homepolish gives you the freedom of being an independent contractor, but you get access to Homepolish’s network of clients, support, and advice.

• **Zeel:** Massage therapy is a rewarding field, but starting out is tough. You have to build a client list or find a job at a massage center. That’s where Zeel is looking to change things. The app lets clients connect with massage therapists for same-day massages in their homes.

As the massage therapist, you receive a notification when someone nearby wants an appointment. Zeel says that massage therapists get a 75-percent cut of each payment, plus it automatically handles fees for late cancellations. For safety, Zeel says it has an ID verification system on the client side, and massage therapists can rate clients, so problematic ones get weeded out. It’s currently available in over 50 cities.

• **UserTesting:** UserTesting hires contractors to try out websites and provide feedback through videos. Companies use this as a way to see how well their sites work and test new re-designs. Workers typically get paid \$10 per test. Some testers report that opportunities can be sporadic and competitive. But as a recurring gig, UserTesting can be a real boon for people who are already online.

• **Pack and ship packages:** If you’re a packing whiz and like to drive, Shyp might be a good fit for you. When customers have something to ship, they can summon a Courier (you) through the Shyp app. The Courier shows up within 20 minutes, packs the item with the appropriate materials and takes it off to ship with the lowest priced carrier. Shyp is designed to take the hassle out of selling on eBay, sending gifts, and returning online purchases.

• **Be a modern-day butler:** Unless you’re a rich aristocrat, you probably never thought you could have a butler. Hello Alfred wants to bring butlers (or Alfred Client Managers, as they’re officially known) to the regular households. For \$32 a week, clients can claim one butler-like visit for tidying up and grocery shopping. Clients can arrange more visits per week or pay extra on a per-item basis for picking up special food items, dry cleaning, shipping items and other errands. If you’re interested in being an “Alfred,” you can earn up to \$25 an hour.

JAMES WOOD AUTO DONATES OFFICE SUPPLIES TO SERVE DENTON

James Wood Auto recently organized an office supplies drive with their employees to stock up the new Serve Denton Center. They donated many different items from coffee and water bottles to toilet paper, paper towels, pens and printer paper.

James Wood Auto's office supplies vendor, CPI One Point, also contributed to the drive by donating boxes full of binders, folders, pens, calculators and more. When James Wood Auto and CPI One Point presented these items to Serve Denton, the three organizations had a Thanksgiving Feast together to celebrate the partnership.

Target donates \$10,270 to three local non-profits

Serve Denton, Giving Hope, Inc. and Explorium received a combined Target grant in December 2017 for \$10,270.

A portion of this grant will go toward purchasing furniture for the classroom and conference room in the new Serve Denton Center. Serve Denton's partner agencies will be able to use this space to hold programs, classes, board meetings, coalition meetings and more. Another portion of the grant will go toward purchasing furniture for the party room in Explorium's new children's museum. The final portion of the grant will go toward replacing the flooring in Giving Hope, Inc.'s office.

"Dealing with housing instability can be demoralizing, so we want to make sure clients come into a warm and welcoming environment," said Giving Hope Inc. Executive Director Tyheshia Scott. "Having the new flooring will complete this picture. It's huge."

Target and community volunteers helped assemble furniture and replace the flooring on Saturday, January 13, for MLK Day of Service, in honor of Martin Luther King Jr. Day.

"Thanks to a proposal submitted by Serve Denton on its (Explorium's) behalf, Explorium volunteers began purchasing and assembling some of the first furnishings for this project," said Explorium Denton Executive Director Anyah Martinez. "Board members and staff are thankful for the collaborative efforts put forth for this project."

The projected opening for Explorium is Spring of 2018.

For more information about Serve Denton, email Executive Director Carlie Kuban at ckuban@servedenton.org or visit www.servedenton.org. Business Owners' New Year's Insurance Resolutions

It's a New Year ... and we hope your New Year's Resolutions and Goals work for you and increase your business.

But also do any of these goals result in insurance change needs?

- New properties or locations; find out what the premium estimates are for these additions before you make the change.

- What will you charge for rent be during the coming year? This generally does not get updated as much as needed.

- What will your payroll be for the coming year? Workers compensation plans have premiums based on payroll. Know your rates so you can check your premiums

- Will you be adding any vehicles or different types of vehicles? Get an estimate before buying.

- Will you be buying outside of your trade area or state? These differences can result in larger changes on your insurance and may require licensing requirements from your insurance agent or carrier.

- Will you be substantially changing the scope of your type of business? Your insurance may not automatically cover these changes.

Did anything change in your business that will affect your insurance?

Will your building values change or need to be updated?

As your business grows you may need a review of your limits of liability? You maybe need to consider getting an umbrella policy.

- Is your health insurance adaptable with your business growth?

Ramey King Insurance welcomes the opportunity to help your business grow and make sure the coverages grow with you. Business owners need to make sure everything is covered. Assistance is available via phone at 1-800-453-9691, or you can visit us in person at 320 Eagle Dr. in Denton for professional help with any and all insurance matters. Visit our website at rameyking.com.
