"100 Years Strong" - Margaret Frances Takach McGraw

She's a shining light at Red Bird Manor Assisted Living in Sanger

Margaret Frances Takach McGraw

"100 Years Strong" is a great title for Margaret Frances Takach McGraw, as she is an amazing, resilient and very strong lady. She turned the calendar on September 9, 2020 to celebrate her 100th Birthday! She has been a resident at Red Bird Manor Assisted Living in Sanger for the last four years.

Margaret has been the oldest resident from the time she moved into Red Bird. She has made a lot of friends there and has enjoyed building those relationships with the residents as well as the staff. "It has been like a second home to me also as they have always been open to me spending as much time with her as we have wanted," said her daughter Evelyn Thorpe, who lives in Denton.

"I was so excited and happy last year to celebrate her 99th birthday and joyfully my family are now planning this event for her 100th year Birthday celebration. My mom has the best attitude

and outlook about age of anyone I have ever known. Her words many times to me have been, 'age is just a number'," said Evelyn. Margaret's family celebrated her birthday this week at the home of Evelyn's son and daughter in law, so she could see many of her family.

Margaret Frances Takach was born on September 9, 1920 in Mingo Jct., Ohio. She was raised there with her parents and two brothers. Margaret's mother, Mary, was born in Czechoslovakia and she came to America in 1912 at the age of 9 years old along with Mary's mother. Margaret's grandfather came to America ahead of them and found work in the steel mill factory in Steubenville, Ohio. Margaret's dad worked for the Pennsylvania Railroad and lived in Mingo Jct., Ohio where he met Mary. All of their relatives lived in the Mingo Jct./Steubenville area, as well.

Margaret's cheerful heart and

positive attitude began early on in her childhood. She was very happy kid. She and her brothers were raised during the Depression Era. When the Depression hit America, Margaret was 9 years old and she did not understand what that meant. She said that her family was always thankful for having food on the table, as that was not the case for everyone.

Margaret tells this story about her dad during the Depression on his job at the Railroad. Daily, he would see poor people on his route who had no heat for their families. These people waited for the train with their boxes, wagons and sacks. Her dad would go on top of the coal car and throw coal down for them. The train engineer would stop the train while he would throw lumps of coal down to them.

Margaret said, "I am sure God remembered this when my dad went to heaven."

Daniel Lee Davis

February 21, 1941 - September 2, 2020

Daniel Lee Davis, 79 of Sanger, passed away on Wednesday, September 2, 2020 surrounded by loved ones. He was born in Denton, Texas on February 21, 1941 to Otis Leroy and Ola Faye (McBride) Davis.

He married Patsy Ann White on June 7, 1959 in Oklahoma. He owned Dan Davis Excavating for over 30 years. He was known to some as Dangerous Dan the Dozer Man and/or Dozer Dan. He knew how to work a machine. He could tell you what was wrong with your car, truck or equipment just by listening to it and tell you how to fix it. He was a man that if you needed anything he was there to help. He enjoyed Team Penning and wished he had done more. He enjoyed Trail Riding. He especially liked the fact that Patsy could drive the wagon and handle a team of mules. Him and Patsy had many parties at the old place in Denton. Where their friends and family could come and have a few drinks and dance. It became fondly known as Dan's Danceland. He loved to be around

friends. He thought it was something that his twin granddaughters shared his birthday with him and his twin brother. They celebrated many birthdays together.

Daniel is survived by his wife Patsy Ann Davis, his daughters, Cheryl L. McInerney husband Michael P., Christina F. Howard husband Richard Ray (Dickie), brother, Donald Ray Davis, 5 granddaughters, Jaclyn LeAnn Daniels, Jillian Grace Daniels, Taylor Lynn McInerney, Drew Michael McInerney and Kember Shea Prater.

He was preceded in death by his parents, Otis and Ola Davis, sister, Joy Lou Henrie and brother, Jackie Wayne Davis.

Visitation was held Monday, September 7, 2020 from 6:00 pm to 8:00 pm at the North Texas Church of Christ in North Lake, TX.

Funeral Services were held at 10:00 am on Tuesday, September 8, 2020 at the North Texas Church of Christ in North Lake, TX. Rev. Buddy Owens officiated. Joyce Mae Atkinson

June 9, 1932 - September 3, 2020

Joyce Mae (Wooten) Atkinson, 88, of Denton, passed away Thursday, September 3, 2020 at Presbyterian Hospital of Denton. She was born in the Gribble Springs Community on June 9, 1932 to Connie and Essie (Barry) Harris. Joyce loved to ride horses, was her daddy's girl, didn't care to wear dresses or shoes when she was little, was loving and kind and never met a stranger. Joyce married the love of her life, Chester Wooten, February 9, 1953. Together they were blessed with three boys, Terry, Tommy and Tracy, whom they cherished. Many years of love and laughter were shared until such time that Chester succumbed to his battle with Leukemia and he preceded Joyce in death April 28, 1979. Joyce retired from the Circulation Department of the Denton Record Chronicle in 1997, after 33 years of employment. Working for the Chronicle, she again, met so many people which was the aspect of her job she truly enjoyed. People who needed anything at the Chronicle would seek her out over others, not only for her knowledge, but her friendliness. Joyce married Franklin Atkinson in 1989. Joyce enjoyed traveling and camping with her family and friends over many years. She was an active member of the Highland Baptist Church.

The family was at DeBerry Funeral Directors on Monday, September 7, 2020 from 3-5:00 p.m. for visitation. A funeral service was held at 11:00 a.m. on Tuesday, September 8, 2020 at the Highland Baptist Church with Rev. Brandon McCarroll officiating. Burial followed at the Walling Cemetery in Cooke County.

Joyce is survived by sons Terry Wooten and wife Linda, Tommy Wooten and wife Darla, Tracy Wooten and wife Jill, Dru Atkinson and wife Gina, Alan Atkinson and wife Brenda, grandchildren Kelly Wooten, Cassie Longoria (Daniel), Katie Holley (Matt), Cody Wooten, Hayden Wooten, Sara Wooten, Matthew Wooten, Michelle Atkinson, Nicole Atkinson, Ryan Atkinson (Lauren), Amanda Carney (Chris) and Erin Berry (Curtis), 19 great-grandchildren and one great-grandchild.

She was preceded in death by her parents Connie and Essie Harris, her late husband Chester Wooten, her sisters Marie Felts, Doris Teel and Dorothy (Dot) Giles, and husband Franklin Atkinson.

In lieu of flowers, please feel free to make donations to Joyce's favorite charity, St. Jude's.

Hatfield obit

(Continued from pg. 2)

granddaughter, Jennifer; grandson, Grant; great grandsons, Ethan, Ephram and Evan; nieces and nephews; and great nieces and nephew.

Bill was an avid fan of the Oklahoma Sooners, Dallas Cowboys, Dallas Mavericks and Texas Rangers. He played football for Oklahoma and loved regaling everyone with stories of playing for Bud Wilkinson. He loved Gayle with all his heart and would always do whatever made her happy. He could never tell her "no." He was proud of all his animals. He loved riding his horses and giving Yodi his last bite of food. He loved playing guitar and singing. He tried to teach Brooke how to sing and failed miserably at that, but they had the best times singing to each other. He loved spending time with Craig and Jan, talking about it for days after they went back home. He loved that his grandson played guitar and would brag about how wonderfully Grant played. He loved that he was a great grandpa and said Jennifer was a great 'boy' mom. Bill never met a stranger.

Denton County OPEN grants total \$35.1 million

Denton County Commissioners Court announced that 1,215 businesses across Denton County would receive grants totaling \$32 million for a grand total of \$35.1 million in federal funds earmarked in two phases to support the local economy.

In Phase II of Denton County OPEN, for-profit businesses headquartered and located in Denton County with 100 or fewer employees were eligible to apply. The amount each business received was based on the documented negative financial impact of COVID-19 between March 1, 2020 and June 20, 2020.

Of the 1,215 recipients in Phase II, 47 percent employ between 1 to 4 people while 21 percent employ 5 to 9 people. A total of 12 grants were awarded for companies with 50 to 99 employees. In Denton County, around 95.6 percent of all businesses employ fewer than 50 employees.

The Phase II grants reached across Denton County with 22.62 percent in Precinct 1, 17.05 percent in Precinct 2, 30.72 percent in Precinct 3 and 29.62 percent in Precinct 4.

In Phase I, Denton County awarded \$3.09 million to 451 businesses, averaging an estimated \$6,872. Around 23.5 percent of the first phase of grants were awarded to businesses in Precinct 1, 16.85 percent in Precinct 2, 29.27 percent in Precinct 3 and 30.38 percent in Precinct 4.

The total of \$35.1 million for both Phase I and Phase II of the Denton County OPEN business grants is a portion of the stimulus money Denton County received from the U.S. Department of the Treasury under the Coronavirus Aid, Relief, and Economic Security Act also known as the "CARES Act."

Through the two phases, Denton County will have re-invested an average of \$25,357 into 1,385 businesses. An estimated 10,401 jobs are expected to be supported through the grants.

In comparison, Tarrant County earmarked \$30 million for business grants and Dallas County earmarked \$5 million. Travis County set aside \$9 million for business grants while Bexar County awarded \$11.75 million for businesses.

Work to begin soon to elevate Shady Shores Road

Denton County Commissioners Court approved a professional services agreement with Half Associates for engineering services for the Shady Shores Road project from Swisher Road to West Shady Shores Road.

The \$698,330 contract will include preliminary engineering services for schematic design, environmental studies, sur-

veying and coordination with stakeholders and the U.S. Army Corps of Engineers for the two-mile stretch that runs north and south on the western edge of Lake Lewisville.

The road will be designed as a two-lane roadway with conceptual designs configured to raise Shady Shores Road at three low points. The road is owned in portions by three entities including Denton County, the Town of Shady Shores and the City of Lake Dallas.

Last year, Shady Shores and Lake Dallas officials agreed to cover \$1.4 million of the cost for engineering the project in Denton County Precincts 1 and 3. Denton County will fund \$4 million with \$10 million anticipated through the North Central Texas Council of Governments to pay for approximately \$14.4 million in construction costs. A kickoff meeting between the entities and the engineer will be scheduled soon.

This project is necessary to ensure that flooding of the road does not continue each time we have heavy rains. The Commissioners Court believes that raising the road to a higher level will reduce the potential for flooding on that section of Shady Shores Road.

County launches project to feed local residents with produce from local, regional growers

Denton County food pantries are receiving fresh fruits and vegetables as part of a new project launched by the Denton County Commissioners Court.

The project, "Feeding Denton County," involves a local grower working with other farms in the area to provide a variety of produce carefully packed in 25-lb. boxes and delivered directly to local food pantries each week.

The Commissioners Court approved an agreement with Denton Creek Farm Inc. to provide up to 3,000 boxes per week at a cost of \$37 per box now through Dec. 30, 2020. The Court had earlier earmarked \$10 million of the \$147 million received by Denton County from the U.S. Department of the Treasury as part of the Coronavirus Aid, Relief, and Economic Security Act to ensure all food needs across Denton County were covered.

Keith and Cassandra Copp, owners of Denton Creek Farm, purchase produce from local and regional growers when it is available as well as from farms around the U.S. as needed to create a box with between 10 to 13 different varieties of fruits and vegetables.

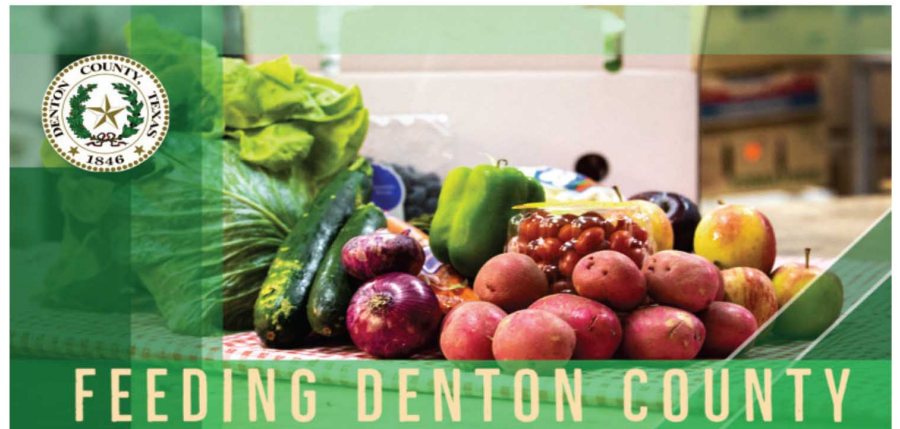

Local non-profit food pantries and pantries at churches are welcome to contact Denton County at 940-349-4672 to learn more about the program

Indians offense rolls

Sanger beat a formidable team last week in Lake Worth 49-35. The Bullfrogs beat McGregor in week one 47-43 and McGregor played 2A defending state champion last week very tough, losing 43-33. It was the Fox 4 High School Game of The Week. And Sanger didn't disappoint.

Sanger running back Tallyn Welborn once again proved to be an unstoppable battering ram while racking up 259 rushing yards and three touchdowns, and Rylan Smart threw for 235 yards and accounted for four more scores as the Indians showed they can score with the best of them in a 49-35 win over Lake Worth.

Sanger built a 20-0 lead after the first 12 minutes but quickly found itself in a back-and-forth slugfest. Lake Worth's high-octane offense kept the game in doubt and was borderline unstoppable. Bullfrogs quarterback Caleb Welch threw for 414 yards and four touchdowns. Three of those scores went to Mark Fulkerson, who racked up 235 receiving yards.

Fulkerson's touchdown receptions went for 60, 12 and 55 yards, respectively.

Both teams combined for 1,004 yards. Besides his punishing ground game, Welborn also added five catches for 91 yards. Rylan Smart threw for two touchdowns and also added two on the ground. Zach Shepard caught seven passes for 123 yards and two scores.

The difference was a crucial sequence of plays early in the third quarter that went Sanger's way.

Lake Worth then muffed the ensuing kickoff, giving Sanger's offense a chance to get right back on the field. Welborn capped that drive with an 11-yard touchdown run, his third of the night, to extend his team's lead to 42-21.

The cushion was just enough to outgun the Bullfrogs, who added two more touchdowns to trim the deficit back to seven points with 8:47 to play. But Sanger wasn't going to be denied. Smart guided his team right back down the field, and with Welborn sidelined, took a keeper in for a 24-yard touchdown. That score gave Sanger a 49-35 lead with 5:20 to play.

Sanger travels to Howe on Friday. The Bulldogs lost to Callisburg 48-8 in week 1 and toe Bells 47-24 last week.

Margaret celebrates her 100th birthday with her family at Evelyn's son and daughter in law's home in Denton. Margaret lives at Red Bird Manor Assisted Living in Sanger.

100th birthday

(Continued from pg. 1)

Times were really hard for families, however when Margaret shares stories of these days, she says that life was very good living there and that there were not any rich people. They were all equal. Their lives were simple as kids and they did not have much like children do today. Families did not have TV or radios so they enjoyed outside activities as well as playing games. She said no matter how poor they were her mom always found the money to buy toys for her and her brothers. The winters brought snow and they would spend all day sledding and building snowmen.

Margaret went to a catholic school and the family faithfully attended church every Sunday. She loved school and loved to read. Her love for reading continued through her life as she was an avid reader. She also loved doing crossword puzzles. "I believe she has had a strong mind and memory due to her continued interest in crossword puzzles," said Evelyn.

the beauty and reverence of Christmas. She would start in October on this amazing project. The local newspaper wrote and published an article about her Christmas decorating and came to the house to take pictures, as well. Margaret always had a Christmas Village scene that she built with replica houses and the beautiful various winter scenes. All the houses had a light inside that made you feel like you were right there.

"My parents located in various cities in Ohio due to my dad's work," said Evelyn. "We then moved to Dunkirk, Indiana in 1960 which led my mom to work for Kerr Glass Factory as an inspector where she retired after 30 years."

She loved her job there not only because of the job security but she had countless friends who became lifetime friends. She was loved by all as she had an amazing sense of humor and kept the joyful environment alive. The co-workers and Margaret would celebrate all the holidays there during

their individual shifts.. they were like a family.

The factory could be an intense environment due to the extreme cold in the winter months and the blazing heat in the summer. Margaret's attitude, work ethic and integrity did shine through to her employers and her fellow workers and friends. She has always had the gift of making others laugh and still does.

She worked a rotation of three different shifts and that was a struggle many days but she persevered and it never took away from how she took care of her family and her home duties. She always made sure her family had cooked meals and even when she worked the night shift, she would come home and start breakfast early that morning for her family.

Most importantly, Margaret has always had a strong faith in God. "She is very strong in her prayer life and I am so thankful for those prayers that carried me through so many difficult journeys in my own life," said Evelyn.

"I will always remember the mental picture I have of mom as I was get-

ting ready to drive to my first job as a young high school graduate. In the summer months the 20 mile drive was easy, but in the winter months it was difficult with all the snow and icy conditions. Mom would always be standing in the cold in our driveway and praying for my safe trip to work. Through her hardest of times in life as well, she has never abandoned her faith."

Margaret's parents both died at an early age, her dad at 39 and her mother at 55. Her youngest brother was in

the Army and was killed during WWII at the age of 18. Her oldest brother lived to be 92.

Margaret's story now continues with her transition from Indiana to Texas. She wanted to live closer to her family and have more time with all of them. They were delighted to have her near them.

"We were fortunate to find her new home four years ago at Red Bird Manor Assisted Living. They welcomed her and provided for her needs and it soon became 'home' for mom. We knew that making a change at her age could be challenging, however, Red Bird has been a great home for mom and she has thrived there. I am thankful for the care she has had and continues to receive," said

Evelyn.

"There is so much to be said of my mom. Her loving ways of living for others day by day is so evident in her life. She is generous, thoughtful and kind. She has the gift of giving that comes straight from then heart which I admire so much."

Margaret has a long heritage of children, grandchildren, great grandchildren and great great grandchildren whose lives have been very blessed because she has impacted all of them in so many ways. "Thank you mom for giving us so much beyond measure. We are eternally grateful to God for you and for your beautiful life. We love You!!! Your Family....."

Margaret in 1946

When Margaret's oldest brother Eddie was about 14 her parents bought him a guitar. Of course, they had to save their money a really long time for this. Soon, Eddie and his friends formed a band. One of the boys played a mandolin, another played the guitar and one played the violin. They all taught themselves to play their instruments. Margaret became their singer. They entertained the firemen at the fire station and the policemen at the police station. They also played at weddings for friends. They did not have cars to drive but Margaret's dad would drive them to their events in his car that the kids called "Tin Lizzie".

Margaret's favorite holiday as a child was Christmas and still is to this day. She has always gone way out in decorating every room of her home so beautifully. It seemed she never missed any area of her home without some remembrance of
